STATE OF TENNESSEE

COUNTY OF ROBERTSON

TERM NOVEMBER 17, 2014 REGULAR SESSION

Be it remembered that the Board of Commissioners of Robertson County, Tennessee met in open public session at the Robertson County Juvenile Courtroom in Springfield, Tennessee on the 17th day of November 2014 at 7:00 PM.

County Mayor, Howard R. Bradley, called the meeting to order. County Clerk, Susan K. Atchley, was present also.

The invocation was given by Commissioner James Bowens. The pledge to the flag followed.

A roll call was taken and the following County Commissioners were present to-wit: Adcock, Baggett, Bowens, Brown, Couts, Dorris, Dugger, Eden, Ellis, Farmer, Glover, Gregory, Haley, Hogan, Hoover, Jackson, Bill Moore, Stacy Moore, Roberts, Spears, Stroud, Vogle and Wilson. Commissioner Stubblefield was absent.

MINUTES OF PREVIOUS MEETING

On motion by Commissioner Baggett and second by Commissioner Roberts the minutes of the previous meeting were approved treated same as read, made a matter of record, and filed. The motion was approved by voice vote.

COMMUNICATIONS FROM COUNTY MAYOR

Mayor Bradley entertained a motion to make Dan Riley, Veterans Director, a member of this body. Commissioner Dugger made motion to make Dan Riley, Veterans Director, a member of this body and second by Commissioner Wilson. Motion approved by voice vote. Riley spoke of various services for Veterans that was offered at his office in the Greenbrier City Hall. Mr. Riley offered his contact number of 358-1304 for any veteran who might be in need of his service.

County Mayor Bradley told of a letter dated October 8, 2014, from the State of Tennessee Comptroller of the Treasury, Office of State and Local Finance stating this letter acknowledges receipt of a request for approval to issue a Tax and Revenue Anticipation Note (TRAN) for the School Fund in the amount of $2,400,000. The letter also constitutes approval by the Office of State and Local Finance for the issuance of the following TRAN: $2,400,000 School Fund Interfund Tax and Revenue Anticipation Notes, Series 2014, issued by Interfund loan from the Debt Service Fund.
Approval is conditioned upon agreement with the following six (6) terms by the County Board of Commissioners as listed in the letter dated October 8, 2014 from the State.
The first agreement states: A copy of this letter shall be provided to all the members of the County Commission, be presented at the next meeting of the County Commission and

be entered in the minutes of the meeting.
The other five agreements state the following: (1) Compliance with TCA Title 9, Chapter 21 law and shall provide the State verifiable documentation of compliance for FY 2015, (2) Use Tax and Revenue Anticipation Note Form complies with State requirements as its loan document, (3) Report execution of TRAN and the amounts within 45 days of issuance on Form CT-0253 to the State, (4) Maintenance of a balanced budget with no cash deficits and have sufficient revenues to pay operating and debt service costs during FY 2015, and (5) Repayment of the TRAN shall be no later than June 30, 2015. The Finance Director will meet these five agreements.

Bradley announced the upcoming events: Christmas on the Square, November 22, 2014 with the parade starting at 2:00pm, Adams Christmas Parade, November 29, 2014 at 4:00pm. He also told that The Metropolitan Planning Organization will have their regional meeting on November 18, 2014, at Highland Crest College Campus. He encouraged all to attend. Bradley invited all to attend a farewell celebration for Martha Wilkerson, Planning and Zoning Director. He encouraged all to drop by November 18, 2014, from 2:00 – 5:00 PM at the Planning Office. Robertson County is having a coat drive for those in need. Collection bins are located at the Courthouse, the Robertson County Office Building, YMCA, Southside Drugs, and the Center. For further information contact Chief of Staff, Jodi Ballard at the Mayor's Office.

REPORTS

The following reports were received, filed and approved by voice vote on motion by Commissioner Brown and second by Commissioner Gregory: Highway, Animal Control, Trustee, Financial, Annual Financial, Planning and Zoning, Fire Service, Solid Waste, Library, and Emergency Management Agency.

Resolution No. 111714113

A RESOLUTION TO REZONE A TRACT OF LAND
FROM **"AG-2" (Agricultural/Residential District) to**
"R-40" (Low Density Residential District)

Mr. J. Keith Choate

WHEREAS, Mr. J. Keith Choate requests to rezone ***.93* acres** of land located on Cross Plains Road, 11th Civil District (8th Voting District), for residential development, and,

WHEREAS, the Robertson County Planning Commission has evaluated and recommends approval of this request;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY COMMISSION OF ROBERTSON COUNTY, TENNESSEE that **.93 acres** of land owned by **Mr. J. Keith Choate** is hereby rezoned from **"AG-2" (Agricultural/Residential District) to "R-40" (Low Density Residential District)**, and the Robertson County Zoning Atlas shall be so designated, said property described as follows:

Beginning at an iron pin (new), in the easterly margin of Cross Plains Road, said iron pin being located from an iron pin (old), in the easterly margin of Cross Plains Road, the northwest corner of a tract of land which belongs to Brian K. Padgett, having a deed reference in Record Book 1256, Page 195, RORCT, N 05°12'48" E, 13.79 feet; thence, N 03°02'05" E, 65.01 feet; thence, S 84°44'10" E, 10.03 feet, **to the point of beginning,** the southwest corner of this tract, and continuing with the easterly margin of Cross Plains Road, as follows: with a curve to the left, having a radius of 865.00 feet, an arc distance of 26.92 feet, and a chord bearing and distance of N 00°00'55" E, 26.92 feet to an iron pin (new); thence, N 00°52'35" W, 137.20 feet to an iron pin (new), in the easterly margin of Cross Plains Road; thence with a curve to the right, having a radius of 25.00 feet, an arc distance of 43.01 feet, and a chord bearing and distance of N 48°24'27" E, 37.90 feet to an iron pin (new), in the southerly margin of Boyles Road; thence with the southerly margin of Boyles Road, as follows: S 82°18'32" E, 120.15 feet to an iron pin (new); thence with a curve to the left, having a radius of 343.00 feet, an arc distance of 72.55 feet, and a chord bearing and distance of S 88°22'08" E, 72.42 feet to an iron pin (new), in the southerly margin of Boyles Road; thence with a new line, as follows: S 02°22'40" W, 190.61 feet to an iron pin (new); thence, N 84°44'10" W, 210.69 feet, to the point of beginning, containing **0.93 acres.**

This resolution shall be in force immediately after its passage the public welfare demanding it.

Approved and adopted by the Board of County Commissioners.

RESOLUTION NO. 111714116
HIGHWAY DEPARTMENT RESOLUTION NO. 14-217-11

RESOLUTION ADOPTING OFFICIAL 2015 ROAD MAP FOR ROBERTSON COUNTY, TENNESSEE

WHEREAS, Tennessee Code Annotated, Section 54-10-103, so requires the Highway Superintendent to keep and maintain an up-to-date list of roads to be maintained by the Robertson County Highway Department; and

WHEREAS, it becomes necessary to create an up-to-date map of such list of roads for maintenance, emergency services, and public identification. The Robertson County Highway Department and the Regional Planning Commission do hereby submit such an Official County Road Map to the Robertson County Board of Commissioners; and

WHEREAS, such map shall be labeled the Official Robertson County Road Map as of January 1, 2015, and shall carry the notarized signatures of Delvin Hester, Robertson County Highway Superintendent; Martha Wilkinson, Planning Director; and Howard R. Bradley, County Mayor; and

WHEREAS, the Robertson County Highway Commission met in regular session this 23rd day of October, 2014, voted and agreed to adopt said map for Robertson County, Tennessee; and

WHEREAS, the Robertson County Planning Commission met in regular session the 6th day of November, 2014, voted and agreed to adopt said map for Robertson County, Tennessee.

NOW, THEREFORE BE IT RESOLVED by the Board of County Commissioners of Robertson County, Tennessee assembled in regular session on this 17th day of November, 2014, that said map now become the Official County Road Map for Robertson County, Tennessee and be placed on display in the Highway Office, Planning Commission Office, and the Office of the County Court Clerk.

BE IT FURTHER RESOLVED that this Resolution shall take effect immediately upon passage, the public welfare requiring it.

Pass this the 17th day of November, 2014.

RESOLUTION NO. 1117117

RESOLUTION TO DECLARE SURPLUS PROPERTY

WHEREAS, Robertson County, Tennessee, is the owner of equipment listed on Exhibit "A" attached hereto; and

WHEREAS, this equipment is no longer used by the Robertson County Clerk's Office, and it is requested that the Robertson County Commission declare this property surplus as provided by Tennessee Code Annotated; and

NOW, THEREFORE, BE IT RESOLVED by the Robertson County Commission, meeting in regular session this the 17th day of November, 2014, as follows:

1. The equipment listed on Exhibit "A" attached hereto is hereby declared surplus and a Bill of Sale or other documents may be executed by the County Mayor or County Clerk to transfer title.

Passed this the 17th day of November, 2014, to be effective on the date of its passage, the public welfare requiring it.

RESOLUTION NO. 111714118

RESOLUTION TO APPROVE TRANE ENERGY SAVINGS CONTRACT

WHEREAS, Robertson County and the Trane Corporation have been in discussions for some time regarding possible energy savings for the County owned buildings, exclusive of the Board of Education buildings; and

WHEREAS, by prior Resolution of this body #071513055, the County authorized Trane to conduct an energy feasibility study for the County buildings, and by prior Resolution of this body #031714028, the County further authorized Trane to proceed with a detailed Investment Grade energy audit of possible energy savings; and

WHEREAS, the County is in receipt of that audit report and certain meetings of the Building and Grounds committee with Trane representatives have occurred and the County desires to enter into a contractual agreement with Trane that will include those suggested energy savings items that should be self-funded in the sense that projected energy savings should support the re-payment for the cost of such items, with a list of those items attached to the proposed contract attached hereto; and

WHEREAS, in addition to these self-funding energy items, the Building and Grounds Committee has recommended that certain other building and improvement items be included to be performed by Trane; and

WHEREAS, it is anticipated that the County will issue its bonds in the amount of $4,500,000 to pay for this work.

NOW, THEREFORE, BE IT RESOLVED by the Robertson County Commission, meeting in regular session this the 17th day of November, 2014 that upon further recommendation and approval of the County Mayor and the Chairman of the Building and Grounds Committee, and as approved by the County Attorney regarding legality and form, that the County Mayor is hereby authorized to execute all Trane contract documents in order to accomplish the above purposes for Robertson County.

Passed this the 17th day of November, 2014, to be effective on the date of its passage, the public welfare requiring it.

Subject: **Energy Conservation and Infrastructure Improvement Program**

Mayor Bradley and County Commissioners:

We have completed the Investment Grade Audit (IGA) for the implementation of a performance-based contract on the fifteen (15) Government facilities listed here: Animal Shelter, Archives Building, Cedar Hill EMS, Coopertown EMS, Courthouse, Dental Clinic, EMS (Main), Health Department, Highway Department, New Jail, Old Jail, County Office Building, Solid Waste & Recycling, UT Extension Office, WIC Facility.

Consistent with the discussions and presentations to date, $4,781,377 in infrastructure replacements, repairs or upgrades were revealed in the Investment Grade Audit that Robertson County Government will either benefit from through reduced operational costs or is facing due to aging infrastructure. Implementation of all the recommendations identified in the audit will reduce the first-year utility expenses in Robertson County by a guaranteed $232,042 (34.6% annual reduction) and provide significant creature-comfort improvements to the working environments.

When evaluating the IGA results from a "self-funding" perspective however, only $2,833,760 of the scope items can be funded by the utility savings they produce. *Note; the term "self-funded" means that all program cost, including debt service is covered by the guaranteed savings that the program generates over the proposed 15-year term.*

The energy conservation measures (ECMs, or scope) that do not cash flow from the savings they produce are "capitally intense" and include items such as the replacement of the cooling tower, boiler and windows in the County Office Building and the replacement of the doors and windows in the County Courthouse. While these measures do produce guarantee-able savings, the savings are not enough to cover the cost of implementation.

Using the utility savings from the self-funding ECMs and the pressing capitally-intense ECMs is a great way to build a "blended project" that addresses major facility needs within Robertson County, as it allows Robertson County to use utility savings to pay for the lion's share of the work and Trane will guarantee the utility savings for all of the work. Consider:

1. Robertson County has a great self-funding program that will provide real property improvements to its real estate portfolio without burdening the tax payers – the entire program is paid for using current excess utility spend.

2. Robertson County has an option to include an additional $1,947,617 worth of ECMs (scope - including the cooling tower, boiler and windows in the Office Building and the doors and windows in the Courthouse) for an additional $1,661,986 in capital outlay

over term, as the difference will be paid for through utility savings. When considering total program cost vs. savings, it is like doing a $4,781,377 facility improvement project and paying ~$.28 on the dollar for the work over term, as $4,490,316 of the program's estimated cost ($6,268,316) are covered via guaranteed savings (money you are already spending on utilities).

3. The additional scope can be incorporated in the initial contract documents or added-in via an Amendment at any time during the construction period, currently estimated to be twelve (12) months, and Robertson County will receive the full benefit of the guarantee. *Note: it is suggested to arrange for funding up front (one bond) for all of the scope that you want to consider, whether through the Trane program or traditional methods.*

The blended project approach provides the best overall value to Robertson County by mitigating the cost and risk associated with projects of this nature. **Trane is prepared to proceed immediately (pending contract approval and funding), providing true one-stop shopping with no finger-pointing or change orders, and a single point of contact.**

At this time, we are outlining the specifics where facility improvements will address aging infrastructure within the County and use Utility and Operational savings to fund:

Option One (self-funding):

- 100% of the estimated program costs covered via guaranteed utility and operational Savings (includes cost of debt service).
- $2,833,760 in real property improvements.
- $3,889,265 in estimated program costs over term (should be less based on actual interest rates at closing).
- $4,210,244 in guaranteed program savings over term.
- $320,978 in net saving over term after program cost based on an interest rate of 2.75%.
- 31.7% reduction in 1st year utility expenses compared to current baseline.

Option Two (blended program):

- 71.6% of the estimated program costs covered via guaranteed utility and operational Savings (includes cost of debt service).
- $4,781,377 in real property improvements.
- $6,268,316 in estimated program costs over term (should be less based on actual interest rates at closing).
- $4,490,310 in guaranteed program savings over term.
- $1,661,986 in estimated un-funded debt service – *to be funded by other means.*
- 34.6% reduction in 1st year utility expenses compared to current baseline.

Please see the ***Financial and Savings Summary tabs for details.***

The commitment of time and effort from Robertson County maintenance personnel, as well as key members of your staff(s) in assisting us has been indispensable. Because of these collective efforts, we have been able to develop an Energy Savings and Infrastructure Improvement Program with guaranteed energy/utility use savings that provide immediate and

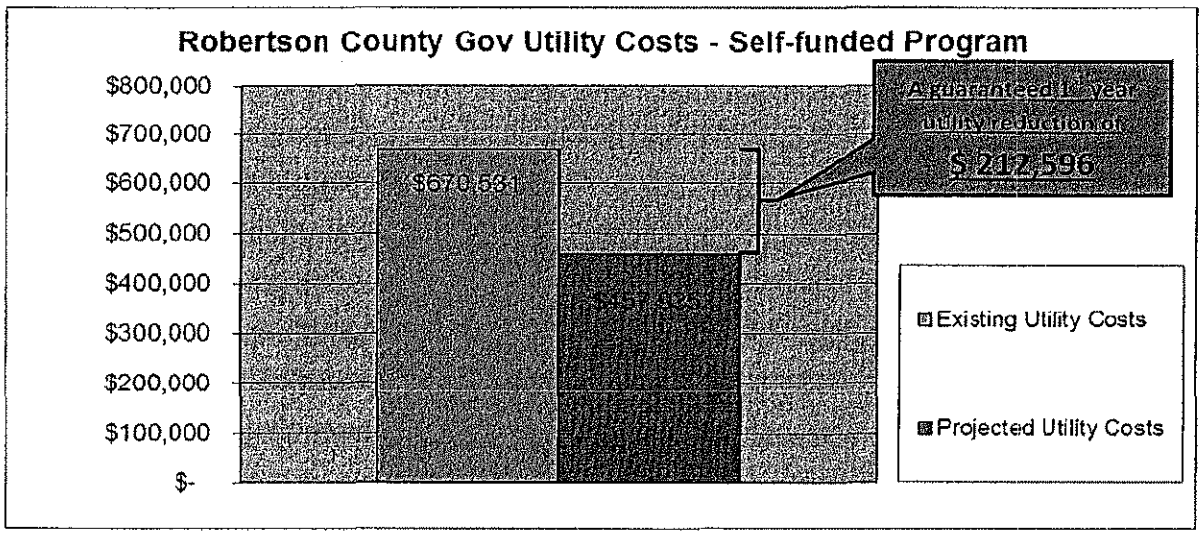

long-term benefits for the all of the facilities. This is a great program that is good for the tax payers, and employees of Robertson County.

Our proposed solution addresses the following business issues faced by Robertson County Government:

- ***Updating Aging Infrastructure***
  As the systems in Robertson County age, they require more maintenance and capital replacements. There are also new regulations, mandates and environmental guidelines to satisfy even though your budget is already tight. To control long-term operating costs and protect your assets, updating the aging infrastructure is a must.

- ***Reducing Up-Front Capital Expense***
  Securing capital funds can be very difficult and typically means long-term debt. Yet, Robertson County faces the need to undertake substantial projects to improve infrastructure and the working environments within the county. The best way to accomplish this is to do so without a large up-front capital expenditure. **Our program accomplishes this goal by reinvesting the savings from infrastructure investments back into the facility and guarantees the energy/utility use savings.**

- ***Reducing Operating Costs***
  Given the ever-increasing utility rate increases and the budgeting pressures to reduce and control spending, this program is a great solution. Sustainable energy/utility savings help to fund the improvements, reducing the load on the tax payers of Robertson County.

- ***Carbon Footprint Reduction***
  This Program will have a <u>significant favorable environmental impact by reducing:</u>

CO_2 emissions	3,116,916	lbs / year
Sulfur Dioxide	16,101	lbs / yr
Nitrous Oxide	5,156	lbs / yr

- ***Visibility and Perception***
  Robertson County Government will be recognized by the community for addressing the County Facilities in a creative manner that is "soft" on the tax payers.

This project includes energy efficient interior/exterior lighting and lighting control upgrades, water conserving plumbing upgrades, Vendmizers™, installation of significant building automation and control systems, weatherization upgrades, major HVAC equipment replacements and modernizations as well as a significant amount of retro-commissioning at most sites. In its expanded form, it includes major HVAC items as well as significant door and window replacements in the two predominant county facilities.

All of these measures will upgrade the environment in these facilities, from improving light levels, to maintaining the proper amount of outdoor air and temperature control for optimal environmental space conditions and energy savings. This is truly a great infrastructure improvement program, with all (or a large portion) of the project being funded by the utility savings it produces!

Our preliminary study results, have been more than validated during our Investment Grade Audit, outlining $4.7M worth of energy consuming infrastructure upgrades that need to be addressed at these sites. ***We want to remind you again, that through this project, Robertson County Government will be redirecting a portion of your existing utility spend toward infrastructure improvements that will generate enough energy and non-energy-based savings to offset 100% of the total program costs over term, including the cost of money, or 71.6% of the program cost if the entire program is implemented.***

The faith you have placed in Trane throughout this program is the ultimate vote of confidence, and we do not take that lightly. We are proud to be your trusted partner, and we look forward to implementing this program at the fifteen (15) County sites.

With your approval and favorable votes by the County Commission, we will proceed with the development of contract documents and upon successful legal review and funding, our mobilization can begin immediately. Thank you again and please let us know if you have any questions.

Sincerely,

Randy Mauldin
Business Development Manager

Notes:

1 Baseline adjustment taken to meet ASHRAE 62 standards for OA introduction AND/OR to set the fans to "cycle w/ occupancy"
2 Baseline adjustment taken to provide dehumidification control using existing equipment
3 Includes replacement of exterior doors (as needed)
4 Special attention to be paid to fix the VVT system serving the 2nd floor
5 Replace the units that are at end of life
6 Install waste oil heater in shop
7 Retro-Commission existing Trane Tracker Controls
8 Includes window replacement in C wing
9 Install VFDs for SA flow control on the VVT systems. Reuse bypass dampers as supplemental control
10 Install an energy recovery ventilator for pressure and humidity issues
11 Not used
12 Retrofit Inlet Guide Vanes on VAV systems w/ VFDs
13 Install VFDS on the condenser water pumps
14 Daylighting Controls
15 Replace water heater in basement with Rinnai tankless
16 Replace electrical water heater with gas. Utility co to set a new gas meter @ bldg.
17 Install an ICON control system
18 Remove the Chancery Court Judge's chamber and offices from the system serving the courtroom
19 Install a drain pan under the AHUs and patch insulation where duct connects to AHUs
20 Install VFDs on the kitchen hood exhaust and makeup air fans controlled via temperature
21 Not used
22 Replace the open cell tower w/ a closed circuit evap cooler. Will need to install an air separator and expansion tank on the condenser water loop
23 Install/relocate balancing valves and provide full T&B on the hydronic system
24 Install retrofit kits for the VAV boxes
25 Flush and clean the existing hydronic system
26 Remove the four RTUs from the New Jail Trane Tracker system and place them on the new BAS installed as part of this ECM
27 Replace Kennel system w/ gas heat. RCx Office system
28 Install water meters to monitor sewer evaporation and drift for sewer credits.
29 Replacing the windows on the main and 2nd floors and exterior doors

PERFORMANCE AGREEMENT FOR COMFORT FROM TRANE

PACT™ Agreement

between

Robertson County, TN

and

Trane U.S. Inc.

Dated as of November 17, 2014

Trane Contract No. PID 30284

TRANE®

PERFORMANCE AGREEMENT FOR COMFORT FROM TRANE

This PACT™ Agreement (hereinafter the "Agreement") is made and entered into as of November 17, 2014, by and between Trane U.S. Inc. (hereinafter "Trane") and Robertson County (hereinafter "Customer") for the purpose of furnishing services designed to reduce energy consumption and operational costs at the premises, to guarantee a specified minimum level of energy savings, measurement and verification, and, where applicable, furnish specified performance period services.

ARTICLE 1 - THE SERVICES AND COMPENSATION

Section 1.01. Articles and Exhibits. This Agreement consists of Articles 1 through 8 and the following Exhibits, which are attached hereto and incorporated herein by this reference:

Exhibit A:	Payment Schedule
Exhibit B:	Scope of Services
Exhibit B:	Attachment 1; Lighting
Exhibit B:	Attachment 2; Plumbing
Exhibit B:	Attachment 3: Schematic Drawings
Exhibit B.1:	Certificate of Substantial Completion and Acceptance
Exhibit B.2:	Certificate of Final Completion and Acceptance
Exhibit C:	Description of the Premises
Exhibit D:	Notice to Proceed
Exhibit E:	Guarantee
Exhibit E.1	Lighting
Exhibit E.2	Stipulated
Exhibit E.3	Operational
Exhibit F:	Hazardous Materials
Exhibit G:	Performance Period Services

Section 1.02. Contract Price. Subject to the terms and conditions hereof, as payment for Trane's performance and furnishing of the Services as described in Exhibit B, Customer shall pay or cause to be paid to Trane, pursuant to Section 1.05, the sum of **two-million, eight hundred-thirty-three thousand, seven-hundred-sixty dollars ($2,833,760)**, which Contract Price includes all applicable sales, consumer, use and similar taxes (excluding income taxes) for the Services required to be paid by Trane and legally enacted as of the date of this Agreement. The Contract Price does not include the cost to Customer of performance period services (the "Performance Period Services Price") to be furnished by Trane pursuant to Exhibit G.

Section 1.03. Services and Performance Period Services.

(a) **Services.** Trane shall commence performance of the services outlined in Exhibit B (the "Services") within thirty (30) days following the later of receipt by Trane of a Notice to Proceed issued, or deemed issued, pursuant to Section 1.04 (the "Services Start Date"). Trane shall use commercially reasonable efforts to substantially complete performance of the Services (hereinafter "Substantial Completion") at the premises identified in Exhibit C (the "Premises") within 365 days from the Services Start Date. Trane's obligation hereunder is limited to performing the Services as defined herein. Excluded from the Services are any modifications or alterations to the Premises (not expressly included within the Services as defined) that may be required by operation of the Americans with Disabilities Act or any other law or building code(s).

(b) **Performance Period Services.** During the Term hereof, Trane shall furnish, and Customer shall pay for, the performance period services (the "Performance Period Services") as and when described on Exhibit G.

Section 1.04. Notice to Proceed; Financing.

☐ If this box is checked, Customer will not finance with third parties any portion of the Contract Price. Accordingly, upon execution of this Agreement by Trane, Customer's execution of this Agreement shall constitute the Notice to Proceed to Trane.

☒ If this box is checked, Customer intends to finance all or a portion of the Contract Price. Accordingly, Trane shall not be required to perform, any of the Services until and unless Customer has closed on its financing (the "Financing Closing"). Customer shall provide Trane, upon request, copies of the fully executed contract documents for financing of the Contract Price and, if applicable, evidence of funding of any escrow account required under the financing documents. Customer will achieve Financing Closing on or before December 15, 2014, or such later date

© 2014 Trane All rights reserved
Confidential and Proprietary Information of Trane U.S. Inc.

as may be agreed to in writing by Trane. Within five (5) calendar days of the Financing Closing, Customer shall execute and issue a written Notice to Proceed (substantially in the form of Exhibit D hereto) to Trane. In the event Customer does not achieve Financing Closing on or before the date specified in the preceding sentence, or such later date as may be agreed to in writing by Trane, Trane may terminate this Agreement upon fourteen (14) calendar days prior written notice to Customer. Termination of this Agreement by Trane in accordance with this Section 1.04 shall be deemed termination pursuant to Section 3.05. In addition, notwithstanding such termination, Customer shall be obligated to immediately compensate Trane for the amount set forth in any Letter of Commitment, project development agreement, or comparable agreement between Customer and Trane.

Section 1.05. Services Payment Terms. Customer shall pay or cause to be paid to Trane for the Services as follows:

Initial Payment: Upon execution hereof, **10%** of the Contract Price (for engineering, drafting, mobilization, and other costs) shall be due; and

Monthly Payments and Final Payment: Trane will invoice for the Contract Price on a monthly basis for all materials and equipment delivered to the Premises (or, as applicable, to an off-site storage facility) and for all installation, labor and services performed during the billing period. Trane anticipates that construction progress will be billed in accordance with the schedule set forth in Exhibit A.

Customer shall pay all amounts due upon receipt of the invoice and any invoice not paid within thirty (30) calendar days of its date shall be past due. All amounts outstanding thirty (30) calendar days beyond the invoice date shall bear interest, from and after the expiration of such thirty (30) calendar days until paid, at the rate of 1.5% per month or the highest rate allowable by law, whichever is lower. Customer shall pay all costs (including attorneys' fees) incurred by Trane in collecting amounts due from Customer. As prompt payment incentive, Customer shall be entitled to a discount of one half of one percent (½%) of the invoice amount of each invoice for which payment is received by Trane not later than ten (10) calendar days following the relevant invoice date.

Section 1.06. Notices and Changes of Address. All notices required or permitted hereunder shall be in writing and shall be deemed given (i) when delivered in person, (ii) the next business day after deposit with a commercial overnight delivery service for next day delivery, or (iii) upon receipt if sent by United States mail, postage prepaid, registered or certified mail, return receipt requested. All notices shall be addressed to the recipient party at the addresses as follows (or such other address a party may designate by written notice from time to time):

If to Trane: Trane
4833 White Bear Parkway
St. Paul, Minnesota 55110
Attention: Comprehensive Solutions Leader

Trane
601 Grassmere Park Dr., Suite 10,
Nashville, TN 37211
Attention: Brian Durr

If to Customer: Robertson County
Room 108, Courthouse
Springfield, TN 37172
Attention: Howard Bradley, Mayor

Section 1.07. Energy Savings Guarantee. The energy savings guaranteed under this Agreement are set forth in Exhibit E and in the sub-exhibits thereto.

Section 1.08. Term. The term ("Term") of this Agreement shall commence as of the date first written above and shall end upon expiration of the fifteenth (15^{th}) year Guarantee Term pursuant to Exhibit E, unless earlier terminated pursuant to the provisions hereof.

Section 1.09. Customer's Authorized Representative(s). Customer designates the following individual(s), and any successors to the positions noted, as the representative(s) of Customer with authority to execute on behalf of the Customer (the "Authorized Representative") the Certificate of Substantial Completion and Acceptance, Certificate of Final Completion and Acceptance, and Guarantee reconciliation reports:

Authorized Representative	**Position/Title**

ARTICLE 2 - PERFORMANCE

Section 2.01. Construction Procedures and Changes to Services. Trane shall supervise and direct the Services using qualified personnel. Trane shall have exclusive control over construction means, methods, techniques, sequences and procedures. Trane shall at all times have the right to replace, delete or substantially alter any item of equipment or part of the Services, correct any work, revise any procedures included in this Agreement, or take any other actions, provided, however, that Trane shall obtain Customer's prior consent to material deviations from the original scope of Services, said consent not to be unreasonably withheld, conditioned or delayed.

Section 2.02. Substantial Completion. Trane may provide written notice to Customer that one or more of the items comprising the Services described in Exhibit B (each, a "Service Element") is/are substantially complete and request that Customer issue a Certificate of Substantial Completion and Acceptance with respect to such Service Elements, substantially in the form of Exhibit B.1. Substantial Completion with respect to a Service Element is the date when the specified Services have been performed or installed and are operating as required by this Agreement, with only minor work remaining as may be specified on a punch list agreed to by Customer and Trane and, if applicable, annexed to the Certificate of Substantial Completion and Acceptance. Customer shall within fourteen (14) days following receipt of the Certificate of Substantial Completion and Acceptance inspect the specified Service Element and either execute the Certificate of Substantial Completion and Acceptance or reject such certificate setting forth in detail the reasons for such rejection. If Customer fails to accept or reject the Certificate of Substantial Completion and Acceptance within such fourteen (14) day period, Customer shall be deemed to have accepted the Services outlined in the Certificate of Substantial Completion and Acceptance and the Substantial Completion Date with respect to the applicable Service Element shall be deemed the date such certificate was issued. . If Customer timely and properly rejects such certificate, Trane will correct deficiencies in the Services and will issue another Certificate of Substantial Completion and Acceptance to Customer. The procedure set forth above shall be repeated until the Certificate of Substantial Completion and Acceptance shall have been executed or deemed executed by the Customer. Customer's acceptance of the Certificate of Substantial Completion and Acceptance shall not be unreasonably withheld, conditioned or delayed by Customer. Exhibit B.1 may specify the responsibilities between Customer and Trane for Performance Period Services (pursuant to Exhibit G) and any adjustment of compensation therefor.

Section 2.03. Final Completion. Upon Customer's receipt of written notice from Trane that the Services are ready for final inspection and acceptance, Customer and Trane shall inspect the Services and determine whether the same have been performed in accordance with this Agreement. If Customer considers the Services complete and performed in accordance with this Agreement, Customer shall issue a Certificate of Final Completion and Acceptance, substantially in the form attached hereto as Exhibit B.2, to be executed by the Authorized Representative of Customer. In the event Trane presents a Certificate of Final Completion and Acceptance to Customer for execution and, within fourteen (14) calendar days from the date noted in the Certificate as the date of such presentation, Customer fails to deliver an executed original of the Certificate to Trane and does not provide to Trane written objections to issuance of the Certificate, identifying the specific parts of the Services the Customer believes have not been completed and providing specific facts in support of Customer's belief that the Services have not been finally completed, the Date of Final Completion shall be the date noted in the Certificate as the date the Certificate was submitted to Customer.

Section 2.04. Delays. If Trane is delayed in the commencement or completion of any part of the Services due to an Event of Force Majeure, or due to the acts or omissions of Customer or any of its affiliates or any of their respective employees, representatives, agents, contractors, lenders, successors or assigns (each, a "Customer Representative, and collectively, "Customer Representatives") or failure of any Customer Representative to perform its obligations under this Agreement or to cooperate with Trane in the timely performance of the Services, then Trane will notify Customer in writing of the existence, extent of, and reason(s) for such delay(s). Trane shall be entitled to a Change Order to extend the time for completion of the Services or the cost for furnishing the Services to the extent reasonably affected by such delays.

Section 2.05. Equipment Location and Access. Customer shall provide, without charge, a mutually satisfactory location or locations for the installation and operation of the equipment and the performance of the Services, including sufficient areas for staging, mobilization, and storage. Customer shall provide access to the Premises for Trane and its contractors or subcontractors during regular business hours, or such other hours as may be requested by Trane and acceptable to Customer, to perform the Services. Trane's access to correct any emergency condition shall not be unreasonably restricted by Customer.

Section 2.06. Permits and Governmental Fees. Trane shall secure (with Customer's assistance) and pay for building and other permits and governmental fees, licenses, and inspections necessary for proper performance and completion of the Services and which are legally required to be obtained in Trane's or its subcontractor's name. Customer is responsible for necessary private and governmental approvals, easements, assessments and charges for construction, use or occupancy of permanent structures or for permanent changes to existing facilities. In addition, Customer is responsible for the governmental or regulatory permits, if any, outlined in Exhibit B.

Section 2.07. Utilities During Construction. Customer shall provide Trane access to existing water, heat, and utilities and shall pay for such utilities consumed by Trane during performance of the Services. Trane shall install and pay the cost of any temporary facilities not already in existence that will be required during construction for accessing such water, heat, and utilities.

Section 2.08. Concealed or Unknown Conditions. Trane shall promptly notify Customer if it encounters the following conditions at the Premises: (i) subsurface or otherwise concealed physical conditions or (ii) unknown physical

© 2014 Trane All rights reserved
Confidential and Proprietary Information of Trane U.S. Inc.

™PACT is a trademark of Trane U.S. Inc.

conditions of an unusual nature that differ from those conditions ordinarily found to exist in construction activities of the type and character as the Services. If such conditions cause an increase in Trane's cost of, or time required for, performance of any part of the Services, Trane shall be entitled to an equitable adjustment to the Contract Price and/or the project schedule and Trane and Customer shall agree, by Change Order, on how to proceed and the extent of any adjustment to the time required for performance of the Services and to the Contract Price, in light of the differing conditions and any adjustments that may be required to the Guarantee. If the parties are unable to reach agreement on an appropriate Change Order, either party may terminate this Agreement by delivery of written notice in accordance with Section 3.05.

Section 2.09. Equitable Adjustment

(a) Trane shall be entitled to an equitable adjustment to the Services, the Contract Price, the project schedule and/or the Guarantee (in each case, to the extent affected) upon occurrence of any of the following events:

1. the Services are delayed, suspended or accelerated by any Customer Representative;
2. failure by Customer to timely perform its obligations hereunder;
3. A change in applicable laws, permitting requirements or other governmental approvals occurs after the date of this Agreement;
4. The occurrence of an Event of Force Majeure affecting the Services;
5. Any change to the Services is requested or directed by Customer; or
6. Trane encounters a concealed or unknown condition as described in Section 2.08.

(b) Procedure. If Trane is entitled to an equitable adjustment, Trane shall submit a proposed change order to Customer for its review and approval, which approval shall not be unreasonably withheld, conditioned or delayed. Customer shall either (i) execute and deliver to Trane such change order as provided by Trane; or (ii) request that certain amendments or modifications be made to such change order. If Customer requests amendments or modifications to the change order, the Parties shall negotiate in good faith and shall promptly agree on and execute an amended change order. All executed change orders are hereby incorporated by reference into this Agreement. If the parties are unable to agree on the terms and conditions of a change order, Trane may either (i) perform the Services and Customer shall compensate Trane for such performance on a time and material basis in accordance with Trane's then current prices and procedures, or (ii) terminate this Agreement by notice to Customer, which termination shall be deemed termination without cause pursuant to Section 3.05.

Section 2.10. Damage to Equipment; Casualty or Condemnation of Premises. Any fire, flood, other casualty or condemnation affecting any portion of the Premises shall permit Trane to modify any affected Baseline applicable to the Guarantee to account therefor. If any fire, flood, other casualty, or condemnation renders a majority of the Premises incapable of being occupied or destroys a substantial part of the area(s) within which the Services is/are to be performed, Trane may terminate this Agreement, effective immediately, by delivery of a written notice to Customer, which termination shall be deemed termination pursuant to Section 3.05. If any significant item of the equipment furnished hereunder is irreparably damaged by the negligence or willful misconduct of an employee, agent or invitee of Customer, or is destroyed or stolen, and if Customer fails to repair or replace said item within a reasonable period of time agreed to by Trane, Trane may terminate this Agreement, effective immediately, which termination shall be deemed a termination pursuant to Section 3.05.

ARTICLE 3 - CUSTOMER'S OBLIGATIONS

Section 3.01. Access to Premises. Customer shall provide Trane with access to the Premises, with or without prior notice to Customer, to inspect for Trane's benefit the Services and/or to validate Customer's performance of its responsibilities.

Section 3.02. Representations, Warranties and Covenants of Customer. Customer hereby represents, warrants and covenants to Trane that:

(a) Customer has furnished, or caused others to furnish, and, for the Term hereof, will continue to furnish to Trane, promptly as information becomes available, accurate and complete data concerning energy usage for, and other information pertaining to, the Premises, including but not limited to the following:

- utility records for the 36-month period preceding the date hereof and throughout the Term;
- occupancy and usage information, including current representative tenant leases, for the 36-month period preceding the date hereof and throughout the Term;
- written surveys or descriptions of heating, cooling, lighting or other systems or energy requirements and any changes thereto;
- descriptions of all energy consuming or saving equipment used on or affecting the Premises;
- any energy or environmental audits relating to all or any part of the Premises;
- any service or maintenance agreement(s) regarding any heating, cooling, lighting or other building systems, or part thereof;
- construction drawings ("as-builts") in existence as of the date hereof or developed during the Term; and
- a description of energy management procedures presently utilized by Customer for the Premises and any revisions thereto throughout the Term.

(b) Customer has provided Trane with all records heretofore requested by Trane and the information set forth therein is, and all information in other records to be subsequently provided pursuant to this Agreement will be, true and accurate in all material respects except as may be disclosed to Trane by Customer in writing; and

© 2014 Trane All rights reserved
Confidential and Proprietary Information of Trane U.S. Inc.

(c) Customer has not entered into any contracts or agreements with other persons or entities regarding the provision of energy management services or with regard to any servicing of any of the energy related equipment located on the Premises, except as heretofore disclosed to Trane in writing by Customer; and

(d) During the term of this Agreement, Customer will not enter into any agreements with other persons or entities regarding the provision of energy management services or with regard to any servicing of any of the energy related equipment furnished by Trane hereunder, without prior written consent of Trane; and

(e) Customer presently intends to continue to use the Premises in a manner similar to its present use, except as may have been disclosed to Trane by Customer in writing; and

(f) No part of the systems controlled by Trane will be placed in a permanent "on" operating mode or manually controlled and, during the Term of this Agreement, Customer shall permit only Trane personnel or other qualified providers to repair, adjust or program equipment, systems, and/or controls, except in the event of an emergency, in which event Customer may remedy the emergency and shall notify Trane as soon as possible of the existence of the emergency and measures taken by Customer; and

(g) Customer has disclosed in writing to Trane the existence and location of all known or suspected asbestos and other Hazardous Materials on the Premises; and

(h) Customer will provide Trane with copies of any successor or additional contracts for management or servicing of preexisting equipment that may be executed from time to time hereafter within ten (10) days after execution thereof and information or services under Customer's control shall be furnished promptly by Customer; and

(i) the execution, delivery and performance by Customer of this Agreement does not violate any provision of law and does not conflict with or result in a breach of any order, writ, injunction or decree of any court or governmental instrumentality, domestic or foreign, or Customer's respective charter or by-laws or create a default under any agreement, bond, note or indenture to which Customer is a party or by which Customer is bound or to which any of Customer's property is subject; and Customer has no knowledge of any facts or circumstances that, but for the passage of time, would materially, adversely affect either party's ability to perform its respective obligations hereunder and, if Customer is a governmental entity or instrumentality thereof, Customer has complied with all laws and regulations relative to bidding or procurement of the Services hereunder; and

(j) the Agreement has been duly authorized, executed and delivered by Customer, and constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms, except as may be limited by bankruptcy, insolvency, reorganization or other laws or equitable principles of general application relating to or affecting the enforcement of creditor's rights and remedies;

(k) Customer shall notify Trane within twenty-four (24) hours of Customer's receipt of actual or constructive notice of (1) any material malfunction in the operation of the equipment installed or equipment affected by the Services provided pursuant to this Agreement and/or (2) any interruption or alteration of the energy supply to the Premises; and

(l) Customer acknowledges and agrees that the Performance Period Services will be performed by Trane or on behalf of Trane by a Trane authorized service provider; and

(m) Customer is the fee owner of the Premises and the real estate upon which the Premises are located.

Section 3.03. Customer Default. Each of the following events or conditions shall constitute a default by Customer (each, a "Customer Default"):

(a) failure by Customer to pay or cause to be paid amounts due Trane more than thirty (30) days after the date of the invoice therefor;

(b) any representation or warranty furnished by Customer in this Agreement is false or misleading in any material respect when made;

(c) Any default by Customer under any instrument or agreement (i) related to the financing or leasing of all or any part of the Services or equipment hereunder and/or (ii) granting to any person or entity a security interest in and to the equipment to be installed or furnished hereunder without Trane's express written consent;

(d) Any failure by Customer to perform or comply with any material provision of this Agreement, including breach of any covenant contained herein, provided that such failure continues for thirty (30) days after written notice to Customer demanding that such failure be cured or, if cure cannot be effected in such thirty (30) days, Customer fails to promptly begin to cure and diligently proceed to completion thereof;

(e) Any failure by Customer to pay as and when due the Performance Period Services Price or

(f) The commencement of any voluntary proceedings in bankruptcy or receivership by Customer, the commencement of any involuntary proceeding in bankruptcy or receivership against Customer which is not stayed or dismissed within ninety (90) days from the filing date thereof, Customer shall become insolvent, make a general assignment for the benefit of creditors, or Customer shall fail to pay its debts as and when they become due.

Without limiting the generality of the foregoing, in the event of a Customer Default under Sections 3.03(a). (c) or (f), upon prior notice to Customer, Trane may, in addition to any right or remedy available to Trane pursuant to Section 3.06, enter upon the Premises where the equipment comprising a part of the Services is located and disconnect and/or remove the same without being liable to any suit, action or other proceeding by the Customer.

Section 3.04. Trane Default. Each of the following events or conditions shall constitute a default by Trane (each, a "Trane Default"):

(a) Any representation or warranty furnished by Trane in this Agreement is false or misleading in any material respect when made;

(b) Any failure by Trane to perform or comply with any material provision of this Agreement, including breach of any covenant contained herein, provided that such failure continues for thirty (30) days after written notice to Trane demanding that such failure be cured or, if cure cannot be effected in such thirty (30) days, Trane fails to promptly begin to cure and diligently proceed to completion thereof; or

(c) The commencement of any voluntary proceedings in bankruptcy or receivership by Trane, the commencement of any involuntary proceeding in bankruptcy or receivership against Trane which is not stayed or dismissed within ninety (90) days from the filing date thereof, Trane becomes insolvent, or Trane makes a general assignment for the benefit of creditors.

Trane's liability to Customer under the Guarantee shall be limited to energy savings guaranteed in connection with energy conservation measures that are completely installed by Trane (or by Customer in accordance with the specifications and requirements hereof, and/or prepared on behalf of Trane for the same, and Trane reasonably accepts the work) and such savings shall be determined in accordance with the appropriate Guarantee exhibit and generally accepted engineering principles. In the event Customer proceeds to complete the Services, it shall complete the same on or before the expiration of sixty (60) calendar days after the effective date of the termination of this Agreement by Customer.

Section 3.05. Termination Without Cause. Termination of this Agreement without cause pursuant to Sections 1.04, 2.08 2.09, 2.10, 5.01 and 8.04 will be effectuated by delivery of at least ten (10) day advance written notice declaring termination, upon which event a) Customer shall be liable to Trane for all Services furnished up to the effective date or termination and any damages sustained by Trane, including the cost of terminating orders or subcontracts for labor or material and price of any specially manufactured items, whether in production or delivered; and b) Trane shall have no further obligation to Customer under this Agreement.

Section 3.06. Termination by Trane Due to Customer Default. If a Customer Default has occurred and is continuing, Trane may immediately suspend all or a portion of the Services at Trane's discretion and/or terminate this Agreement by written notice to Customer. In the event Trane terminates this Agreement for a Customer Default, Trane shall be entitled to any damages sustained by Trane, including the cost of terminating orders or subcontracts for labor or material, Trane's lost profits and the price of any specially manufactured items, whether in production or delivered. In addition, Trane may exercise any right or remedy available to Trane at law or in equity.

Section 3.07. Termination by Customer Due to Trane Default. If a Trane Default has occurred and is continuing, Customer may terminate this Agreement by written notice to Trane. In the event Customer terminates this Agreement for a Trane Default, Customer may take possession of the Premises together with all materials thereon, and move to complete the Services itself expediently. In completing the Services, Customer shall use its commercially reasonable efforts to minimize its damages and to utilize (and pay for) any materials or equipment or any specially manufactured or fabricated equipment delivered by Trane to the Premises or which are in the process of being manufactured, fabricated and/or delivered (provided that Trane shall not be obligated to ship any such equipment unless Customer provides Trane adequate assurance of payment therefor). If the unpaid balance of the Contract Price exceeds the expense of finishing the Services, the excess shall be paid to Trane, but if the expense exceeds the unpaid balance, Trane shall pay the difference to Customer as Customer's sole and exclusive remedy hereunder in connection with the Trane Default upon demand by Customer.

ARTICLE 4 - INSURANCE

Section 4.01. Trane's Liability Insurance. Trane shall purchase from and maintain, without interruption from the commencement of the Services throughout the Term, a Commercial General Liability policy, Worker's Compensation and Employer's Liability policy and Commercial Automobile Liability policy, through a company or companies rated A VIII or better by A.M. Best Company.

Section 4.02. Title and Risk of Loss. Title to the materials and equipment comprising the Services shall pass to Customer in the course of construction upon the later of (i) incorporation of such materials or equipment into the Premises, or (ii) payment by Customer for Services corresponding to such materials or equipment. Notwithstanding the foregoing, risk of loss for the Services shall pass to Customer in the course of construction upon incorporation into the Premises.

Section 4.03. Customer's Liability and Property Insurance. (a) Customer shall be responsible for purchasing and maintaining Commercial General Liability Insurance of the type and amount Customer deems necessary and appropriate.

(b) Customer shall purchase and maintain (until the later of the date of issuance of the Certificate of Final Completion and the date of Customer's Final Payment) property insurance for the installation work in progress at least in an amount equal to the Contract Price, as the same may be adjusted from time to time, for the installation work (including the equipment) on a replacement cost basis from an insurer reasonably acceptable to Trane. Such property insurance shall include the interests of Customer, Trane, and its subcontractors (at whatever tier) as additional insureds as their interests may appear. The property insurance purchased by Customer shall be on an all-risk policy form. Customer, for itself and its insurance carriers, hereby waives all rights of subrogation against Trane and any of its subcontractors, agents, employees, and officers with respect to property insurance and any other insurance coverages maintained by Customer.

© 2014 Trane All rights reserved
Confidential and Proprietary Information of Trane U.S. Inc.

™PACT is a trademark of Trane U.S. Inc.

(c) A loss insured under Customer's property insurance shall be adjusted by Customer's Insurer as a fiduciary and made payable to Customer as a fiduciary for the insureds, as their respective interests may appear, subject to requirements of any applicable mortgagee clause. Trane shall pay its subcontractors their just shares of insurance proceeds received by Customer and remitted to Trane, and, by appropriate agreements, written where legally required for validity, shall require said subcontractors to make payments to their subcontractors in a similar manner. In its fiduciary role, Customer shall have the power to negotiate and settle a loss with insurers; provided, however, that at least ten (10) days prior to agreeing to the proposed settlement, Customer shall advise the parties in interest in writing of the terms of the same and the parties in interest shall have seven (7) days thereafter to object in writing to the proposed adjustment or settlement; if such objection is made, Customer shall not enter into or agree to the proposed adjustment or settlement and the parties shall proceed to resolve the disagreement.

Section 4.04. Customer's Loss of Use/Business Interruption Insurance. Customer may purchase and maintain insurance to protect against loss of use of Customer's property or business interruption due to fire or other commonly insured hazards, however such fire or hazards may be caused. Customer acknowledges that Trane is not required to purchase or maintain such insurance against the loss of use of Customer's property or business interruption. CUSTOMER HEREBY WAIVES ALL CLAIMS AND CAUSES OF ACTION IT MAY HAVE AGAINST TRANE AND ANY OF ITS SUBCONTRACTORS, AGENTS, EMPLOYEES, AND OFFICERS FOR LOSS OF USE OF CUSTOMER'S PROPERTY OR BUSINESS INTERRUPTION, WHETHER INSURED OR NOT, INCLUDING CONSEQUENTIAL, INCIDENTAL, SPECIAL, OR OTHER DAMAGES DUE TO SUCH HAZARDS, REGARDLESS OF CAUSE.

Section 4.05. Evidence of Insurance. Customer and Trane shall furnish to the other certificate(s) of insurance prior to commencement of performance of any Services, evidencing the coverages and limits required to be maintained under this Agreement. Such certificate(s) shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the other party. The certificate(s) shall name the other party as an "additional insured" to the extent of the indemnity obligation assumed by the insured party under this Agreement. Neither the procurement nor maintenance of any type of insurance by Customer shall in any way be construed or deemed to limit, waive, or release Customer from any of the obligations and risks of Customer under this Agreement, or to be a limitation on the nature and extent of such obligations and risks.

ARTICLE 5 - HAZARDOUS MATERIALS

Section 5.01. Asbestos And Hazardous Materials. Except as expressly stated in Exhibit B, Trane's Services expressly exclude any work connected or associated with Hazardous Materials. Hazardous Material means any pollutant, contaminant, toxic or hazardous substance, material or waste, any dangerous, potentially dangerous, noxious, flammable, explosive, reactive or radioactive substance, material or waste, urea formaldehyde, asbestos, asbestos-containing materials ("ACM's"), polychlorinated biphenyl ("PCB"), and any other substance, the manufacture, preparation, production, generation, use, maintenance, treatment, storage, transport, disposal, handling, or ownership of which is regulated, restricted, or prohibited, by any federal, state, or local statute, law, ordinance, code, rule or regulation now or at any time hereafter in effect, and as may be amended from time to time, including but not limited to, the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. §§ 9601 et seq.), the Hazardous Materials Transportation Act (49 U.S.C. §§ 1801 et seq.), the Resource Conservation and Recovery Act (42 U.S.C. §§ 6901 et seq.), the Federal Water Pollution Control Act (33 U.S.C. §§ 1251 et seq.), the Clean Air Act (42 U.S.C. §§ 7401 et seq.), the Toxic Substances Control Act, as amended (15 U.S.C. §§ 2601 et seq.), and the Occupational Safety and Health Act (29 U.S.C. §§ 651 et seq.).

Trane shall not perform any identification, abatement, cleanup, removal, transport, treatment, storage or disposal of Hazardous Materials on Customer's premises. Customer warrants and represents that, except as expressly, and by reference to this Section, set forth in Exhibit C (Description of Premises) or Exhibit F (Hazardous Materials), there are no Hazardous Materials on the Premises in areas within which Trane will be performing any part of the Services or Customer has disclosed to Trane the existence and location of any Hazardous Materials in all areas within which Trane will be performing any part of the Services. Trane's responsibility, if any, for any Hazardous Materials, shall be limited to and as expressly set forth in Exhibit F and Customer shall, at all times, be and remain the owner and generator of any and all Hazardous Materials on the Customer's premises and responsible for compliance with all laws and regulations applicable to such Hazardous Materials.

Should Trane become aware of or suspect the presence of Hazardous Materials in the course of performing the Services that are not disclosed in Exhibits B, C or F, or which present or may present a hazard to or endanger health welfare or safety, Trane shall have the right to immediately stop work in the affected area and shall notify Customer. Customer will be responsible for taking any and all action necessary to remove or render harmless the Hazardous Materials in accordance with all applicable laws and regulations. Trane shall be required to resume performance of the Services in the affected area only in the absence of Hazardous Materials or when the affected area has been rendered harmless; if the area has not been or cannot be rendered harmless within thirty (30) days of discovery of the Hazardous Material, Trane may terminate this Agreement pursuant to Section 3.05. Customer shall compensate Trane for any additional costs incurred by Trane as a result of work stoppage, including demobilization and remobilization. In

Confidential and Proprietary Information of Trane U.S. Inc.

™PACT is a trademark of Trane U.S. Inc.

addition to any other indemnity obligation of Customer to Trane, to the maximum extent permitted by law, Customer shall indemnify, defend, and hold harmless Trane, its officers, directors, beneficiaries, shareholders, partners, agents, representatives, and employees (collectively referred to as "Trane" for purposes of this Article 5) and Trane's subcontractors from all fines, suits, actions, claims, penalties, and proceedings of every kind, and all costs associated therewith (including attorneys' and consultants' fees) arising out of or in any way connected with or related to: (1) any leak, deposit, spill, discharge, or release or disposal of Hazardous Materials in connection with the performance of this Agreement, except to the extent such Hazardous Materials were brought onto the Premises by Trane; and/or (2) Customer's failure to identify and disclose Hazardous Materials and to fully comply with all federal, state, and local statutes, laws ordinances, codes, rules and regulation now or at any time hereafter in effect regarding Hazardous Materials.

ARTICLE 6 - INDEMNIFICATION AND LIMITATION OF LIABILITY

Section 6.01. Indemnification. To the maximum extent permitted by law, Trane and Customer shall indemnify and hold each other and all respective officers, directors, affiliates, shareholders, and employees harmless from any and all third party actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to property, to the extent arising out of or resulting from the negligence of their respective employees or other authorized agents in connection with the Premises. Neither party shall be required to indemnify the other against actions, costs, expenses, damages and liabilities to the extent attributable to the acts or omissions of the other party. If the parties are both at fault hereunder, then any obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will continue in full force and effect, notwithstanding the expiration or early termination of this Agreement, with respect to any claims based on facts or conditions that occurred prior to expiration or termination. In the event one party hereto knows or has reason to believe that the other party will be required, in connection with this Agreement, by any court or governmental administrative agency to respond to any legal action or other directive by such authorities, such party shall immediately notify the other in writing of the same.

Section 6.02. Limitation of Liability.
NOTWITHSTANDING ANY PROVISION TO THE CONTRARY, NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL (INCLUDING WITHOUT LIMITATION LOST REVENUE AND LOST PROFITS) OR PUNITIVE DAMAGES REGARDLESS OF WHETHER SUCH LIABILITY ARISES FROM BREACH OF CONTRACT, TORT OR ANY OTHER THEORY. IN NO EVENT SHALL TRANE BE LIABLE FOR ANY DAMAGES (WHETHER DIRECT OR INDIRECT) RESULTING FROM MOLD, FUNGUS, BACTERIA, MICROBIAL GROWTH, OR OTHER CONTAMINATES OR AIRBORNE BIOLOGICAL AGENTS.

ARTICLE 7 - WARRANTY

Section 7.01. Workmanship and Equipment Warranty. Trane warrants that, for a period of one year from the date of Final Completion (the "Warranty Period"), Trane-manufactured equipment installed hereunder and the installation work included within the Services (i) shall be free from defects in material, manufacture, and workmanship and (ii) shall have the capacities and ratings set forth in Trane's catalogs and bulletins. Notwithstanding the foregoing, with respect to Service Elements identified in Exhibit B.1 (Certificate of Substantial Completion and Acceptance), Trane shall have the option of commencing the Warranty Period upon the date of Substantial Completion with respect to such Service Element. For Trane-manufactured equipment not installed by Trane the Warranty Period is the lesser of 12 months from initial start-up or 18 months from the date of shipment. Equipment and/or parts that are not manufactured by Trane are not warranted by Trane and have such warranties as may be extended by the respective manufacturer.

Section 7.02. Warranty Remedy. If Customer files a claim with respect to a defect in Trane-manufactured equipment or the installation work within the Warranty Period, Trane will correct the defect or furnish replacement equipment (or, at its option, parts therefor) and, if said Trane-manufactured equipment was installed pursuant hereto, labor associated with the replacement of parts or equipment not conforming to this warranty. No liability whatsoever shall attach to Trane until said equipment and Services have been paid for in full. Trane's sole liability and Customer's sole and exclusive remedy with respect to any warranty claim shall be limited, at Trane's option, to Trane's cost to correct the defective equipment or work and/or replace equipment shown to be defective. Trane's warranties expressly exclude any remedy for damage or defect caused by corrosion, erosion, or deterioration, abuse, modifications or repairs not performed by Trane, improper operation, or normal wear and tear under normal usage. Trane shall not be obligated to pay for the cost of lost refrigerant.

The foregoing does not apply to Performance Period Services and the warranties for Performance Period Services are separately stated on Exhibit G of this Agreement.

THE WARRANTY, LIABILITY AND REMEDIES SET FORTH IN THIS SECTION ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, LIABILITIES, OR REMEDIES, WHETHER IN CONTRACT OR IN NEGLIGENCE, EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL TRANE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL (INCLUDING WITHOUT LIMITATION LOST PROFITS), OR PUNITIVE DAMAGES. NO REPRESENTATION OR WARRANTY OF MERCHANTABILITY OR FITNESS OF PURPOSE IS MADE REGARDING PREVENTION BY THE SCOPE OF SERVICES, OR ANY COMPONENT THEREOF, OF MOLD, FUNGUS, BACTERIA, MICROBIAL GROWTH, OR ANY OTHER CONTAMINATES. TRANE SPECIFICALLY DISCLAIMS ANY LIABILITY IF THE SCOPE OF SERVICES

OR ANY COMPONENT THEREOF IS USED TO PREVENT OR INHIBIT THE GROWTH OF SUCH MATERIALS.

ARTICLE 8 - GENERAL PROVISIONS

Section 8.01. Assignment. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title or interest herein, without the written consent of Trane, which consent shall not be unreasonably withheld or delayed. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties' respective successors and assigns.

Section 8.02. Applicable Law and Jurisdiction. This Agreement is made and shall be interpreted and enforced in accordance with the laws of the state in which the Premises are located. Customer hereby consents and submits to the personal jurisdiction of the courts of the state where the Premises are located and of the United States District Court in such state.

Section 8.03. Complete Agreement. This Agreement and the Exhibits attached hereto, together with any documents expressly incorporated herein by reference, shall constitute the entire Agreement between the parties regarding the subject matter hereof. There are no other agreements, understandings, or covenants between the parties of any kind, expressed or implied, oral or otherwise pertaining to the Services. Any Proposals furnished by Trane prior to execution of this Agreement were for negotiation purposes only and shall not constitute legally binding commitments. This Agreement may not be amended, modified or supplemented except by a writing signed by the parties hereto. The energy audit authored by Trane and/or its consultant(s), including any summaries, excerpts, and abstracts thereof (collectively, the "Energy Audit"), are used to demonstrate operational and consumption data and calculations and projections regarding savings, but do not reflect the savings guaranteed by Trane; in the event of any conflict or contradiction between the Energy Audit and the provisions of this Agreement and its Exhibits, the provisions of this Agreement and its Exhibits shall govern.

Section 8.04. Force Majeure. Neither party shall be considered to be in default hereunder when a failure of performance (other than Customer's obligation to make payment to Trane) is due to an Event of Force Majeure. An "Event of Force Majeure" shall mean any cause or event beyond the control of the party. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; tornado; storm; fire; civil disobedience; pandemic; insurrections; riots; labor disputes; labor or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid), and action or non-action by any governmental authority or utility or the inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals, in each case if not caused by the fault of the affected party. If either party is rendered unable to fulfill any of its obligations under this Agreement by reason of an Event of Force Majeure it shall give prompt written notice of such fact to the other party and the affected party's obligations shall be suspended during the pendency of the Event of Force Majeure. If either party shall be unable to carry out any material obligation under this Agreement due to Event of Force Majeure, this Agreement shall, at the election of either party: (i) remain in effect but the parties' obligations shall be suspended until the uncontrollable event terminates; or (ii) be terminated upon ten (10) calendar days notice to the other party, which termination shall be deemed termination pursuant Section 3.05.

Section 8.05. Further Documents. The parties shall timely execute and deliver all documents and perform all further acts that may be reasonably necessary to effectuate the provisions of this Agreement.

Section 8.06. Severability. The invalidity or unenforceability of any portion or provision of this Agreement shall in no way affect the validity or enforceability of any other portion or provision hereof effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Upon any such determination of invalidity, illegality or unenforceability, the parties hereto shall negotiate in good faith to modify this Agreement so as to affect the original intent of the parties as closely as possible in an acceptable manner, to the end that the transactions contemplated by this Agreement are consummated to the extent possible.

Section 8.07. Signatures in Counterpart. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute one and the same Agreement. A facsimile copy hereof shall suffice as an original.

Section 8.08. Neutral Interpretation. This Agreement shall not be construed to have originated by either party, but as prepared equally and jointly by both parties. The fact that Trane has drafted the initial form of this Agreement shall not affect the interpretation of any provision of the Agreement in a manner adverse to Trane or otherwise prejudice or impair Trane's rights.

Section 8.09. Bonds. Should payment and performance bonds be provided hereunder, in no event shall such bonds cover any energy savings guarantees. Additionally, the bonds shall not cover any warranties beyond one year from Final Completion. For purposes of any performance bond issued hereunder, faithful performance of the Services are deemed satisfied upon Final Completion.
