EMERGENCY MEDICAL SERVICES

August 14, 2024

To: Mayor Vogle and County Commissioners

From: Brent Dyer, EMS Director

Re: EMS Report for August 2024

Mayor and Commissioners,

This is the report for the EMS Department for the month of August 2024. Things have been going well overall. We did receive two new ambulances in the last month or so and both of those are now in service, on the road. They were assigned to the Cross Plains station and to the Ridgetop Station (Medics 2 and 3). In about 3 weeks, we are due to receive another from the 22-23 FY. It will be assigned to the Coopertown Station (Medic 5).

I would like to thank everyone who has worked on the budget process for the County. We will continue to remain good stewards of these funds and put them to good use in the service of Robertson County's citizens and visitors. In due time, once we can afford to do so, I ask that we keep the goal of adding another ambulance in the White House area on the front burner. The call volumes in that area of our County continue to increase and limit the currently available EMS resources almost daily. I do realize this is a costly endeavor and will do everything possible on my end to work together to help bring this to fruition.

Call volumes in the Ridgetop/Greenbrier area have been notably slower than usual, while Cross Plains, Cedar Hill, and Coopertown have remained on average for this time of year. Springfield's units have been busier than average mostly due to an increase request from the hospital in interfacility transfers, while the White House unit has an increase in overall 911 responses. Some of this is from the Sumner County side, which may lead us to eventually needing to re-discuss the current automatic aid agreements between Sumner and Robertson County for ambulance provision in the greater White House area.

If I can be of any assistance, please do reach out. Thank each of you for you on-going support and leadership in our community.

Stay Safe,

Brent N. Dyer

Dear Commissioners:

The unaudited financial report for the period ended June 30, 2024 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

City of White House

White House, TN 37188

Dear Mr. Clark,

The purpose of this letter is to request the de-annexation of 6.94 acres from the city of White House. The subject property may be found on tax map 095, Parcel 134.01, in the Tax Assessor's Office for Robertson County, Tennessee. The property has road frontage on Boyles Road on the 11th Civil District. E=911 address is 7727 Boyles Road, White House, TN 37188.

The property is zoned 00 – Residential. We have recently purchased this property and we wish to de-annex from the City of White House as the adjacent properties to both the left and right of our property and across Boyles Road are not in White House City Limits. We were also told the option for sewer to this property would be at an unreasonable cost and our best option would be a Subsurface Sewage Disposal System which we have done and has now been approved by the State of Tennessee.

Thank you for your cooperation with this matter and if we may assist you in any manner, please contact us at your earliest convenience.

Sincerely,

Shawn and Debbie Delgado

RE: Water Availability for 2177 S Mount Pleasant Rd
Robertson County, Tax Map 125 Parcel 185.00
Greenbrier, TN

Dear Mr. Gregory,

This letter will confirm White House Utility District can provide one additional domestic water service for the property mentioned above as long as the new lot fronts S Mount Pleasant Rd or has an easement dedicated for the water service line to lie within. We understand you intend to alter an existing parcel such that two residential lots will result. There is currently one existing water tap associated with the property.

WHUD's existing six-inch water main located on the east side of S Mount Pleasant Rd can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 per new lot will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE

The applicant wishes to rezone 8.70 *acres*. Requesting R-40 due to lot width requirements per the zoning regulations. The subject property is mainly surrounded by AG-2, Millersville city limit property and one R-40 lot in the immediate vicinity with varying lot sizes. Several of the surrounding lots are nonconforming that would be considered RP-80 by today's zoning regulations.

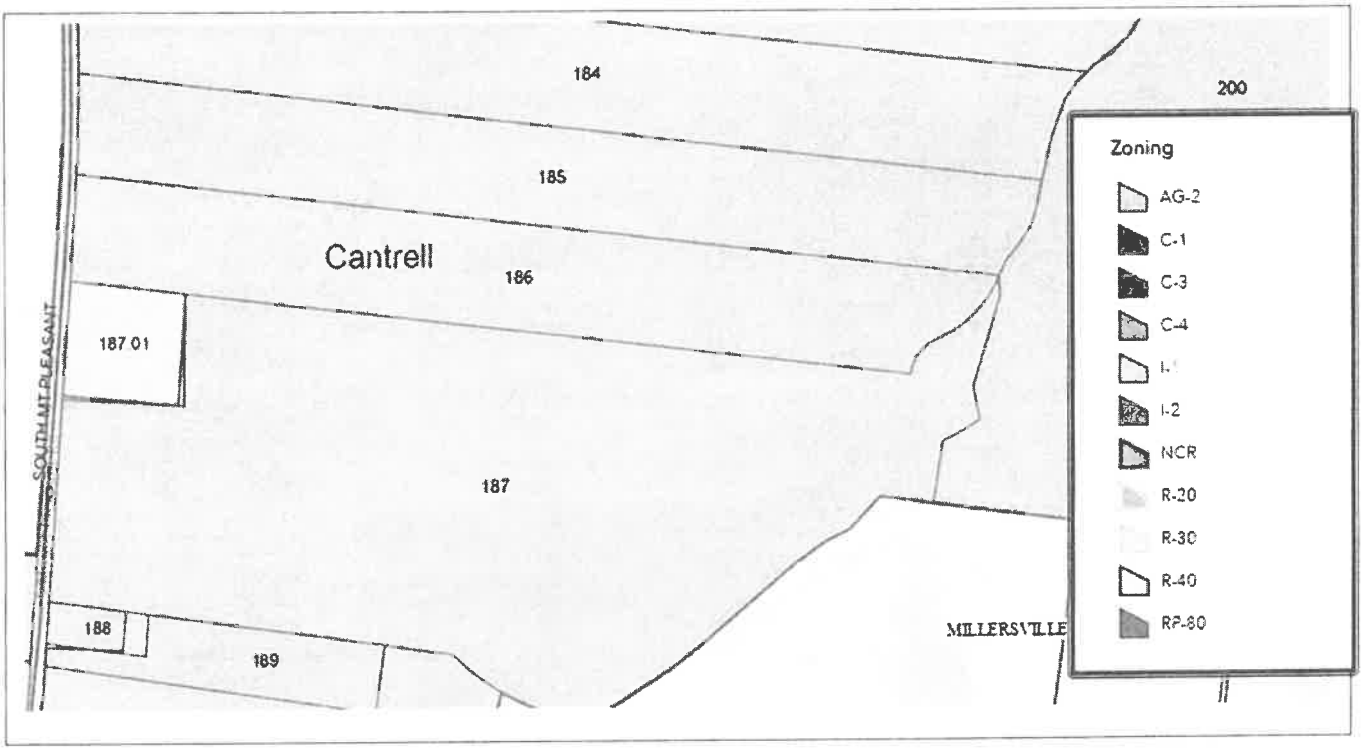

Please see Exhibit 1 for zoning map exhibit.

The applicant's request to rezone R-40 appears to be dimensionally appropriate.

Dear Commissioners:

This is regarding the request by James & Linda Cantrell to rezone Tax Map 125 Parcel 185 from AG-2 to R-40.

I am a close neighbor - my wife Leann and I own Map 125 parcel 177 directly across S Mt Pleasant Rd. from this property. We are in full support of this rezoning request, and hope you will approve it. This is an area of very large residential lots that's very convenient to I-65, and we think it's sensible to have more neighbors here.

- Total lot acreage: 5.17 acres (225,205.20 sq. ft.)

Project Narrative:

RP-80 Minimum Requirements
Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 25'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%.

Discussion & Observations:
The applicant wishes to rezone 2.09 acres of the 5.17 acres. The subject property is mainly surrounded by AG-2 and R-40 zones in the immediate vicinity with varying lot sizes. Several of the surrounding AG-2 zoned lots are nonconforming that would be considered RP-80 and R-40 by today's zoning regulations.

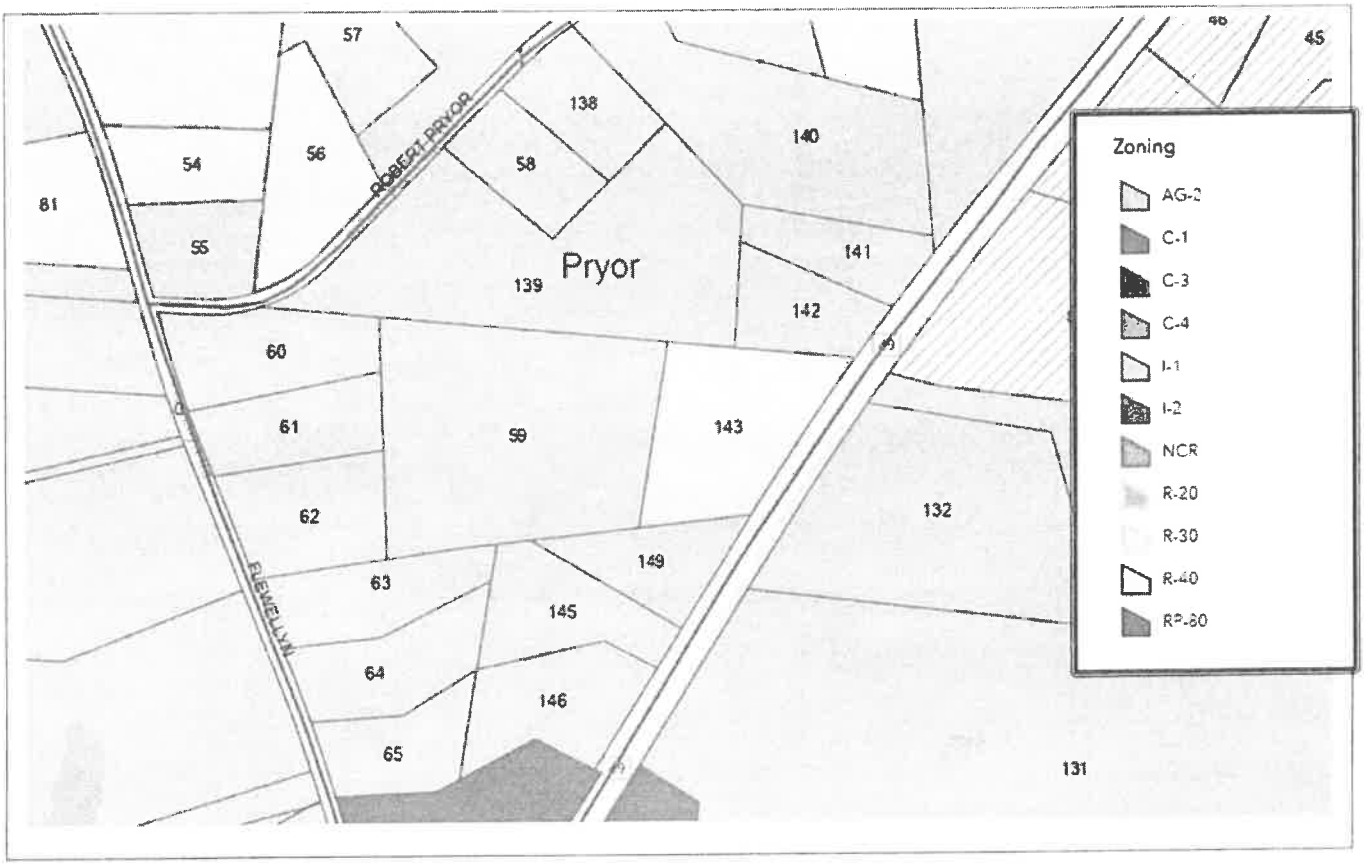

Please see Exhibit 1 for zoning map exhibit.

The applicant's request to rezone RP-80 appears to be dimensionally appropriate.

Applicant: Daryle Walker, Executor of the Charles Walker Estate
Surveyor: Steve Artz

Request: Rezone **2.11 *acres*** of the 11.40 acres Tax Map 101, Part of Parcel 026.00 from AG-2 to RP-80

Figure 1: TN Property Viewer: Tax Map 101, Part of Parcel 026.00 In its entirety is highlighted.

Property Information:

- Tax Map 101, Part of Parcel 026.00
- 4552 Hwy. 49 W., Springfield
- Total lot acreage: 11.40 acres (496,584 sq. ft.)
- **Rezone Request: 2.11 acres. (91,911.60 sq. ft.)**

Project Narrative:

RP-80 Minimum Requirements
Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 25'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%.

Discussion & Observations:
The applicant wishes to rezone 2.11 acres of the 11.40 acres. The subject property is mainly surrounded by AG-2 with a few RP-80 and R-40 zones in the immediate vicinity with varying lot sizes. Several of the surrounding AG-2 zoned lots are nonconforming that would be considered RP-80 and R-40 by today's zoning regulations.

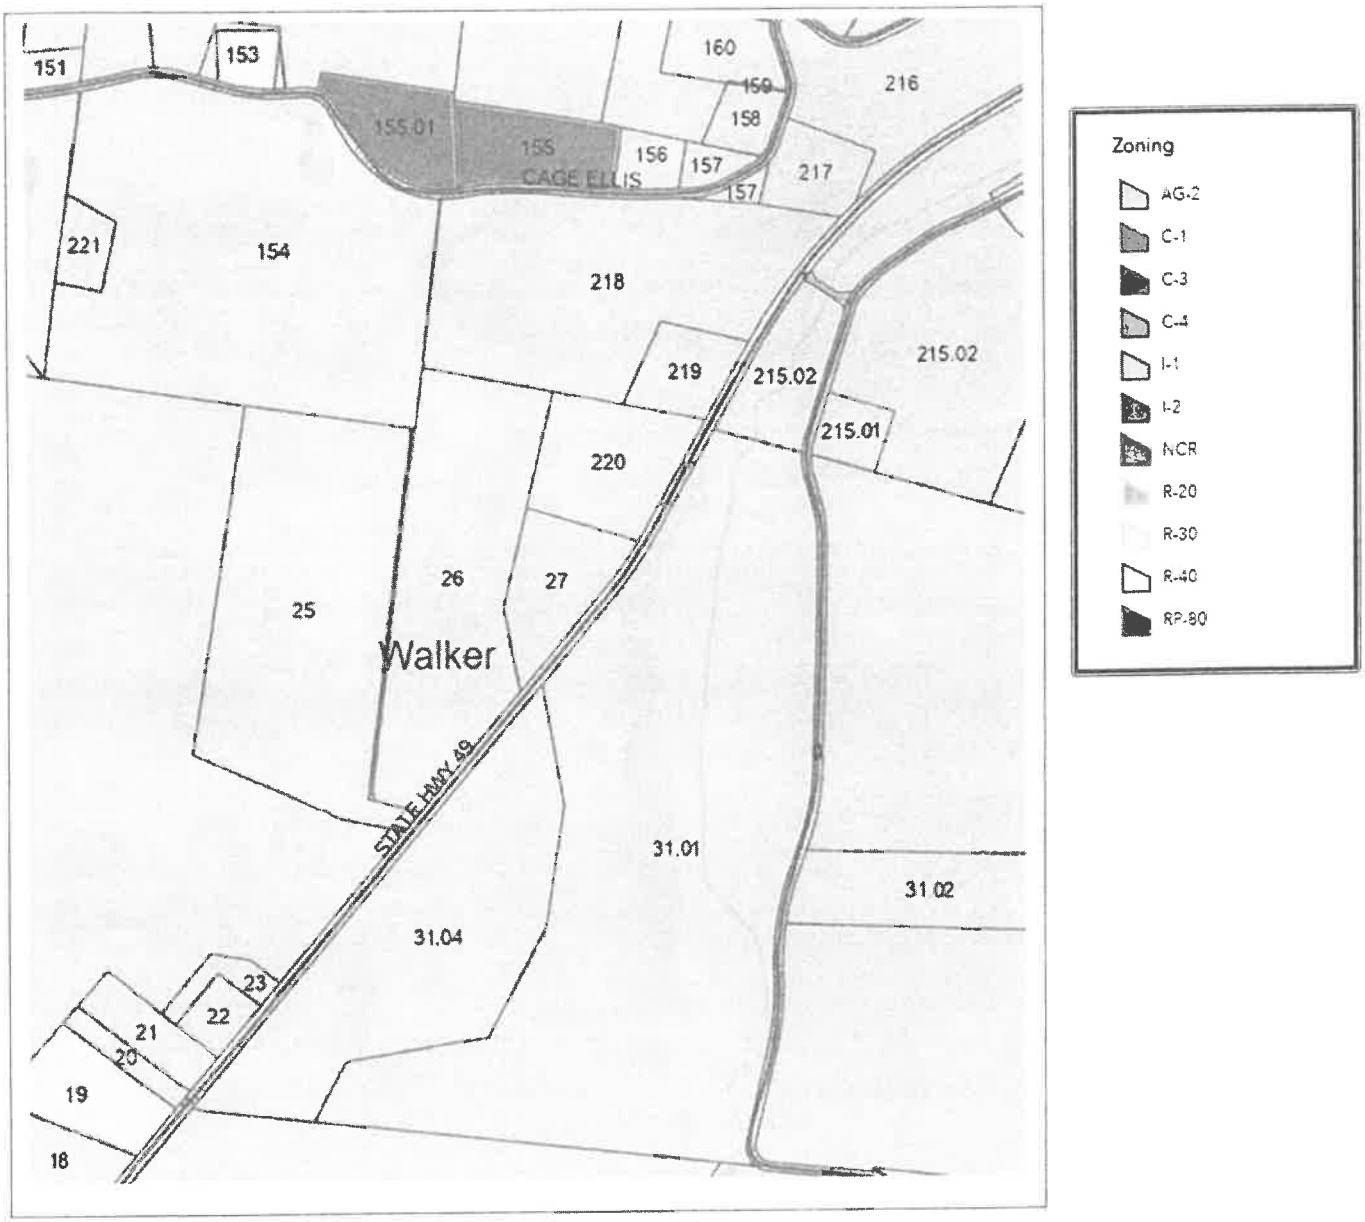

Please see Exhibit 1 for zoning map exhibit.

The applicant's request to rezone RP-80 appears to be dimensionally appropriate.
