2023/2024 – Cedar Grove Road

Supt. Adkins informed the commission we will bid this project later this summer.

Supt. Adkins also informed the commission Governor Lee's Transportation Modernization Act passed and was signed into law on April 17th. We are proposed to receive $3.4 million. We have received communication from our Region III State Aid Road office they are wanting the counties to be getting roads planned and ready to be done. Supt. Adkins stated first we needed to know how this money was going to be divided among the six (6) highway commissioners. The commissioners talked and agreed to keep it the same percentages on how we divide their asphalt money every year. Creasy would receive 15%, Peach 5%, Head 8%, White 9%, Cook 27% and Martin 36%. The commissioners also decided if one district needed extra money to finish the road to go ahead and finish it. On a motion by Mr. Cook, seconded by Mr. White and approved by roll call vote, the commission agreed to the above on how to divide the money.

Roll Call Vote:	Mr. Cook – Yes		Mr. Creasy – Yes
	Mr. White – Yes		Mr. Head - Absent
	Mr. Martin – Yes		Mr. Peach – Yes
Vote Total:	5 -Yes	1 – Absent	Motion Carried

Supt. Adkins stated next, they needed to decide what roads need to be done for the 2023/2024 budget year. He had met with them all before and had given them the current state aid road list we have. Supt. Adkins suggested since we just finished paving a portion of Owens Chapel Road from Cross Plains Road to Oregon Road to finish the 5.50 miles left. The commissioners discussed their roads. On a motion by Mr. Cook, seconded by Mr. Peach and approved by voice vote, the commission agreed to finish Owens Chapel Road from Oregon Road to SR 49 East approximately 5.50 miles. On a motion by Mr. Peach, seconded by Mr. Cook and approved by voice vote, the commission agreed to do West County Farm Road 1.46 miles from SR 431 South to SR 257 / Mt. Zion Road. On a motion by Mr. Creasy, seconded by Mr. Peach and approved by voice vote, the commission agreed to do the rest of Jernigan Road approximately 1.31 miles from Cross Plains City Limits at the Bridge to right past Empson Road. We had already paved from Empson Road to Pleasant Grove Road in September 2020. Supt. Adkins stated this would be all we could get done for the 2023/2024 budget year along with already having Cedar Grove Road to do. He will be getting with the Region III State Aid Road office and getting these additional roads logged as quickly as possible.

For future roads to be done, Mr. Martin stated he would like for the rest of Kinneys Road from South Main Street to the Springfield City Limits approximately 5.80 miles. Mr. White stated he would like for Abedengo Road to be done from Old Highway 431 to SR 431 South – 2.60 miles. Mr. Martin and Mr. Cook share the 2.73 miles of Boyd Holland Road and they would like for it to be done. The commissioners will be looking over more of their state aid roads and discussing in the months to come.

1. Included in their packet was a copy of an Agreement For Reimbursements For Cost Of Training, Salary And Transportation In Event Of Resignation. Supt. Adkins explained to the commission it was getting harder and harder for us to hire CDL drivers. We reached out to CTAS to see if they knew of other counties that were doing anything similar to this. We used another county's Sheriff's Department agreement to come up with this one. Mr. Clyde Richert, County Attorney, read over the agreement and made a few minor changes. Currently for The Online CDL Course, Behind The Wheel And Range Expense and CDL Test the cost is estimated at $950.00. Supt. Adkins stated we have five (5) employees currently that do not have their CDL's. This would give them an opportunity to receive them and any future employees that are hired. (A copy of this agreement is on file at the highway office.)

2. A copy of the proposed 2023/2024 budget was also included in their packet. Supt. Adkins informed the commissioners this proposed budget includes the 3.5% pay raise to stay on our pay plan. There are a few employees that are receiving more than 3.5%. Everything else is staying about the same as last year. The commissioners looked over the budget. On a motion by Mr. Cook, seconded by Mr. Peach and approved by voice vote, this 2023/2024 proposed budget was received and ordered filed. (A copy of this proposed budget is on file at the highway office.)

3. Supt. Adkins received information from Mr. Ben Jordan, Region III State Aid Road and Bridges. He is needing a letter requesting to submit Kinneys School Road Bridge to be on the High Priority Bridge Replacement Program. This will start the paperwork with TDOT. Supt. Adkins has also spoke with Mr. Tom Sommers our bridge engineer. Mr. Sommers has stated this could possibly be ready to bid Spring 2024. On a motion by Mr. Cook, seconded by Mr. Creasy and approved by voice vote, the commission directed Supt. Adkins to proceed ahead with the letter to TDOT and get Mr. Sommers to start on the engineering process.

4. Supt. Adkins informed the commissioners we are still waiting on the two (2) Dodge Trucks that we ordered and showed a ship date of March 30th. Hopefully those will be delivered soon. The John Deere Tractor with side mower we just ordered has been delivered. It is in the shop for anyone that wants to look at it.

14. There being no further business, the meeting was adjourned on a motion by Mr. Peach, seconded by Mr. White and approved by voice vote.

Re: June 2023 Monthly Report from Robertson County EMS

To: Robertson County Commissioners and Mayor Vogle

From: Brent Dyer, EMS Director

Commissioners and Mayor,

I am pleased to bring good news to you all. Last week, Robertson County took delivery of a brand-new ambulance. This was the ambulance that was ordered from the 2021 budget year. It took 2 years to receive this unit. It was much anticipated and badly needed. The truck that it will replace has well in excess of 300,000 miles and is a 2013 model that has served Robertson County's citizens for a decade. Many lives have been changed in the back of a simple truck… Yes, it is just a truck at the end of the day, but I consider it literally as a "vehicle of change". We can only pray that this piece of equipment helped many people get to definitive care and find the help they needed. Lives leave our world in these trucks… some lives come new into the world in the back of these trucks… we see the worst in some yet see the best in others in the back of these trucks. These vehicles are only part of what we do to serve our community, but it is worth noting that without necessary funding, we couldn't do the important jobs we do without the needed tools to equip our team. Thank all of you who voted to fund this.

From this year's budget, our 22-23 FY budget, we were able to order 2 more new ambulances and were able to afford 2 used ambulances. The new units should be here in about one year. In the interim, the two used ambulances our commissioners allowed us to purchase have been instrumental in maintaining service to our citizens. Today, the stretcher system is being installed into the new truck and it goes Thursday to have radios installed for communications with dispatch. Following this, it has already been tagged and registered and can go into service! We will likely have a brief ceremony and pray a blessing over this unit at the next EMS Committee meeting.

Important news, I would like to thank our Budget Committee Chairman, Commissioner Couts for taking the time to meet with me last week. I know there is much going on and we are all busy taking care of business. We were able to further discuss our proposed EMS budget and discuss alternate proposals, options, and so forth. We both agree that we want to work together closely to ensure we can take good care of the employees, equip them well, but do so in a fiscally responsible and efficient manner. I have full confidence in our Budget Committee, and everyone involved. Please know that everyone has the support of myself and our EMS leadership team to make this happen. I have sent Commissioner Couts some detailed information with alternate proposals and data on his request. If anyone else would like to have this sent to you, please do let me know and I will be sure to share it if you don't already have access. I want to be open and transparent and continue to build your trust in our team at EMS. Our professional is founded on incredible trust, after all people trust us to hold lives in our hands. We believe it is important to have the same trust in all aspects of what we do.

EMERGENCY MEDICAL SERVICES

1305 HILL STREET - SPRINGFIELD, TN 37172 - 615-384-2186 F615-384-1293

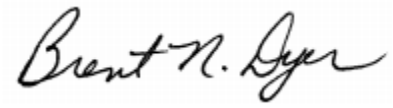

EMS has already participated in a few seasonal special events. We will continue to work to staff these important community activities and be visible and immediately available to our citizens during events such as the fair, festivals and so forth. We feel the improved image of the EMS department in Robertson County involves an improved public relations approach. It is important for our taxpayers to see what they are paying for and have a good understanding of what EMS does.

We also took delivery last week of a new supervisor's vehicle. This is a 2023 Ford Expedition 4x4 base model SUV that will provide assistance on critical scenes, first respond as needed and deliver experienced paramedic supervisors to scenes across the County. The supervisors also function as our County's medical examiners and report to the physician coroner, Dr. Scott Jordan. Our supervisors respond to approximately 4 - 5 death investigations scenes every week. The supervisors also deliver supplies to stations to re-stock ambulances at times and stay very busy. Their current vehicle is a 2013 Chevy Tahoe that is nearing 200,000 miles. Thank you to the EMS Committee and Budget Committee for voting to bring that balanced budget amendment to the full commission recently to allow for this purchase from within this year's 22-23 FY budget. We were able to purchase this vehicle from a government fleet Ford dealer and got a nice discount as well to save money.

Two more EMS employees resigned from full-time positions since the last monthly report. This leaves us with 4 full time openings now, however we have interviewed one newly licensed AEMT and are working to help another applicant get licensed in Tennessee. No paramedic applicants have come into our office through the various advertisements for employment in months now. We were able to hire a paramedic from the Upper Cumberland region through networking and assuming a contractual agreement through the former employer. We are still able to keep all stations open and ready to respond through part-time personnel and carefully spent overtime.

Lastly, I would like to thank Mayor Vogle for distributing a portion of the Opioid Abatement Settlement funds into the EMS supply budget. This money has been used to order about 2 years' worth of Narcan (Naloxone) used as an antidote against opioids such as Heroin, Fentanyl, and other pain drugs commonly abused leading to overdose and death. This will save taxpayers from having to fund it from within the normal EMS budget over the next 24 months or so. Medication suppliers often only will sell so much at one time due to supply and demand, and we wanted to be careful and not buy too much on hand due to drug expiration dates, to not be wasteful. We were also able to afford some much-needed supplies such as first-responder kits to equip our volunteer firefighters in different departments with these funds. This will enhance our First Responder / Emergency Medical Responder program in our rural areas serviced by Volunteers. This was a wonderful blessing to our County, and we are thankful.

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended April 30, 2023 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

New Business: Level 1 Real Estate Group Rezoning Application

Front: 50'
Side: 20'

Map 1: APSU/Robertson County Zoning Map, with the entire subject parcel identified by a star shape.

Discussion & Observations:

The applicant wishes to rezone only 4.56 acres of the 7.77-acre subject property. *An enlarged image from TN Property Viewer is attached to this report as Exhibit 1.* 4.56 acres could support up to 4 new independent lots of record, depending on lot configuration. *See Exhibit 3 of this report for the surveyor's description of the 4.56 acres intended for rezoning.* The parcel is located along Highway 41 N. Either side of the parcel is zoned C-1, and C-1 (or other commercial designations) are most appropriate use along this major thoroughfare. *Please refer to Exhibit 2 of this report to see an enlarged version of the zoning map inset.* Surveyor Steve Artz has communicated that the applicant has submitted a three-lot subdivision plat to the City of Springfield for approval. That action will help prevent any split zoning of property from occurring.

6-6.1 C-1 General Commercial District

A. District Description

These districts are established to provide areas in which the principal uses of land are devoted to general and highway commercial activities along the principal thoroughfares in Robertson County. Regulations are designed to preserve the traffic carrying capacity of the streets and roads in Robertson County and to provide for necessary off-street parking and loading. All lots shall be considered fronting on either arterial or collector roads as indicated on the latest official major thoroughfare plan.

Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. New Business: Joyce Hendricks Rezoning Request

Request: Rezone ***the entirety*** of Tax Map 104, Parcel 15, from AG-2 to RP-80.

Property Information:
- Tax Map 104, Parcel 15.00
- 3241 Possom Trot Rd, Greenbrier
- Total lot acreage: 6.99 acres (304,484.4 sq. ft.)
- **Rezone Request: 6.99 acres**

RP-80 Minimum Requirements
Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 35'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min. Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%

Discussion & Observations:
The applicant wishes to rezone the entire 6.99-acre property. The subject property is surrounded by AG-2 zoned property. There appears to be multiple existing structures on the property.

There is one parcel of RP-80 to the north, and one parcel of R-40 to the south (neither directly touching the applicant's property). The remaining property in the immediate vicinity is zoned AG-2 with varying lot sizes. *Please see Exhibit 1 for zoning map exhibit.* The applicant's surveyor, Todd Bollinger, has confirmed the applicant's intent to subdivide the property at a future time. The property could support up to three (3) independent lots of record.

The applicant's request to rezone to RP-80 appears to be dimensionally appropriate. Staff recommends that any approval be made contingent upon the applicant submitting the final plat executing the intended subdivision before submitting the rezoning request to the County Commission for public hearing.

- **Rezone Request: 1.96 acres (85,377.6 sq. ft.)**

Figure 1: Tax Map 19, p/o/ 24.00 in entirety is highlighted. The applicant requests only 1.96 acres of the property to be rezoned.

RP-80 Minimum Requirements
Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 35'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min. Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%

Discussion & Observations:
The applicant wishes to rezone only 1.96 acres of the 5.1-acre subject property. The subject property, and all property in the immediate vicinity, are zoned AG-2 with varying lot sizes. *Please see Exhibit 1 for zoning map exhibit.* The applicant intends to subdivide the property, as illustrated in the figure to the right, provided by Surveyor Steve Artz.

The applicant's request to rezone to RP-80 appears to be dimensionally appropriate. Staff recommends that any approval be made contingent upon the applicant submitting the final plat executing the intended subdivision before submitting the rezoning request to the County Commission for public hearing.

RE: Stark - Jimson Road Residential Project
Jimson Road
Robertson County, TN

Dear Mr. Stark,

We understand you intend to create four new lots intended for single family home construction by dividing an existing parcel on Jimson Road. No fire hydrant, residential fire sprinkler or landscape irrigation demands have been requested.

This letter will confirm WHUD can provide domestic water service to the project if the developer designs, funds, and installs a new water main extension along Jimson Road beginning at an existing water main on Starks Road and continuing down Jimson Road to provide a connection point for a water tap to serve the westernmost lot in the project. New water taps will need to be installed for each proposed lot along the water main extension. An overview map with approximate locations of existing water mains is attached.

Applicable fees for this project follow:

Plan Review fee:	**$1,000** per phase of water plans These fees are due at the time plans are submitted for review.
Inspection/Admin fee:	**$500** per residential lot **$7** per linear foot of offsite main These fees are due prior to a preconstruction meeting for water infrastructure that will serve the project.
Water Facilities fee:	**$467** per residential lot
Water Meter tap fee:	Water tap fees are based on meter size. Water tap fees will be charged per the schedule posted on

WHUD's web site at the time of purchase. Currently, a standard 5/8" x ¾" water tap costs **$2,000**.

There will be a **$50** new account setup fee charged for each new account created.

Tap fees are typically paid by home builders and are due at the service is requested for each new lot.

It appears that new utility easements will need to be acquired for water main extensions to serve this project. WHUD will manage the acquisition process. The developer will be required to reimburse WHUD for any costs that are incurred in relation to acquiring easements.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the fees (excluding tap fees) at the amount stated above for a 90-day period past the date of this letter. After the 90-day period expires, fees are subject to re-calculation and potential increases. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and issue a written response that either denies or grants the request.

This letter does not constitute an agreement between WHUD and the developer for WHUD to provide service to the project. A written development agreement will need to be executed between WHUD and the developer. Written service contracts will need to be executed between WHUD and new customers. These contracts will specify details related to fees and other terms related to providing service to the project.

Please contact our engineering department at 615-672-4110 ext 262 or via email at WHUDengineering@whud.org if you have any questions.

Sincerely,

Pat Harrell, P.E.

The applicant wishes to rezone the entire 16.99-acre property to R-40. The applicant's stated intent is to subdivide this property into individual lots of record for purpose of single-family development.

Depending on surveyed results and dimensions, the property could potentially support up to fourteen (14) independent lots of record. Any future subdivision action will be subject to approval by Robertson County.

The subject property is substantially surrounded by AG-2, but there is one adjacent parcel to the south that is zoned R-40. The property appears to be undeveloped. *Please see Exhibit 1 for zoning map exhibit.*
