EMS Report for County Commission

November 2022

From EMS Director, Brent Dyer-

Thank you to everyone who has welcomed me back into Robertson County. I look forward to working with you all and will do my best to represent your EMS department well. Commissioner Stubblefield has been so kind and has helped introduce me to everyone. If I can do anything for any of you, here is my contact information:

Office - 615-384-2186
Cell/text - 615-440-6657
Email - bdyer@robertsonems.org

I would like to recognize our IT Director, Chet Biggers for his work and helpfulness to help me make some good improvements in my first month in the position. Chet has helped us solve some issues and save a few thousand dollars so far. I really appreciate him and Robert in the IT department.

Also, please let me say how much I appreciate our Finance Dept. Director, Mrs. Jody Stewart. She has been so helpful to me as we have worked to ensure EMS is operating well. Her team has helped us to hire several new employees with ease. This will help EMS operate within our part time payroll more efficiently, hopefully decreasing a routine dependency on overtime. Of all the places I have worked, the Robertson County Finance Department is hands down the best one I have seen.

We continue to build up relationships between other departments, make new contacts and see an immediate improvement in the overall morale of the EMS department. I believe you all will continue to see good things from EMS as we progress forward. Below is a summary of key projects or expenditures we have managed since the beginning of October.

- Robertson / Sumner County Ambulance Automatic Aid Agreement. – In recent discussion about mutual resolutions between each County, Sumner County had moved to go away from a past agreement that allowed for Robertson County EMS to respond on calls in Whitehouse, whereas Sumner County would in-turn respond on calls in Portland and Millersville. Each respective County EMS department has ambulances stationed within these municipalities. This discussion quickly gained some attention and was intercepted by our department and our EMS Committee. EMS Committee Chair Fay Stubblefield and I met with department heads and County/City leaders recently and everyone agreed to keep the agreement and actually work to enhance it. We also agreed that better language in the resolutions could afford each County better legal indemnification. A proposed draft to each County's resolution has now been sent as of this week to our County Attorney for his review. The proposed resolution revisions will then be brought

back before the EMS Committee for review on November 28th. The goal is to have this ready to officially present to this full Commission at the December meeting.

- We are working with our EMS Committee, Finance Director and HR Partners with AJG to present a goal to develop an improved shift schedule for EMS employees that encompasses some desired benefits to better recruit and retain employees. We currently have one ambulance not operating and some days, two ambulances are not operating. These are units that are funded to be operational. This affects response times and limits our vital resources during peak call times. A plan is being developed that will be coming before our respective Committees in coming months. I look forward to bringing this to our Commission in coming months. This is a crucial need for our department. We appreciate the support of our Commission in developing this.

- Our team at EMS has been in communication with the new EMS billing company, EMS Management and Consultants out of North Carolina. This is the company that the County partnered with in the Spring of 2022. It appears the contract will be up for renewal in the Spring of 2023. We have already made some changes that reflect an improvement of a 38% collection rate a month ago, to a current collection rate of 44%. There is still much room for improvement. If my plan works as expected, EMS should be able to see an improvement of upwards to at least 80%. This should bring about $750,000, possibly closer to $1M of revenue improvements. There are many factors involved with this, but I wanted to report that this is being focused on to help offset some of request for more funds we will likely need to request to improve EMS operations in coming months, as we move into the 2023-2024 fiscal year.

- EMS has requested to present recognition to responders who helped save a 25 yr old man's life on October 5, 2022. Mayor Vogle has allowed us to get on the agenda for this meeting to recognize the personnel who worked hard that day to help one of our citizens.

- In this month's Budget Committee and EMS Committee meetings, your fellow Commissioners voted to move $300K of residual American Rescue Plan funds into the EMS budget for the purchase of a second ambulance this fiscal year. This should come before full commission this meeting. This is much needed as the ambulance fleet has multiple trucks with an excess of 200,000 miles. One vendor reports a wait time of 14-15 months and another vendor reports a wait time of 2 years once ambulances are ordered. Your support in this is very much appreciated and shows a commitment to the safety of your community. Thank You.

If anyone in this Commission has any questions or would like information about other projects, call volumes or anything else, please feel free to reach out.

-Brent Dyer, EMS Director

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended September 30, 2022 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

B. Uses Permitted

In the ***RP-80***, Suburban Estate District, the following uses are permitted.

See Table VI

C. Accessory Uses and Structures

1. Private residential garages and parking areas.
2. Private barns, stables, sheds, and other farm buildings.
3. Outdoor recreational facilities exclusively for the use of the residents.
4. Signs in compliance with the regulations set forth in *Article IX, Section 9-1.*
5. Home occupations as defined by and subject to the provisions of *Article IV, Section 4-2.*
6. Other accessory structures and uses customarily incidental to the permitted uses.

D. Uses Permitted as Special Exceptions

The following uses may be permitted as special exceptions in the ***RP-80***, Suburban/Agricultural District, after review and approval by the Board of Zoning Appeals in accordance with *Article XI, Section 11-7.*

See Table VI

E. Uses Prohibited

In the ***RP-80***, Suburban/Agricultural District, any use not permitted by right, by accessory use, or as a special exception as is strictly prohibited.

F. Dimensional Requirements

All uses permitted in the ***RP-80***, Suburban Agricultural District, shall comply with the following requirements.

Re: Request for Rezoning

Dear Planning Commission Members,

The purpose for this letter is to request to the rezoning of an 11.06 acre tract of land. The subject property may be found on Tax Map 85, part of Parcel 74, in the Tax Assessor's Office for Robertson County, Tennessee. The property has road frontage on U.S. Highway #31-W, in the 9th Civil District, 2nd Voting District.

The property is currently zoned, "AG-2". We are requesting the subject property to be rezoned to "RP80" in order to subdivide the property into four (4) residential building lots. This development will be considered as Upland Reserve, Section 2 if the request for rezoning is approved. We understand that if the request is approved we must then submit appropriate plats to the Planning Commission for approval prior to the commencement of construction.

Thank you for your cooperation with this matter and if we may assist you in any manner please contact us at your earliest convenience.

Sincerely,

Roy Edward Smith
