Robertson County Mayor, William (Billy) Vogle:
All Robertson County Commissioners:

Reference: Report from the Audit Committee

There was an Audit Committee Meeting held on November 18, 2024 and the Committee discussed the County's June 30, 2024 Audit Report. There were no audit findings or recommendations to report for the FY 2024 Audit Report. We are back on track with no audit findings as this is the fifth year out of six consecutive years with no audit findings.

Jody Stewart stated the Audit Report is a testament to all Robertson County Department Heads and employees working together as a joint effort with everyone following the laws and adhering to their budgets, because everyone wants to do the right thing. Jody then stated that the County's budget process works very well and the County Commissioners are supportive of all Department Head's budget needs. All Departments are doing an excellent job and this FY2024 Audit Report is good and positive for all Robertson County employees and citizens.

Report from the following Robertson County Audit Committee Members:
Mr. Keith Hoover, Chairman, Citizen, and former County Commissioner
Commissioner Jeff DeLong
Commissioner Kirt Brinkley
Commissioner Jonathan Rummel
Commissioner Gina Head-Hieber
Commissioner Michael Dorris
Mr. Bradley Moreland, Citizen
Mr. George Hatcher, Citizen
Mr. Dennis Wade, Citizen, and former County Commissioner

December 10, 2024

To: Mayor Vogle and County Commissioners

From: Brent Dyer, EMS Director

Re: EMS Report for December 2024

Mayor and Commissioners,

This is the report for the EMS Department for the month of December 2024. The EMS Department continues to be very busy, especially so with calls of medical nature as the warmer months typically bring a higher volume of illness and a lower volume of calls with injuries or trauma. In the November EMS Committee meeting, I shared with our committee members that we needed to take action to mitigate the increased need for EMS infrastructure in the White House area and along the east side of the County in general.

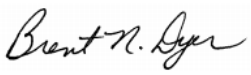

Without asking for additional funding to put more personnel in rotation, we feel that moving one of the 3 ambulances from Springfield into the White House area each day during peak call times will help. I must be careful to not minimize response capabilities in Springfield as our main station also backs up all other areas of the County and stays busy just in Springfield alone. With not having a facility to house personnel and a unit of our own in White House, the City of White House Fire Department is going to allow us to house an ambulance from Springfield during peak day time hours at the station on Highway 76 in White House. We will trial this for now to see if it helps in that area of the County without compromising responses around Springfield.

With this, we also discussed minimizing the amount of interfacility transfers from our local hospital going to other hospitals in Nashville. Robertson County EMS will continue to transport critical patients who need absolute urgent transport to Nashville, however, will work to minimize unnecessary usage of 911 ambulance resources for cases that can be transported by private ambulance services such as the newly established TriStar/HCA Skylife Ground Transport Team.

There is another resolution coming before the commission this month to approve the surplus of an another old ambulance that is no longer in service. This is a 2014 Chevy 3500 type 1 ambulance with 292,681 miles that is out of service. It would be placed on govdeals.com as surplus as approved already by the EMS committee.

The EMS/EMA Christmas dinner and awards banquet will be held again this year at the Robertson County fairgrounds, on December 13th from 5PM till 9PM. Invitations have been sent to all Commissioners and the Mayor's Office. We hope you can join us. Please stay safe this Holiday Season and thank you for trusting the EMS department to care for your families, friends, and neighbors.

Stay Safe,

Brent Dyer, EMS Director

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended October 31, 2024 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

To whom it may concern:

On September 17,2024 a request for one water service tap was made by MS. Brittany Cox for a property located at 6255 Crawford Store Road in North Robertson County. The property has the tax map listing as Map 4 Parcel 33.00. After reviewing the flow data information for this request, it is determined that the request for 1- water service can be granted at this time. The services will be from an existing 2" water line. This request for approval is valid for a period of 1-year from the date of October 10, 2024. This approval request will expire on October 10, 2025. If no action is taken during this approval period, the property will need to be reevaluated for service.

Rural.

The purpose of the Rural character area in the County shall be to ensure the continuation of agrarian and rural type uses. The closer the Rural areas are to cities and villages, the focus of the area changes from mostly agrarian to mostly rural residential.

• Location of Rural Preservation Areas. The majority of the County shall remain designated as Rural during the planning horizon of this land use plan.

• Uses in Rural Areas. Agrarian and rural type uses ranging from open space to agriculture, homesteads associated with agricultural uses and agriculture service businesses are encouraged within this category.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

To the members of the board,

Please find enclosed the application for rezoning of the 2 acre property at 6757 Lovel Cook Road. We are seeking rezoning to R40 so that .96 acre may be parceled separately within the family for construction of a single family residence. We believe that we have included all the required documentation for the application, but should we have missed anything we will happily secure it and resend if you notify us what is required. We appreciate your time and thank you for your consideration.

RE: Water Availability for 6757 Lovel Cook Rd
Robertson County, Tax Map 072 Parcel 107.00
Portland, TN

Dear Ms. Griswold,

This letter will confirm White House Utility District can provide one additional domestic water services for the property mentioned above as long as the new lot fronts Lovel Cook Rd or has an easement dedicated for the water service line to lie within. We understand you intend to alter an existing parcel such that two residential tracts will result. There is currently one existing water tap associated with the property.

WHUD's existing six-inch water main located on the south side of Lovel Cook Rd can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

Fire protection cannot be provided should the local planning authority require fire hydrant for this project. The existing mains cannot meet TDEC's minimum flow requirements of 500 gallons per minute with minimum residual pressure of 20 psi for hydrant installations.

A water facilities fee of $467 per new lot will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

RE: Water Availability for 4216 Roy Cole Rd
Robertson County, Tax Map 071 Parcel 063.00
Springfield, TN

Dear Ms. White,

This letter will confirm White House Utility District can provide one additional domestic water service for the property mentioned above as long as each lot fronts Roy Cole Rd or has an easement dedicated for the water service line to lie within. We understand you intend to alter the existing parcel such that one new residential lot will result.

WHUD's existing six-inch water main located on the east side of Roy Cole Rd can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 per new lot will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

2-12-208. Compensation of certified administrators of elections.

(a) Any administrator of elections employed pursuant to § 2-12-201, who has been certified under § 2-11-202(b), shall receive as a base minimum yearly salary at least ninety percent (90%) of the base salary of the county's assessor of property, as provided in § 67-1-508, if the office of such administrator of elections is open five (5) full days a week. If any administrator of elections' base minimum yearly salary is less than ninety percent (90%) of the base salary of the county's assessor of property on June 18, 2005, then such administrator's salary shall be increased by five percent (5%) per year until such administrator's base minimum yearly salary equals ninety percent (90%) of the base salary of the county's assessor of property; provided, that nothing in this subsection (a) shall prohibit adjustment of an administrator's base minimum yearly salary at a rate greater than five percent (5%) per year.

(b) The minimum salaries for certified administrators provided by this section shall be paid by the county for which such administrator is employed. Nothing in this section shall be construed as prohibiting a county from paying its administrator more than the minimum salary provided by this section.

(c) For the purposes of classifying the counties under this section, the population classifications established in § 8-24-101 shall be applicable. For the purpose of establishing the compensation of certified administrators, the schedule established in § 8-24-102 shall be applicable for the certified administrators in their respective counties effective July 1, 1996.

(d) For the purpose of phasing in the compensation schedule provided in this section no administrator shall receive more than a seven percent (7%) increase in the 1996-97 fiscal year. If any subsequent year's increase provides for an increase of more than ten percent (10%) in any fiscal year, then the remaining increase that exceeds ten percent (10%) shall be carried over to subsequent years until the compensation provided for is obtained.

(e) The population of counties for purposes of this section shall be determined by the 1990 federal census or the most recent succeeding federal census or a special census as provided in § 8-24-102(c).

(f) On July 1, 1997, and each July 1 thereafter, the compensation for certified administrators as provided by this section, shall be increased by a dollar amount equal to the average annualized general increase in state employee's compensation during the prior fiscal year multiplied by the compensation established for the county officials of the county with the median population of all counties; provided, in no year shall such compensation increase by more than ten percent (10%). On or before May 1 of each year, the commissioner of finance and administration shall certify to the comptroller of the treasury the average annualized general increase in state employee's compensation during that fiscal year.

2-12-209. State contribution to compensation of certified administrators of elections.

(a)

(1) The state shall pay to the general fund of every county in which the administrator of elections is or becomes certified under § 2-11-202(b), the sum of eighteen thousand dollars ($18,000) in the manner set out in subsection (b) of this section.

(2) In years in which the secretary of state is required to reduce the department of state's budget, the secretary is authorized to reduce any appropriations authorized by this section up to nine percent (9%).

(b) The state payments to a county made pursuant to this section shall be paid quarterly in amounts of four thousand five hundred dollars ($4,500) per quarter.

(1) If an administrator becomes certified at some time other than the beginning of a quarter, such payments to the county shall commence at the beginning of the quarter next following the administrator's certification.

(2) If an administrator in a county receiving quarterly payments under this section loses certification for whatever reason, such administrator shall have six (6) months from the date of such loss to regain such certification. If the administrator has not done so at the end of six (6) months, state payments to the county pursuant to this section shall cease until the quarter next following the quarter such administrator regains certification.

(3) If the office of administrator in a county receiving quarterly payments under this section becomes vacant for whatever reason, the new administrator shall have six (6) months from the date of taking office to become certified. If the new administrator has not become certified at the end of six (6) months, state payments to the county pursuant to this section shall cease until the quarter next following the quarter such new administrator becomes certified.

(c)

(1) No county receiving payments pursuant to this section shall reduce the total amount of funds appropriated to such county's election commission below the total amount appropriated to such commission in previous comparable election and non-election years.

(2)

(A) If a county election commission is of the opinion that the county legislative body has not appropriated an amount of funds for its budget that is comparable to previous years as prohibited by subdivision (c)(1), it shall, by petitioning the state election coordinator, have the right to a hearing on such matter before an administrative law judge in the office of the secretary of state.

(B) Within ten (10) days of receiving such petition, the state election coordinator shall set a hearing date, which date shall be within thirty (30) days of receiving the petition. The county mayor and county election commission shall be notified of the time, place and date of the hearing by registered mail, return receipt requested, at least ten (10) days prior to such hearing.

(C) The hearing shall be held before an administrative law judge from the office of the secretary of state. None of the parties involved in the hearing shall be required to have an attorney present.

RESOLUTION NO. 121624108
HIGHWAY DEPARTMENT RESOLUTION NO. 24-287-12

RESOLUTION ADOPTING OFFICIAL 2025 ROAD MAP FOR ROBERTSON COUNTY, TENNESSEE

WHEREAS, Tennessee Code Annotated, Section 54-10-103, so requires the Highway Superintendent to keep and maintain an up-to-date list of roads to be maintained by the Robertson County Highway Department; and

WHEREAS, it becomes necessary to create an up-to-date map of such list of roads for maintenance, emergency services, and public identification. The Robertson County Highway Department and the Regional Planning Commission do hereby submit such an Official County Road Map to the Robertson County Board of Commissioners; and

WHEREAS, such map shall be labeled the Official Robertson County Road Map as of January 1, 2025, and shall carry the notarized signatures of the Robertson County Highway Superintendent; the Robertson County Planning Director; and the Robertson County Mayor; and

WHEREAS, the Robertson County Highway Commission met in regular session this 24th day of October, 2024, voted and agreed to adopt said map for Robertson County, Tennessee; and

WHEREAS, the Robertson County Planning Commission met in regular session the 21st day of November, 2024, voted and agreed to adopt said map for Robertson County, Tennessee.

NOW, THEREFORE BE IT RESOLVED by the Board of County Commissioners of Robertson County, Tennessee assembled in regular session on this 16th day of December, 2024, that said map now become the Official County Road Map for Robertson County, Tennessee and be placed on display in the Highway Office, Planning Commission Office, and the Office of the County Court Clerk.

BE IT FURTHER RESOLVED that this Resolution shall take effect immediately upon passage, the public welfare requiring it.

Pass this the 16th day of December, 2024.
