Re: May 2023, Report from the EMS Department

Commissioners and Mayor Vogle,

I hope this month's report finds you all in good health. In our last EMS Committee meeting, our members passed the proposed 23-24 FT EMS budget on to the Budget Committee. We introduced this proposal to the Budget Committee on May 2nd. This proposed budget has an increase just under $2M ($1,998,884). Highlights of this proposal and other points of discussion from EMS are as follows:

Changing the working schedule for EMS employees

This proposed change would not affect administrative positions, only the paramedics and AEMTs assigned to the ambulances. Currently, EMS employees work 24 hours on duty / 48 hours off duty. The proposed change would be EMS employees working 24 hours on duty / 72 hours off duty. The benefit of this change would be more time for employees to rest and decompress before coming back on duty again. This also would afford employees more of a positive work-life balance. This is quickly becoming a trend across much of the U.S. in our industry. It has also become a proven recruitment and retention model in services that have implemented this. Where many counties or municipalities have implemented this, more local examples here in Middle TN are Rutherford and Williamson Counties.

The current schedule in which EMS employees work 24 hours on duty / 48 hours off duty is equivalent to someone working a 9a-5p job, 7 days a week, 365 days a year. This is why their minds and bodies stay so fatigued. This is also a prime reason that so few people stay employed in the profession or in departments that work the 24/48 schedule. In order to implement this much needed schedule change, it requires us to add a 4th shift. Adding this shift is the bulk of our proposed budget. This would be adding 17 employees, which is staffing 8 ambulances at 2 personnel on each, plus a shift Captain. The budget for regular payroll hours increases of course, however even with 17 additional personnel, the proposed overtime budget for "premium overtime hours" decreases when implementing this schedule.

Implementing a formative and tangible pay plan

When I came in as EMS Director, I learned of all the efforts previously made to fairly pay and compensate our personnel across the County. We thank you all for this. I took a very close look at what each employee at EMS was being paid. In this, we discovered that there were certain inequities throughout approximately 1/3 of our EMS employee's hourly/annual pay.

1305 HILL STREET - SPRINGFIELD, TN 37172 - 615-384-2186 F615-384-1293

When I shared this information with our EMS and Budget Committee members, we all agreed that with the coming fiscal budget season, it would be easier to address this in one project during budget season. In the development of the pay plan, I utilized a 2022 study by BTA (Burris, Thompson and Associates) that was provided to me by our Finance Director. It's my understanding that the study was shared through our HR partners, AJG (Arthur J. Gallager). This study compares multiple counties and municipalities throughout our State and refers to them as "respondents". Robertson County is listed as a "medium sized respondent". Also, to help develop our pay plan, I used a comparison analysis between other services in the region to establish annual salaries that are competitive across the EMS job market.

The proposed pay plan recognizes tenure and experience. This will provide an incentive for employee retention. The pay plan gives incremental pay increases in the same 3-year periods that coincide with the way PTO (paid time off) is distributed currently per our Robertson County Employee Manual, creating a formative and HR appropriate pay plan that will hopefully attract applicants.

Capital needs requested in the proposed 23-24 fiscal budget

In the proposed EMS budget for the 23-34 fiscal year, here are some bullet points of what we have requested in capital needs:

- 1 ambulance, new box and chassis, last quoted at $295,000
- 1 Stryker power cot (stretcher) and power load system- $58,500
- 1 Zoll cardiac monitor/defibrillator- $35,000
- LUCAS3 CPR mechanical compression devices, - $70,000
    - We need 8 of these (one each ambulance), but at $17,500 each, we have proposed to buy 4 this year, and maybe get the others next year, hoping to add the extended service plan on next year also. They come with 1 year standard warranty.
- Computer/tablets, mounts and software for MDT through our ECC, $21,430
    - This is for MDTs (mobile data terminals) in EMS vehicles that brings up mapping, provides GPS locations of ambulances to dispatch, and allows EMS personnel to connect with the CAD (computer aided dispatch), decreasing the strain on dispatch personnel answering the radio for messages that can be input into the tablets remotely.
- Body Armor / ballistic vest, these will be universal fit, adjustable for each employee, acquiring 20 vests, enough for 8 ambulances on duty with 2 people each, 3 admin responders and 1 extra for new employees or riders on duty. These are for responses to the unthinkable potentials of active shooters, domestics or other scenes involving an increased threat of violence.

Needs we did not request in this budget

With a notable request already being made to focus on human resources, we realize the need to be as conservative as possible with all other requests. These are things we need, but will work to acquire later. This shows things that were considered but not included in the proposal to help keep cost down:

- We need to plan to add at least one additional ambulance in rotation to help meet the increased call volumes, especially during peak afternoon/early evening hours. The cost of staffing and equipping another ambulance to go from 8 units to 9 units is approximately $750,000.
- With the status of the current fleet, we were going to propose purchasing 2 ambulances instead of 1 again this year, but another ambulance and the cost of the stretcher system for the back, it would total another $353,500. This is why we only asked for one in FY 23-24.
- Safety gear – My goal is to continue to equip those employees who still don't have rescue gear to get them equipped to stay safe. The cost for a set of extrication/rescue gear is approximately $2000 (coat, pants, boots, gloves, helmet with eye protection). This gear is used on serious accident scenes, search and rescue operations and responses to incidents such as tornadoes where there are structural collapses and heavy debris fields.
- Stryker Power Stair Chairs – These are designed to take a lot of the weight in lifting and moving large people off of the backs/bodies of responders, helping to reduce work injuries. These have a cost of right at $16,500 each, plus any extended service plans, which I recommend on equipment such as this. 4 more of these with the service plan would be approximately $98,000.
- Heavy duty pick-up 4x4 response vehicle – The HD truck would be used for response, also to give a support vehicle in our fleet capable of safely pulling our UTV and trailer, also for pulling our MCI (mass casualty incident) trailer. A heavier duty truck is also more suitable to use for recovery in pulling ambulances from muddy spots or smaller ditches in snow and ice, which is a common occurrence during severe winter weather. The cost for a slightly used, or new on government fleet pricing F250 is approximately $65-70K (including upfitting).

Discussion on the coming "EOC Committee"

Robertson County could use an EOC (Emergency Operations Center) like many other counties have. We do have the dispatch center, but we need a facility shared by EMS and EMA in which we can house equipment and a training room capable of holding meetings and classes comfortably. The other section of the facility would be "hardened" for enhanced security / safety from weather.

I have been asked to participate on an EOC committee to assess this further. With this, we also need an EMS station on the east side of the County in Whitehouse. Ideally, we could partner with our school's system to build something that takes up minimal space on currently owned County property. The needed facilities would be a large expense. This is certainly something we need to plan for as soon as we can, but it was not something I included in the 23-24 FY proposal.

Surplusing of decommissioned ambulances

At the last EMS Committee meeting, the committee voted to accept my request to surplus two older decommissioned ambulances. Both units have high mileage and some mechanical issues. This will come before the full commission soon as a resolution to place these two ambulances up for bid on govdeals.com to recoup what value we can back into the County's coffers. The units are as follows:

- Truck ID 30, 2011 Chevrolet 3500 Sienna (van front) type III ambulance with 249,116 miles
- Truck ID 34, 2014 Chevrolet 3500 Silverado type I ambulance with 332,292 miles

Resolution on Robertson – Sumner County automatic aid agreement

Our County Attorney, Clyde Richert, has drafted a proposed resolution to come before our full commission regarding the automatic aid agreement for ambulance response in the areas of our County where we share municipal territories with Sumner County. These cities are Portland, Millersville and Whitehouse. EMS Chiefs/Directors, EMS Committee Chairs, and other elected officials have met and the agreement is in place that in areas where one County has ambulance(s) staffed in the city limits, that County will respond to calls even if it is across the County line. For example, in Whitehouse, Robertson County EMS will respond first. In Portland, Sumner County EMS will respond first. We have some common area with Cheatham County that we are working to establish a similar agreement on.

Report on employees advancing their career

I'd like to close out this somewhat lengthy, but informative monthly report with some praise for some of our colleagues at EMS. I am pleased to announce that 4 of our current Advanced EMTs have passed Paramedic school at Volunteer State Community College's Paramedic Program. This program was 3 additional college semesters including a final preceptorship. Now, as paramedics, these employees will be able to administer all medications carried on the ambulance, perform all advanced airway skills such as intubation and surgical cricothyrotomy, and have full use of the cardiac monitors/defibrillators. The employees who have passed paramedic school are:

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended March 31, 2023 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Re: Request for Rezoning

Dear Planning Commission Members,

The purpose for this letter is to request to request the rezoning of a 5.09 acre tract of land. The subject property may be found on Tax Map 46, Parcel 17, in the Tax Assessor's Office for Robertson County, Tennessee. The property has road frontage on Youngville Road, in the 18th Civil District, 8th Voting District.

The property is currently zoned, 'AG-2'. We are wishing to rezone the property to 'RP80'. We are wishing to divide the property into two (2) tracts. One tract will have the existing dwelling located upon it and the second tract our son is planning to construct a new home on the property. We understand that if the request is approved, we must then submit a Final Plat to the Planning Commission, as well as all other approving governmental agencies that are required.

Thank you for your cooperation with this matter and if we may assist you in any manner, please contact us at your earliest convenience.

Sincerely,

David L. Joyce

Reviewed for the Robertson County
Planning Commission Meeting
of April 27, 2023

New Business: David Joyce Rezoning Request from AG-2 to RP-80

Property Information:

- Tax Map 46, Parcel 17
- 5434 Youngville Rd, Springfield
- 8th Voting District
- 5.09 acres - 221,720.4 sq. ft.

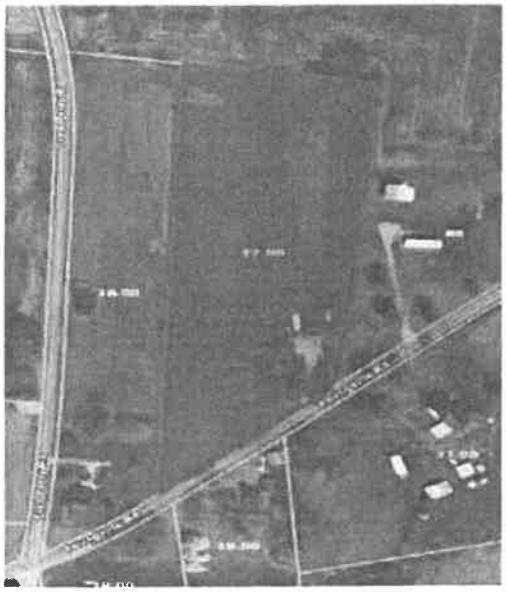

RP-80 Dimensional Requirements:

Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 35'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min. Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%

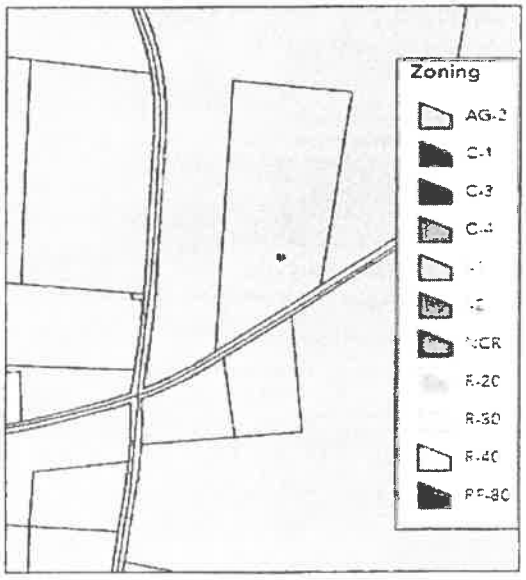

Discussion: The request for rezoning is to facilitate the subdivision of this property into two independent lots of record. One lot will have the existing structures on it; the second lot is intended to be developed with a single-family structure by a family member.

The property appears to meet the minimum dimensional requirements of the RP-80 zone.

- 6.217 acres - 270,812.52 square feet
- Property is served by White House Utilities.

Side: 30'
Rear: 40'
Min. Lot Width @ Front Bldg. Setback Line: 250'
Min. Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 25%

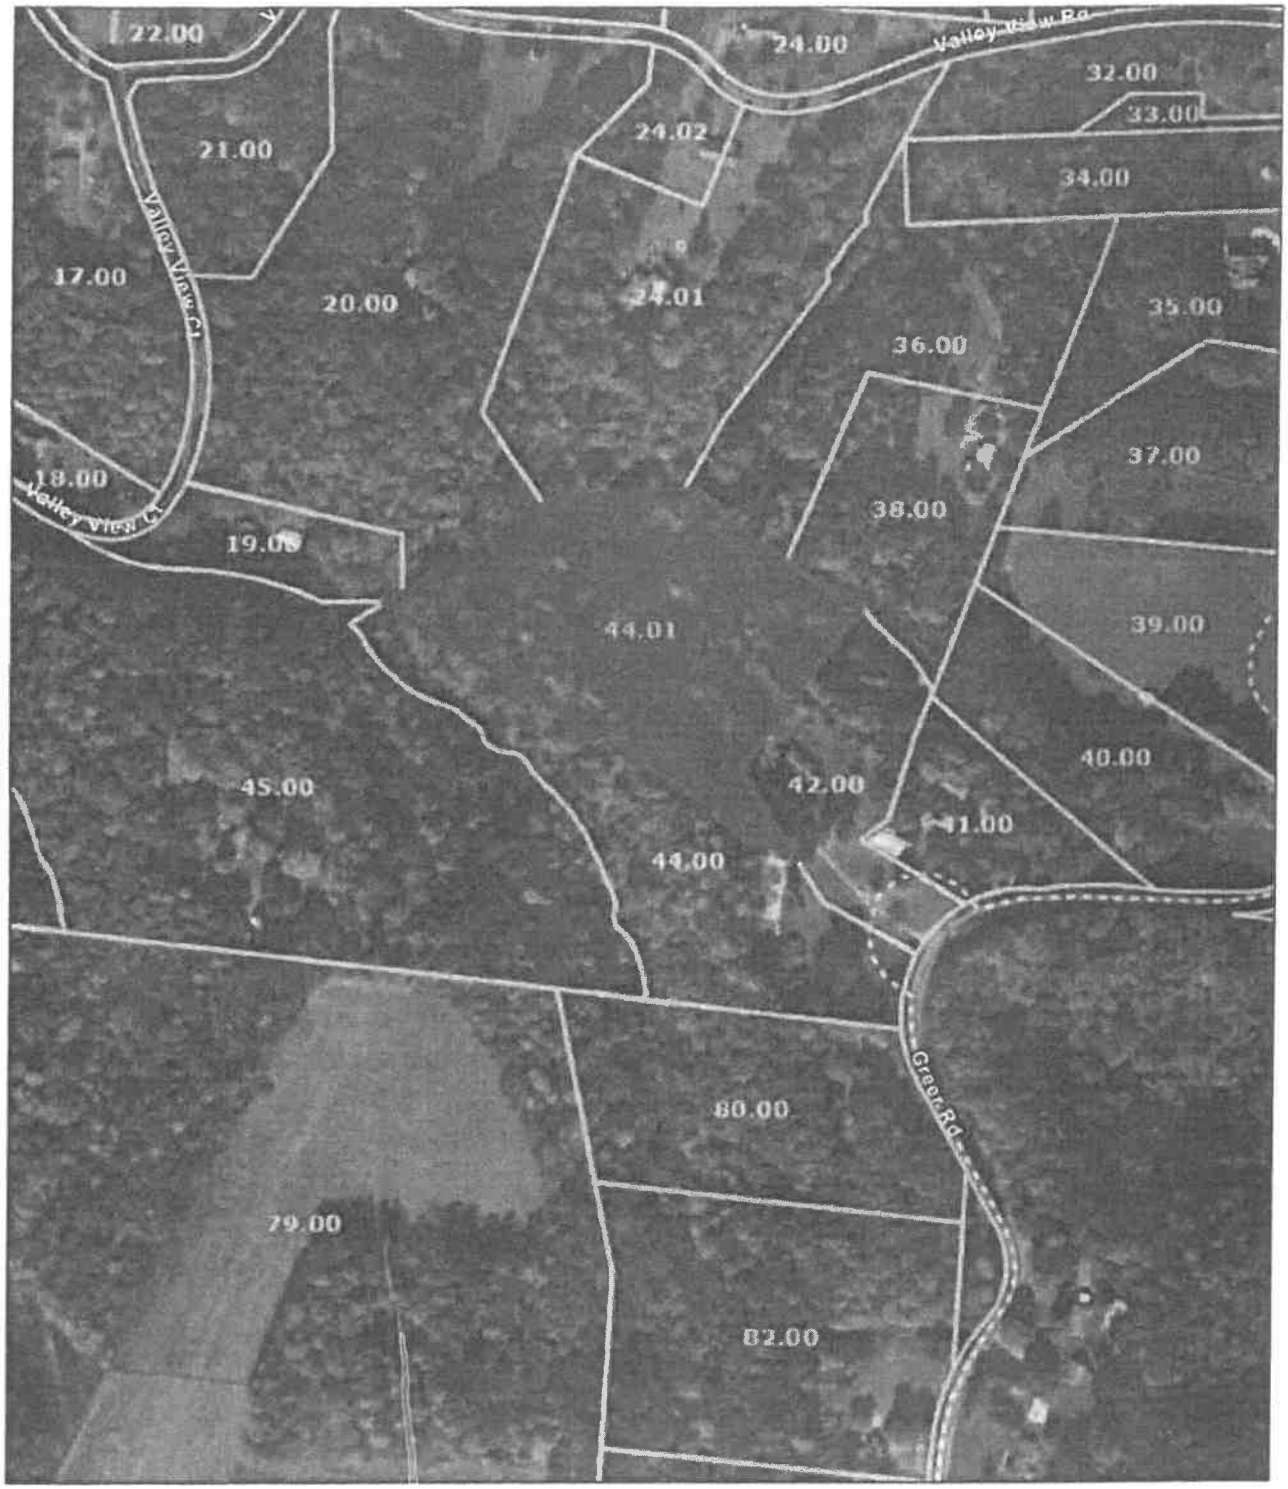

Map 1: APSU Robertson County Zoning Map

Discussion & Observations: The applicant, William Mason, is under contract with the current owner of record, William E. Baggett.

The minimum lot size for RP-80 is 130,000 sq. ft. The subject property appears to be dimensionally appropriate. Assuming all other dimensional requirements are met, the property could be subdivided into two (2) independent lots of record. The rezoning exhibit submitted by Surveyor Todd Bollinger indicates a 30' ingress/egress & private utility easement accessing the subject property through Parcel 42 off Greer Road. The property appears to be immediately adjacent to RP-80 and R-40 zoned lots.

RE: Water Availability for Greer Rd
Robertson County, Tax Map 140 Parcel 44.01
Goodlettsville, TN

Dear Mr. Mason,

This letter will confirm White House Utility District can provide two domestic water services for the property mentioned above as long as each lot fronts Greer Rd or has an easement dedicated for the water service line to lie within. We understand the development will involve the alteration of an existing parcel such that two residential lots will result.

WHUD's existing four-inch water main located on the northwest side of Greer Rd can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $250 for each new lot created will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE
District Engineer

RE: Water Availability for Pinson School Road
Robertson County, Tax Map 103 Parcel 049.00
Greenbrier, TN

Dear Mr. Wilson,

This letter will confirm that White House Utility District can provide two domestic water services for the property mentioned above as long as the new lots front Pinson School Road or have easements dedicated for the water service lines to lie within. We understand the development will involve the alteration of an existing parcel such that two residential lots will result. There are currently no water taps associated with this property. A fire hydrant has been requested however flows were not provided. The TDEC minimum fire hydrant flow rate of 500 gallons per minute with a minimum residual pressure of 20 psi has been assumed. No fire sprinkler flows, commercial flows, or irrigation flows have been requested for this project.

WHUD's existing six-inch water main located on the west side of Pinson School Road can provide domestic water flow for this project however **cannot** support the TDEC minimum hydrant flow rate requested.

A water facilities fee of $467 for the new lot created will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000, but that is subject to change over time. A $50 account setup fee applied to the first bill for each new account created.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

New Business: Gary Payne Rezoning Request from R-40 to AG-2

Map 1: TN Property Viewer

Property Information:
- Tax Map 105, Parcel 066.02
- Unaddressed Highway 76E
- 27.30 acres – 1,189,188 sq. ft.
- Served by White House Utility District

AG-2 Dimensional Requirements (With Water):
Minimum Lot Size: 130,000 sq. ft.
Front: 75'
Side: 30'
Rear: 40'
Min. Lot Width @ Front Bldg. Setback Line: 250'
Min. Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 25%

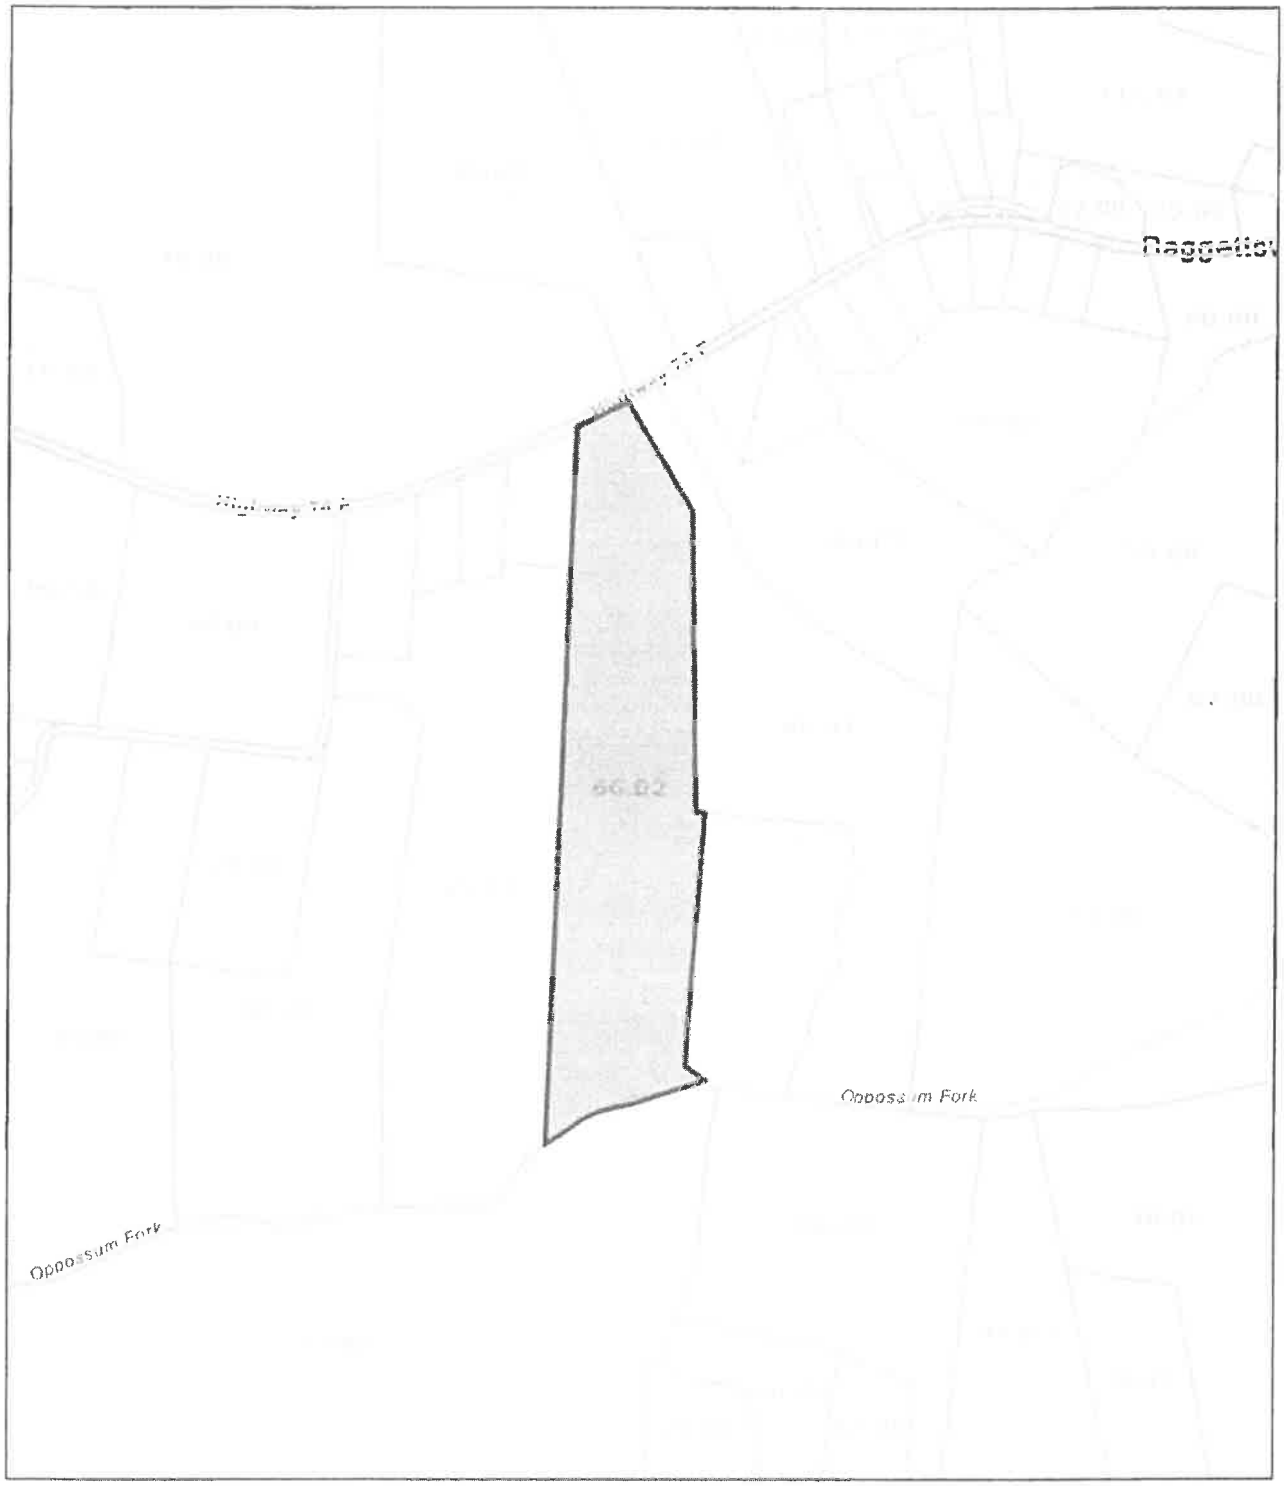

Discussion: The stated reason for the rezoning application is the owner's desire to revert the property back to agricultural.

Parcel 66.02 was recently subdivided into two (2) independent lots of record. Parcel "2", as noted on the exhibit to the right, is the subject of this rezoning request. The subdivision action resulted in lots greater than 5 acres, thereby not requiring Planning Commission approval. The property appears to meet the minimum requirements of the AG-2 zone.

RE: Water Availability for 17655 Highway 76
Robertson County, Tax Map 105 Parcel 66.02
Springfield, TN

Dear Ms. Payne,

This letter will confirm White House Utility District can provide two domestic water services for the property mentioned above as long as the tracts front Highway 76 or have an easement dedicated for the water service line to lie within. We understand the development will involve the alteration of an existing parcel such that one residential tracts will result.

WHUD's existing eight-inch water main located on the south side of Highway 76 can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 for each tract ($934 for two) will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE
District Engineer

WHEREAS, dispatch operations of police, fire and emergency personnel in Robertson County have been studied and discussed for the last several years, and

5. The dispatch services referenced above shall be provided by the District using its own employees who are subject to being hired, disciplined and terminated by the District and who are compensated as employees of the District out of its annual budget for the fiscal year 2023- 2024 and for each fiscal year thereafter for any annual renewal of this Agreement.
