September 12, 2023

Honorable William Vogle, Mayor
and Honorable Board of Commissioners
Robertson County
501 Main Street Room 108
Springfield, TN 37172

Dear Mayor Vogle and Board of Commissioners:

This letter acknowledges receipt of a certified copy of the fiscal year 2024 budget.

We have reviewed the budget and have determined that projected revenues and other available funds are sufficient to meet anticipated expenditures. Our review of the budget is based solely on the information we have received. With regard to programs included in the budget such as education, roads, and corrections, we have not attempted to determine that the local government has complied with specific program statutes or guidelines, or with any financing requirements prescribed by any state or federal agency. Please note local officials are required to ensure the budget remains balanced throughout the fiscal year and that all maintenance of effort requirements are met – our office has not reviewed or approved any maintenance of effort programs in this budget. Budget amendments must be sent to our office for formal acknowledgement after they are approved by the local governing body (submit to: LGF@cot.tn.gov).

This letter constitutes approval, by this office, for the County's fiscal year 2024 budget as adopted by the County Commission.

Budget Considerations

During our review of the budget we identified the following items for your attention.

Timely Adoption
Thank you for filing the budget with our office within 15 days of adoption. We noted that the budget was adopted August 21st, 2024. Next year's budget should be adopted prior to the beginning of the budget year for the County to be eligible to receive the annual budget certificate: tncot.cc/budgetcertificates.

Re: September 2023 EMS Department Monthly Report

Mayor and Commissioners,

Fall is upon us, and it has brought about an abnormal number of obstetrical (baby delivery) calls to our County. I am proud to share with those who may not know, at around 2 AM on September 6th, our team worked to deliver a premature baby born on scene at a home in the Pleasant View / Coopertown area. The baby was only 29 weeks gestation and upon delivery he was not breathing and lost pulses. We celebrate the miracle of life with a miraculous story of survival as the baby was resuscitated through a strong partnership with our local hospital at NorthCrest. As of just yesterday, I received word back that the baby was doing much better and was feeding well and growing. It appears he will be ok and hopefully will return home soon.

The employees on the call above did a great job, they relied on their training and experience to help. The work that has been done by our Mayor and Commissioners to support emergency services and law enforcement in Robertson County has been very well received by the team of employees in your EMS department. Thank you for allowing us to implement a formative and market equitable pay plan that promotes recruitment and retention of skilled and professional responders for our County.

The EMS transport revenues goes back into the County's budget. This is the money collected from billing patients who are transported by EMS. We also charge a response fee to facilities or sometimes residents who have called and received care using supplies. This is typically a fee of $50. Our latest "cash per call" revenue figure is $418. This time last year it was $381 per call. We are running about 12,000 calls per year and approximately 8,000 of those are billable calls. What we billed out last year (gross) was approximately $5.5M, and our net revenue last year was approximately $2.5M. Here are last month's revenue figures:

Monthy-
Aug 2022: $178,554.58
Aug 2023: $189,546.41

FYTD-
Aug FYTD 2022: $247,062.37
Aug FYTD 2023: $306,327.67

EMS was on the budget committee agenda for the past meeting on September 5, 2023. The acquisition of a second available ambulance was discussed. I wanted to be sure everyone knew that we had ordered 2 more ambulances from the 22-23 FY budget and got another one funded to order from the 23-24 budget. However, a good thing came of this discussion. One of the ambulances we had ordered from the 22-23 FY budget was going to cost us $310,000 and couldn't be delivered until June/July of 2024. At the time this was ordered, it was all that was available other than committing to an order that would take 2 years for delivery. With the availability of two trucks costing a lesser amount of $270,000 each that will be available in February/March 2024, the committee approved for us to cancel the order for the more expensive ambulance with the longer delivery time and move to order both less expensive ambulances that could arrive sooner. Again, this sounds confusing, however timing and availability played a big part in this. The good news in summary is that we will still be getting **another 3 ambulances** by this time next year and won't have to wait as long for 2 of them, and we saved $40,000. This was a great thing that I feel came from that meeting. I do believe the original idea to do this in the meeting came from Commissioner Bob Stroud, but all committee members, the Mayor and Madam Finance Director agreed, and our finance office has helped me get this done. Thank you to all.

One last note for this month's report is that we have been working to try and assign on duty "zone" units to stand by at our local High School football games. Fortunately, even between normal call volumes this has worked well so far this season. At least 4 calls have happened right when EMS units were already on scene and ready. I want to try to keep doing this, I have had multiple requests for it when I came to the team last year and have received a lot of positive feedback from citizens about it. We will continue to try and do this without staffing extra units when possible. I want to avoid overtime expense if possible. Likewise, with the Robertson County Fair happening next week, we will be providing first aid and an actual paramedic ambulance will be on stand-by for some of the events. We will be working to staff this with part-time personnel to minimize usage of overtime. When I took the position last year, we only had one part-time employee working. We now have about 15-20 reliable part-time employees who help fill in on a routine basis. This is a great benefit to our operation and helps minimize abnormal overtime costs. We are also thankful to be more involved in our community and able to show the taxpayers what they are getting for their money. I welcome any feedback from any of you.

Best Regards,

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended July 31, 2023 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Purpose of Rezoning Request

The purpose of the action is to divide a 6.8A plot of land currently zoned AG-2 into 2 tracts and to rezone one, 2.27A, plot of that land to RP80. One tract will have existing dwellings located upon it and will remain zoned AG-2. We are that the second tract containing 2.27A will be rezoned to RP80. My aging parents are planning to build a new home on this rezoned tract of land.

Thank you for your cooperation with this request.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision.

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts, greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision.

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.
