EMERGENCY MEDICAL SERVICES

May 14, 2024

From: Brent Dyer, EMS Director

Re: EMS Report for May 2024

Mayor and Commissioners,

This is the report for the EMS Department for the month of May 2024. This is indeed a busier time of the year, each year. Last week evidenced that we are well on our way into the busier season for "trauma type calls". We were very blessed last week to not see serious injuries nor fatalities from our weather-related disaster. Robertson County EMS partnered with our other agencies in Robertson County to prepare, respond, and assist in recoveries from the weather events.

This is also our budget season. This evening, we will present a budget proposal that includes an increase for needs such as adding a 12-hour ambulance in White House to support the emergency call volumes, defibrillators, and other much needed equipment. Most of the equipment is a capital need that will be good for 5-10 years, in most cases around 7 years. Hence, we wouldn't need that to be funded in the coming fiscal years.

We took delivery of two new ambulances last Wednesday, and about two hours later we had another tornado event. With the severe weather came a major flooding event resulting in multiple rescue operations in which we partnered with our EMA and area fire departments in. I cannot begin to explain how fortunate we were to not have people lose their lives in these incidents. More than one of these were very close calls. I am very proud of our community's responders during the severe weather event. At times, we were helping protect our children who had to get off buses in various areas and seek emergency shelter. Our team worked quickly with the school's transportation division to coordinate efforts to keep our students safe and well cared for.

Things are very busy, and we continue to remain thankful for the opportunity to serve. We are also thankful for your support and the support of the other departments. We have a great thing in Robertson County, and I am proud to be part of it. If I can provide any details or data on any specifics, please do reach out. Lastly, thank you to Mayor Vogle for assigning Opioid Abatement Settlement funds to our department to help purchase vital equipment and life saving medications. This will help decrease the financial burden on taxpayers and keep our team equipped to respond.

Stay Safe,

Brent Dyer, EMS Director

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended March 31, 2024 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Discussion & Observations:
The applicant wishes to rezone 5.13 acres. The subject property has mostly AG-2 with some R-40 property in the immediate vicinity. Several of the non-conforming properties close to this lot would be zoned RP-80 per today's standards.

Please see Exhibit 1 for zoning map exhibit.

The applicant's request to rezone RP-80 appears to be dimensionally appropriate.

2. During this term of this Agreement, and any renewal, the District agrees to provide for the dispatching of the respective governmental entity fire services, law enforcement services, emergency medical and other emergency services as provided within the jurisdictions of the participating governmental entities, twenty-four (24) hours a day, seven (7) days a week.

3. Cost allocation as set forth herein shall be based on the CTAS- MTAS, formula, referred to herein as the "formula payment". As compensation for the emergency dispatch services provided for the term of this Agreement, each above named governmental entity will pay by formula the updated designated amounts to the District as set forth in the attached Exhibit "1".

4. The parties therefore agree that upon joint renewal of this Agreement for the succeeding fiscal years, the parties will use "the same formula" to determine the amount payable by each participant. The budget costs for each upcoming prospective fiscal year shall be established by the District and presented to each entity by April 15th of each year, using the dispatch information available for the 12 months preceding April 1st of that year, to allow each entity to establish that amount in their upcoming fiscal year budget which would take effect July 1st, and to renew this Agreement by action of their respective governing body each year.

5. The dispatch services referenced above shall be provided by the District using its own employees who are subject to being hired, disciplined and terminated by the District and who are compensated as employees of the District out of its annual budget for the fiscal year 2024- 2025 and for each fiscal year thereafter for any annual renewal of this Agreement.

6. Neither the District or any of the contracting entities will withdraw from this Agreement during any contract year without first giving prior 6 months written notice to all other contracting parties.

7. The parties further agree that the purpose of this Interlocal Agreement is to comply with E911 Revenue Standard Number 21 adopted by the Tennessee Emergency Communication Board pursuant to the authority granted by TN. Code Ann. 7-86-306(9) and to comply with the provisions of Tenn. Code. Ann. 12-9-101, et seq., regarding Interlocal Agreements between local governmental units.

These amounts as set forth are payable monthly, beginning July 1, 2024, by each entity to the District during the term of this Agreement. Each monthly installment will be billed to the respective entity on the first day of each month with payment due no later than the tenth day.

IN WITNESS WHEREOF, each party has caused this Interlocal Agreement to be executed by an authorized person on the date indicated by his or her name.
