Supt. Adkins also informed the commission we have received emails from the Tennessee County Highway Officials Association. The Governor is proposing a one time investment in the state aid program. Robertson County is projected to get $3.4 million. This will be heard in both the House & Senate Transportation committees on February 28th and March 1st. We will keep them updated as we learn more on this.

(A copy of this resolution and petition are on file at the highway office.)

12. Supervisor/Commission Remarks:

    1. Included in their packets was an email from our county attorney, Mr. Clyde Richert in regards to the Highway Commission pay raise. It states, the attorneys that work for the legislators sent him a draft of the proposed new Private Act Amendment. When he saw their draft, it implies to him that there is a Tennessee law that current elected city or county office holders (our elected Highway Commission here) can vote to ask that the Private Act be amended to increase their pay, HOWEVER, Tennessee law prohibits that pay increase from becoming effective until the next election of the Highway Commissioners. In other words, currently serving elected officials cannot vote to give themselves a pay increase during their current term by action of the legislature by amending a Private Act. The vote is to increase the pay for "future" Commissioners in the next election cycle. On a motion by Mr. Head, seconded by Mr. White and approved by voice vote, the commission received and ordered this filed.

        (A copy of this email is on file at the highway office.)

    2. A copy of the 2023-2024 Budget Adoption Schedule was included in their packets. On a motion by Mr. Peach, seconded by Mr. Head and approved by voice vote, this budget schedule was received and ordered filed.

        (A copy of this schedule is on file at the highway office.)

    3. Supt. Adkins informed the commissioners we have ordered the roller that was approved last month. It is expected to be here spring or early summer. The two (2) Dodge trucks that have been ordered since the last of October are scheduled and have a vehicle identification number assigned to them but no ship date. Supt. Adkins also asked in regards to another tractor and mower like we bought last year. He has looked on the state wide contract and the same tractor and mower like we received last year has gone up around $11,500.00. The commissioners discussed this and directed Supt. Adkins to be getting the paperwork together for them to approve at their next meeting.

13. There being no further business, the meeting was adjourned on a motion by Mr. Head, seconded by Mr. Peach and approved by voice vote.

EMERGENCY MEDICAL SERVICES

1305 HILL STREET - SPRINGFIELD, TN 37172 - 615-384-2186 F615-384-1293

April 11, 2023

To: Mayor Vogle, Robertson County Commission

From: Brent Dyer, EMS Director

Re: **EMS Report for April 2023**

Commissioners and Mayor Vogle,

This is the report from the EMS Department for the month of April 2023. In recent weeks, our region and the overall Southeastern part of the Country has seen its unfair share of tragedies. As many of you have heard about, at around 2:00 AM on Sunday, March 26th we responded to a serious crash on I-24 with multiple fatalities involving children. The following calendar date, a school shooting in happened in Nashville. Later that week, severe weather brought tornadoes into multiple places in Tennessee. We also saw the loss of 9 soldiers out of Fort Campbell when two helicopters crashed in a training mission. One of those soldiers had just taken part time employment as a paramedic with our department. We are no strangers to responding to tragedy and mitigating difficult situations. I do want to share with our community leaders that we are making sure to follow up with our employees who were directly involved with the crash here to make sure employees are taken care of so they can continue to provide great service to the people of our County. We are also working on initiatives to increase training and our overall readiness level to respond to incidents like the school shooting in Nashville. We are working to build relationships with our other response agencies and develop interoperability and collaborate trainings. We will propose some practical and reasonable budget requests for these purposes in the coming budget planning season.

From March 1st through March 31st, EMS responded to 936 emergency calls for service. Revenues continue to show a sustainable increase of around $400K since October. As far as staffing, EMS is currently down 3 full-time positions with 2 full time employees out on FMLA/work comp. This will place some additional needs on our overtime budget, however part time employees continue to pick up shifts when possible. As we come into Springtime with nicer weather, weekends and nicer days aren't times many part time staff will sign up to work open shifts. We have been fortunate to have all EMS units in service most days for the past few months.

I am very thankful to the Mayor and Commissioners who supported us purchasing two used ambulances recently as they are now in service and being used. Without having these right now, we would be having to borrow ambulances from other Counties. We did borrow an ambulance from Cheatham County last week due to multiple trucks being out of service with mechanical issues at the same time. A new ambulance is due to arrive the second week of May. Two more units will be ready in about 6 months from our current 22-23 FY budget. Our supervisors vehicle has given some mechanical

problems and is going to cost approximately $5,500 to repair. This vehicle is a 2014 Tahoe with 191,000 miles on it. We will certainly request a replacement in the coming budget however we may be able to afford something to replace it with from this budget and I will be discussing this with our Committee and the Mayor soon. In the meantime, the EMS Captains will be using the Director's vehicle for day to day responses.

I have been in contact with our Finance Director, Mrs. Stewart, and we will be meeting soon to discuss a proposed budget from the EMS department for the coming 23-24 fiscal year. There are several community events coming up throughout Robertson County as the nicer weather comes upon us. The EMS department will work to have units on stand-by at these events to keep everyone safe. As always, if we can provide any detailed information for anything related to the operations of the EMS department, please let me know. Please stay safe and thank you for what you do for the community.

Best Regards,

Dear Commissioners:

The unaudited financial report for the period ended February 28, 2023 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Discussion & Observations: While the property appears landlocked, there is a 30' ingress/egress easement that runs on the north side of parcel 4.03, providing access to Parcel 4.04. The area has a variety of existing zoning designations. There is one lot adjoining the subject property that is already zoned R-40 (Low Density Residential). Several lots to the south are zoned R-30 (Medium Density Residential). One parcel across Campbell Road is zoned RP-80 (Rural Preservation). The remaining property in the immediate vicinity is AG-2. The minimum lot size for R-40 is 40,000 sq. ft. The subject property appears to be dimensionally appropriate.
