Re: Report from EMS Department for month of March 2025

Mayor and Commissioners,

This is the March 2025 report from the EMS Department. I know we are all thankful that we got through the recent severe weather threat without any significant issues. Operationally, things seem to be going well currently. We have had 2 full-time personnel go down to part-time, and we are working to interview candidates for the open full-time positions. We have a current part-time employee who is interested in filling a full-time opening, so we will likely do that for one of these spots. We are closing monitoring our part-time payroll line in budget, otherwise other lines within our budget seem to be well on track. I do not anticipate having to take any action regarding our part-time line at this time.

We have an ambulance that is being purchased from this current fiscal budget that will be coming into service, ready to go, around the end of this month. With your support, we have really done a great job in turning our fleet around. We appreciate this very much, and I know you all are proud to see your emergency vehicles respond with less mileage and in more dependable condition. We take good care of our equipment and put it to good use every day.

As budget time approaches, our focus will remain on trying to add additional personnel to staff another ambulance in the White House area. There are a few other needs, but most of those do not have demand on our budget requiring increase. Adding personnel does require some increase, but it is certainly much needed in helping us maintain great service to our citizens when emergencies arise.

There will be some discussion on capital projects, as far as considering an EOC, along with some renovations for current facilities in Coopertown and Cedar Hill. Aside from these projects, we do need to place focus on installing a generator system in Cross Plains. Currently, there isn't one there. We are working with the City to get quotes on what this would cost. It is possible that we will have enough to handle that project in this fiscal budget if all other building maintenance needs stay low and nothing happens as we get closer to the end of this fiscal year.

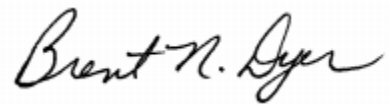

As always, thank you all for your continued support. Our employees are working hard to

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended January 31, 2025 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Dear Planning Commission Members,

The purpose of this letter is to request the rezoning of property. The subject property may be found on Tax Map 76, part of Parcel 39, in the Tax Assessor's Office for Robertson County, Tennessee. The property has road frontage on Edd Ross Road, in the 7th Civil District, 7th Voting District.

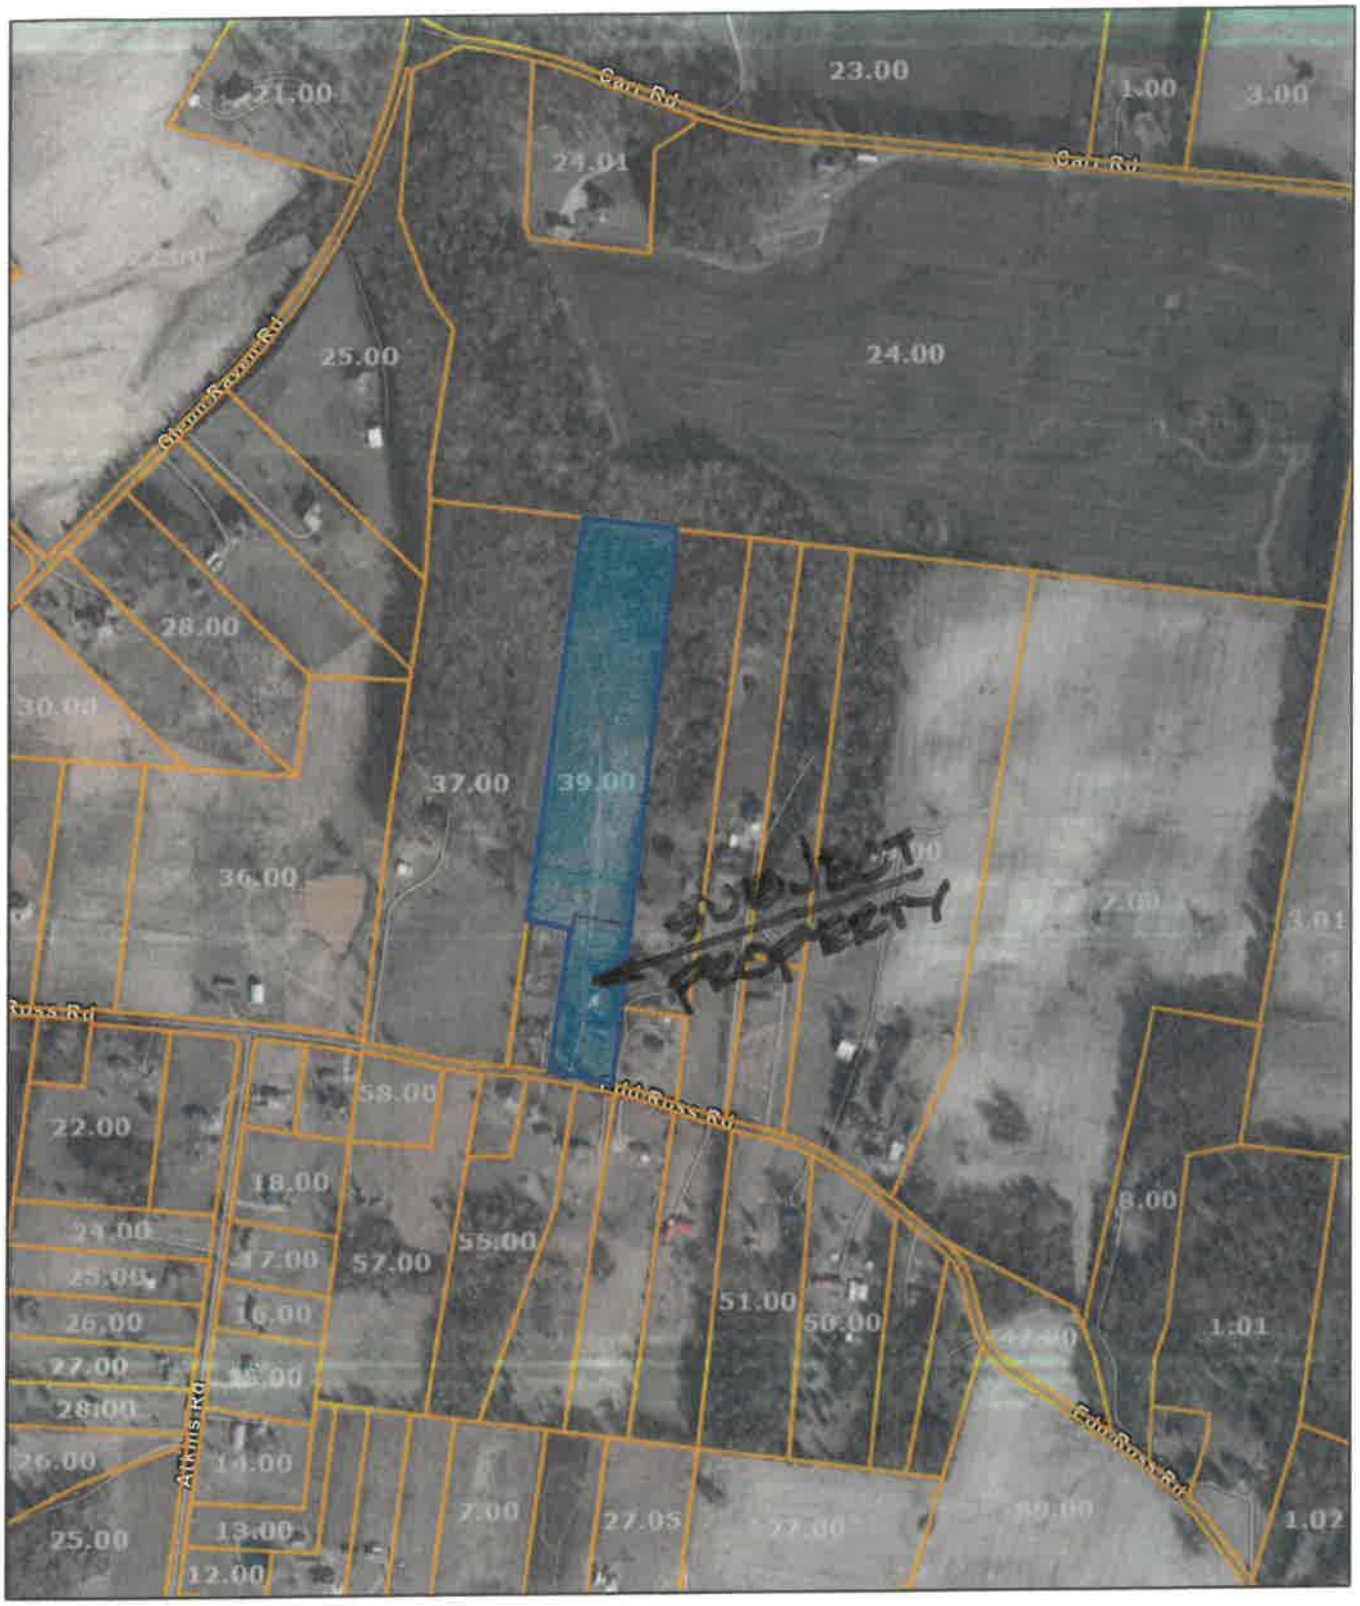

The property is currently zoned, 'AG-2'. We are wishing to create a 2.00 acre lot around the existing house, however, due to the existing lot width we are requesting the property be rezoned to 'R40'. We understand that if the rezoning is granted, we must then submit a Final Plat for approval to the appropriate governing authorities prior to recording.

Thank you for your cooperation with this matter and if we may assist you in any manner please contact us at your earliest convenience.

Property Information:

- Tax Map 076, Part of Parcel 039.00
- 3909 Edd Ross Rd., Cedar Hill
- Total lot acreage: 12.59 surveyed acres (548,420.40 sq. ft.)
- **Rezone Request: 2.00 acres (87,120 sq. ft.)**

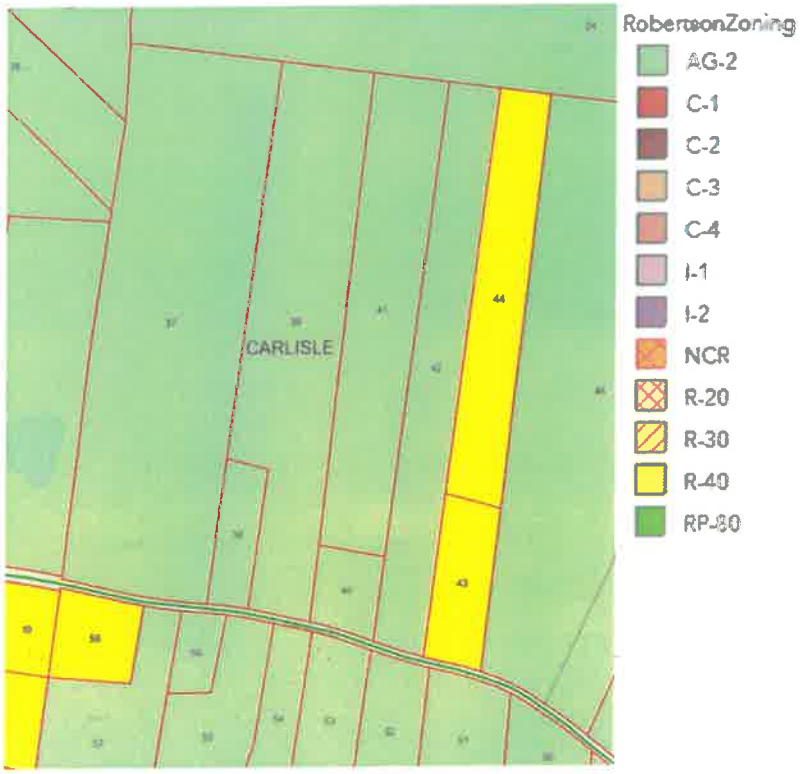

Project Narrative:
R-40 Minimum Requirements
***Minimum Lot Size**: 40,000 sq. ft.*
***Front**: 50'*
***Side**: 20'*
Rear: 30'
Min. Lot Width @ Front Bldg. Setback Line: 150'
Min Road Frontage: 50'
Maximum Height: 35'

Discussion & Observations:
The Robertson County Land Use Map identifies this area as "Rural." The types of uses in Rural Areas range from "Agrarian and rural type uses ranging from open space to agriculture, homesteads associated with agricultural uses and agriculture service businesses are encouraged within this category." Due to lot width, the applicant wishes to rezone 2.00 acres of the 12.59 surveyed acres to R-40, intending to create a 2.00-acre lot around the existing house. The subject property has AG-2 and R-40 zones in the immediate vicinity with varying lot sizes. Several surrounding AG-2 lots are nonconforming and would be considered R-40 by today's zoning regulations. Furthermore, The applicant's request to rezone R-40 appears to be dimensionally appropriate. Staff recommends approval.

RE: Water Availability for 4815 Highway 31 W
Robertson County, Tax Map 062 Parcel 111.00
Cottontown, TN

Dear Mr. Thomerson,

This letter will confirm White House Utility District can provide three additional domestic water services for the property mentioned above as long as each new lot fronts Highway 31W, S Old Highway 31W or has an easement dedicated for the water service line to lie within. We understand you intend to alter an existing parcel such that four residential lots will result. There is currently one existing water tap associated with the property.

WHUD's existing twelve-inch water main located on the northwest side of Highway 31W or the existing six-inch water main located on the southeast side of S Old Highway 31W can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 per new lot will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE

Request: Rezone ***2.03 acres*** of the 3.41 surveyed Acres, Tax Map 062, Part of Parcel 111.00 from AG-2 to R-40

Rear: 30'
Min. Lot Width Front Bldg. Setback Line: 150'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 40%.

Discussion & Observations:
The applicant wishes to rezone 2.03 *acres* of the 3.41 surveyed acres to R-40. The subject property has AG-2 and R-40 zones in the immediate vicinity with varying lot sizes. Several surrounding AG-2 lots are nonconforming and would be considered R-40 by today's zoning regulations. The zoning map excerpt (Exhibit 1) demonstrates significant areas of R-40 zoned property near and adjacent to the subject property. The applicant's request to rezone to R-40 appears to be dimensionally appropriate. The Land Use Plan intends for this area to remain rural, with intended uses being primarily residential in nature. The applicant's stated intent post-rezoning is subdividing the property into two independent lots of record for the purpose of constructing one single-family residence and maintaining the existing home on-site. Staff recommends this application positively to the County Legislative Body.

RE: Water Availability for 4815 Highway 31 W
Robertson County, Tax Map 062 Parcel 111.00
Cottontown, TN

Dear Mr. Thomerson,

This letter will confirm White House Utility District can provide three additional domestic water services for the property mentioned above as long as each new lot fronts Highway 31W, S Old Highway 31W or has an easement dedicated for the water service line to lie within. We understand you intend to alter an existing parcel such that four residential lots will result. There is currently one existing water tap associated with the property.

WHUD's existing twelve-inch water main located on the northwest side of Highway 31W or the existing six-inch water main located on the southeast side of S Old Highway 31W can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 per new lot will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE

Request: Rezone ***1.38 acres*** of the 3.41 surveyed Acres, Tax Map 062, Part of Parcel 111.00 from AG-2 to C-1

Figure 1: TN Property Viewer: Tax Map 062, Part of Parcel 111.00 in its entirety is highlighted

Property Information:

- Tax Map 062, Part of Parcel 111.00
- 4815 Hwy 31 W., Cottontown
- Total lot acreage: 3.41 surveyed acres (148,539.60 sq. ft.)
- **Rezone Request: 1.38 acres (60,112.80 sq. ft.)**

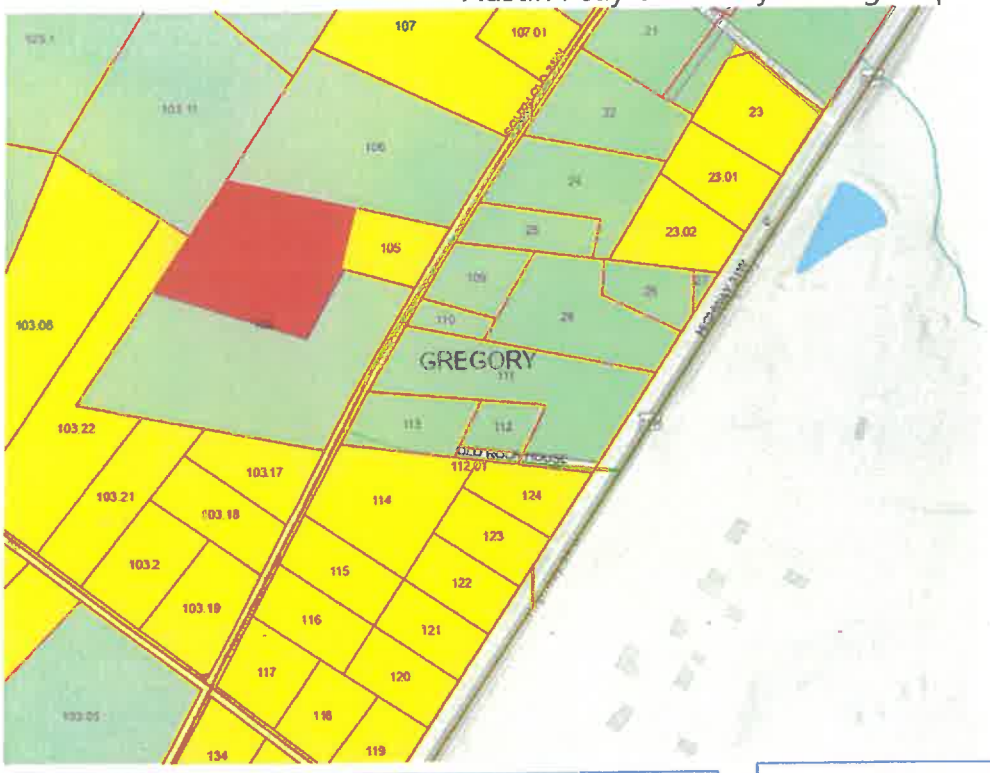

Project Narrative:
C-1 Minimum Requirements
Minimum Lot Size: *25,000 sq. ft.*
Front: *30'*
Side: *10'*
Rear: 20'
Min. Lot Width @ Front Bldg. Setback Line: 100'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 60%.

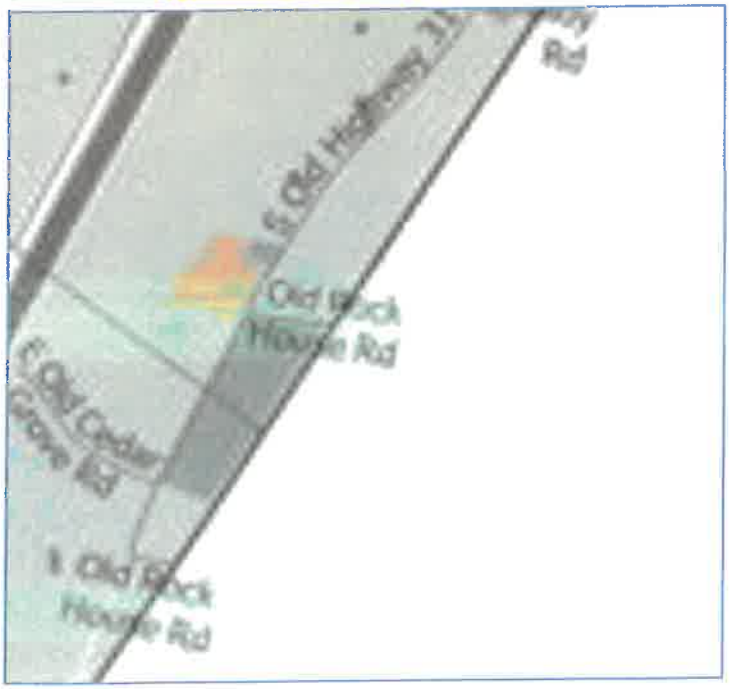

Discussion & Observations:
The applicant wishes to rezone 1.38 *acres* of the 3.41 surveyed acres to C-1. The subject property has one C-1 zone and several AG-2 and R-40 zones in the immediate vicinity with varying lot sizes. The applicant's request to rezone C-1 appears to be dimensionally appropriate. *Please see Exhibit 1 for zoning map exhibit. The Robertson County Land Use Map calls for this area to remain rural, with the primary uses of property being agrarian and rural* type uses ranging from open space to agriculture, homesteads associated with agricultural uses, and agriculture service businesses are encouraged within this category. If the rezoning is successful, the applicant desires to subdivide the C-1 portion of property into an independent lot of record to utilize an existing building as a beauty shop. A beauty shop is a permitted use within the C-1 zoning district. A small-scale beauty shop may initially be consistent with the land use plan for this area, though it does not fit neatly into the category of agrarian, agricultural, open space, or residential.
