TENNESSEE DEPARTMENT OF REVENUE
Multi-County Zone Authorization Form

Vehicle Services Division
500 Deaderick Street
Nashville, TN 37242

Application is hereby made for authorization to register trucks/truck tractors in the County Use (Multi-County Zone) classification in accordance with T.C.A. § 55-4-113(7). All vehicles operating on the interstate system **must** comply with individual axle limitations and applicable bridge law axle spacing. Listed below is the equipment to be so registered:

Make	Year	VIN	Address of Base	County

AFFIDAVIT

I hereby certify to my understanding that vehicles registered in the Multi-County Use classification may be legally operated in accordance with the following, and any violation of the following will result in the requirement that the vehicle be reregistered and licensed in another class, and/or subject to a court citation for violation of the appropriate section of the Tennessee Code.

A. Vehicles registered in the County Use (Multi-County Zone) classification **may be**:
   1. Operated on an unrestricted basis within the base county; however, statutory axle and gross weight limitations must be observed.
   2. Operated on movements **from** the base county **to** those counties physically adjoining the base county for the purpose of delivering freight, goods, or other cargo to a final destination in the adjoining county.
   3. Operated **from** a county physically adjoining the base county **to** any point in the base county.

B. Vehicles registered in the County Use (Multi-County Zone) classification **may not** be operated as follows:
   1. Freight, good, or other cargo **may not** be transported from a point in an adjoining county to another point in that same adjoining county.
   2. Freight, goods, or other cargo **may not** be transported from a point in one adjoining county to a delivery point in another adjoining county.
   3. A vehicle registered in the County Use classification **may not** be transferred to a different base county during the current registration year. Such a move will require that the vehicle be re-registered in the Private (P), Public (H), or other appropriate classification.
   4. County Use registered vehicles **may not** be operated outside the authorized zone, either empty or loaded. Such operation will result in the requirement that such a vehicle be registered in one of the normal categories.

Under penalties of perjury, I further certify that I have read and understand the privileges and limitations imposed as a result of the use of County Use (Multi-County Zone) registration(s) on my vehicle(s).
