Robertson County EMS
EMERGENCY MEDICAL SERVICES

April 10, 2024

To: Mayor Vogle and the Robertson County Commission

From: Brent Dyer, EMS Director

Re: EMS Report for April 2024

Mayor and Commissioners,

Please accept this report from the EMS Department for the month of April 2024. We do not have too much to report on. In last month's EMS Committee meeting, I did present a fair amount of information to the Mayor and Committee Members regarding our EMS billing contract with an outsourced company called EMS-MC. The decision was made to proceed with another 3-year contract term with the current EMS billing company. I can provide any of those details to anyone who would like to have them. The committee also approved my proposal to increase EMS transport fees to bring Robertson County up to fair market charges for EMS transport services, to include mileage. This will likely be coming before the full commission for a final vote this month.

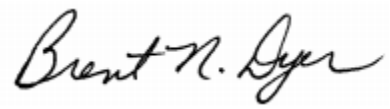

I have requested to be on this month's agenda to present recognition to our colleagues from NorthCrest Medical Center during the Mayor's comments in this month's meeting. Some great work has been done at our local hospital and our partnership with them is one of the best of anywhere I know of in Tennessee. I look forward to briefly introducing our County leaders to the leadership team of NorthCrest and our own Physician Medical Director, Dr. Love Anani. We couldn't do all the advancements and quality of care we are bringing to Robertson County without the team at NorthCrest.

Lastly, I would like to invite all Commissioners to the next EMS Committee meeting on April 22nd at 5PM. This will be at our office at 1305 Hill St. in Springfield. Some of our Committee Members suggested that we have a brief work session, if possible, to further detail any EMS related budget needs coming into budget season. Department heads are preparing to present capital needs to the budget committee on May 7th or 14th. I will also be glad to show any details and answer any questions regarding our EMS billing / revenues, future projections and so forth. This is

important to us because the EMS transport revenue is listed as the County's 3rd largest source of revenue, hence I am doing my diligence in managing it as best possible.

Larger expenditures such as purchasing lifesaving defibrillators, staffing an additional ambulance for the east side of the County and so forth are worthy of detailed discussion. I want to be sure I am doing my part to bring all the necessary data and planning to this body so we can work together to keep Robertson County well served for emergency services.

We look forward to seeing you all soon, please be safe!

Dear Commissioners:

The unaudited financial report for the period ended February 29, 2024 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Re: Request for Rezoning

Dear Planning Commission Members,

The purpose for this letter is to request the rezoning of 2.31 acres. The subject property may be found on Tax Map 66, part of Parcel 40, in the Tax Assessor's Office for Robertson County, Tennessee. The property has road frontage on Log Cabin Road, in the 8th Civil District, 7th Voting District.

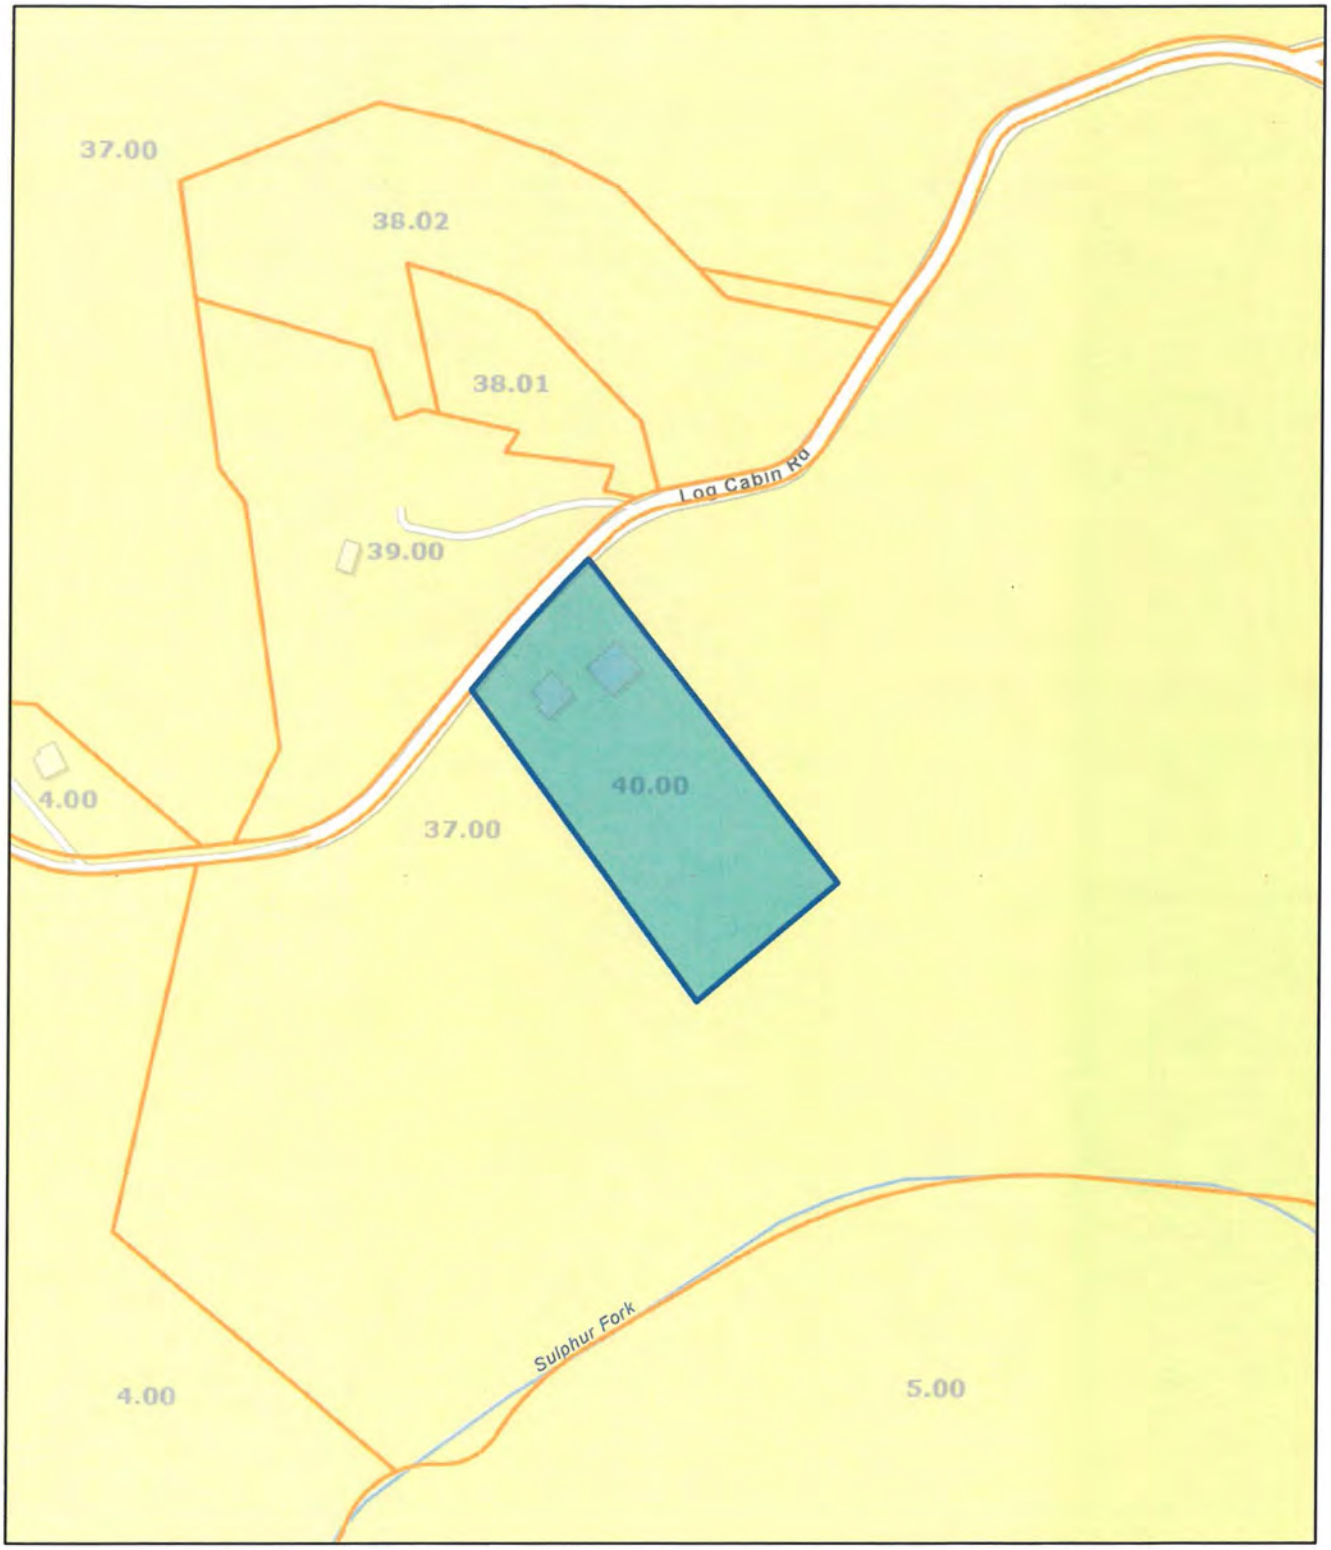

The property is currently zoned, 'AG-2'. I am wishing to rezone the property to 'RP80'. Since the passing of my husband, I am wishing to downsize the amount of property I have to maintain. I am wishing to sell the remaining property to Victoria D. Anderson, which owns the property surrounding mine. She is planning to add additional property to the portion I am selling in order to create a 5 acre tract, so as not to create a non-conforming lot. I understand that if this request is approved, we must then submit appropriate plats for the approval by the Planning Commission and all other governing authorities.

Thank you for your cooperation with this matter and if we may assist you in any manner, please contact us at your earliest convenience.

Sincerely,

Cynthia J. French
