Supt. Adkins informed the commission there were minor changes from the copy that was given to them at last month's meeting. They all have had time to read over and ask questions before this afternoon's meeting. He went over and explained the minor changes. The main reason for this is to protect our county roads. Co-Chairman Cook asked Mr. Richert if he would like to add to this. Mr. Richert explained we have worked on this for over a year and half now. CTAS suggested they visit Williamson County and Troy, Billy and himself went and had a great meeting with them. We tweaked what Williamson County already had in place. Planning and Zoning are working on updating their regulations too. This is all to encourage good growth in our county. The commission discussed and all agreed this must be done to help protect our county. On a motion by Mr. Head, seconded by Mr. Hand and approved by roll call vote, the commission approved this resolution.

Re: EMS Report for the month of August 2025

Mayor and Commissioners,

Please accept this report for the EMS department for the month of August 2025. I would like to begin with thanking those of you who reached out with condolences and words of support in the loss of my Father-In-Law. It seems that our local network of elected officials and departments have had several of us to be impacted lately, and while I thank you for your kindness and prayers, I continue to offer the same to others who have suffered loss.

In a recent statewide EMS Education Conference, I was at a table with some other EMS Directors across TN, and learned how many of them have departments that continue to experience critical staffing issues among other major operational challenges. We have been blessed with good and well-qualified applicants who are becoming great employees. We eagerly await a final disposition of our 25-26 budget to officially hire staff for the new 12-hour shift ambulance crew to be stationed in White House. This will greatly help our emergency services infrastructure.

With that note on staffing, I will update our commissioners that I recently took some ongoing concerns to the Mayor and Commissioner Stubblefield. Together, and with the consultation of our legal experts and HR consultant partners, we facilitated an administrative staff change at the EMS Department. Our previous Training Officer has chosen to remain an employee and will begin a new assignment staffing an ambulance on August 18th. One of our current shift supervisors who has worked hard to acquire the necessary credentials to be a Training Officer has been placed in that administrative role in an interim capacity, pending an official and equal opportunity interview process to allow any others who qualify to apply. Thank you to Commissioner Stubblefield for her direct involvement and assistance on this matter.

In the last report, I shared that we were going into the new fiscal year with a heavy start on our vehicle maintenance budget. This has continued so far throughout this month with some additional AC issues and one part failure on a fairly new ambulance where we have to await shipment of a needed part to get Ridgetop's normal newer ambulance back running. We are okay on reserve units and enough so that I have the old Coopertown ambulance that is up for surplus.

This truck is a 2015 Chevrolet 3500 with around 225,000 miles that will come before the EMS Committee for a vote to surplus on August 18th. I will also present to the committee to surplus a 2014 Chevrolet Impala from the EMS department.

As always, if I can answer any questions or provide any other information as to the details of our operation, please reach out. Thank you for your continued support in your EMS department.

Dear Commissioners:

The unaudited financial report for the period ending June 30, 2025 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on a cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board, also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Request: Rezone **3.44 *surveyed acres***
Tax Map 083, Parcel 004.00
from AG-2 to R-40

Property Information:

- Tax Map 083, Parcel 004.00
- 12810 Owens Chapel Rd., Springfield
- Total lot acreage: 3.44 surveyed acres (149,846.40 sq. ft.)
- **Rezone Request: 3.44 surveyed acres (149,846.40 sq. ft.)**

Figure 1: TN Property Viewer: Tax Map 083, Part of Parcel 004.00 In its entirety is highlighted

Project Narrative:
R-40 Minimum Requirements
Minimum Lot Size: 40,000 sq. ft.
Front: 50'
Side: 20'
Rear: 30'
Min. Lot Width @ Front Bldg. Setback Line: 150'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 40%.

Zoning: The applicant wishes to rezone 3.44 surveyed acres to bring the property into compliance. The subject property is located among a mix of AG-2 and R-40 zones with varying lot sizes. Several non-conforming lots in the area would now be classified as R-40 under current standards. The applicant's request to rezone to R-40 seems to be dimensionally suitable. Please see Exhibit 1 for the zoning and Comprehensive Plan map exhibits.

Robertson County 2040 Comprehensive Plan: The plan designates this area as rural. Location of Rural Preservation Areas: The majority of the county will stay designated as Rural during this land use planning period. *Uses in Rural Areas*: Agricultural and rural activities, ranging from open space to farming, homesteads related to farming, and agriculture support businesses, are encouraged within this category.

Recommendation: While the application of the R-40 zoning district is inconsistent with the Rural Designation, the applicant is attempting to remedy a non-conformity that is present on the lot- that is, there are two residences on one single independent lot of record, which is inconsistent with the Robertson County Zoning Resolution. In instances such as these, the rezoning may be appropriate, as the intent and overall benefit of to remedy a non-conformance may outweigh the recommendation of the Comprehensive Plan.

RE: Water Availability for 7535 Swift Rd
Robertson County, Tax Map 117 Parcel 160.00
Greenbrier, TN
REVISED to extend availability letter dated September 18, 2024

Dear Mr. Brinkley,

This letter will serve as an extension to the availability letter WHUD issued on this project dated September 18, 2024. All flow requirements remain unchanged from the initial request.

White House Utility District can provide up to five additional domestic water services for the property mentioned above as long as each lot fronts Swift Rd or has an easement dedicated for the water service line to lie within. We understand you intend to alter an existing parcel such that up to five new residential tracts will result.

WHUD's existing four-inch water main located on the north and west side of Swift Rd can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 for the new lot created will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 or $2,800 for a 1" residential tap with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE
District Engineer

Applicant: Jim Brinkley

Request: Rezone **7.46 *acres***
Tax Map 117, Parcel 160.00
from AG-2 to RP-80

Property Information:
- Tax Map 117, Parcel 160.00
- 7535 Swift Rd., Greenbrier
- Total lot acreage: 7.46 acres (324,957.60 sq. ft.)
- **Rezone Request: 7.46 acres. (324,957.60 sq. ft.)**

Project Narrative:

RP-80 Minimum Requirements
Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 35'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%.

Zoning: The applicant wishes to rezone 7.46 acres. AG-2 zones primarily surround the subject property with varying lot sizes, and one R-30 zone is located in the immediate vicinity. Several of the surrounding AG-2 zoned lots are nonconforming and would be considered RP-80 and R-40 by today's zoning regulations. The applicant's request to rezone RP-80 appears to be dimensionally appropriate. *Please refer to Exhibit 1 for the zoning and Comprehensive Plan map exhibits.*

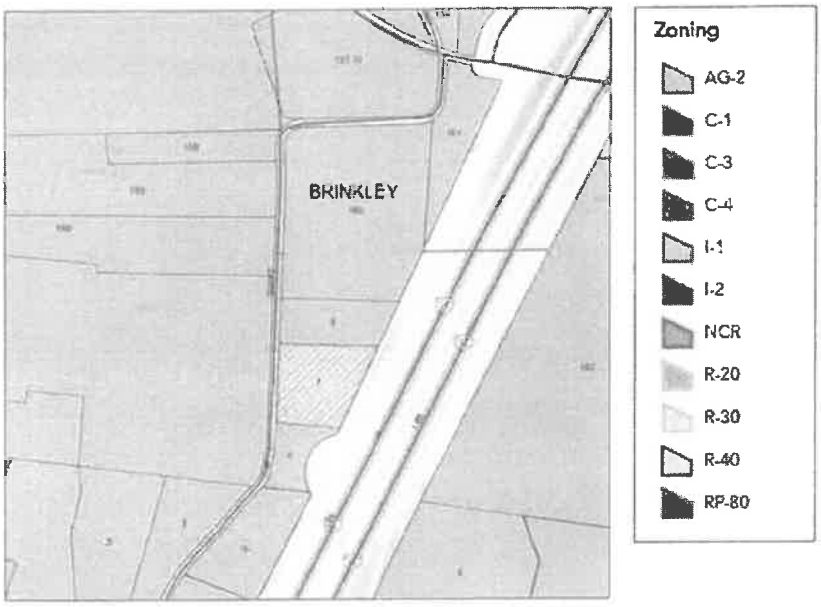

Comprehensive Plan: The purpose of the Rural character area in the County is to ensure the continuation of agricultural and rural uses. The areas closer to cities and villages shift from primarily agricultural to primarily rural residential. • Location of Rural Preservation Areas: Most of the County will remain designated as Rural throughout the planning horizon of this land use plan. • Uses in Rural Areas. Agrarian and rural type uses ranging from open space to agriculture, homesteads associated with agricultural uses, and agriculture service businesses are encouraged within this category.

Recommendation: Approval. The application of the RP-80 zoning district is appropriate for Rural Designation.

RESOLUTION NO. 081825057

Tennessee Consolidated Retirement System

A RESOLUTION to establish a mandatory retirement age requirement pursuant to Tennessee Code Annotated, Section 8-36-205, to authorize the payment of the supplemental bridge benefit pursuant to Tennessee Code Annotated, Section 8-36-211, and to authorize Group 1 members who have creditable service in a Group 1 position covered by such mandatory age retirement to retire on service retirement benefits upon attainment of age fifty-five (55) with twenty-five (25) years of creditable service pursuant to Tennessee Code Annotated, Section 8-36-201(a)(2).

WHEREAS, Tennessee Code Annotated, Section 8-36-205 provides that any political subdivision participating in the Tennessee Consolidated Retirement System may establish a mandatory retirement age requirement for all its firefighters, police officers, and correctional officers, as well as for all its employees who have been transferred from such a position to a supervisory or administrative position within their respective agency; provided that:

(A) the mandatory retirement of any such employee does not violate the Age Discrimination in Employment Act. In case of doubt, the respective political subdivision shall determine whether the employee is employed in a position requiring the mandatory retirement of such employee under the provisions of Tennessee Code Annotated, Section 8-36-205(a)(2);

(B) the terms and conditions of the requirement shall be the same for all such employees within its employ;

(C) the mandatory age requirement *shall not be less than* sixty (60) years of age;

(D) each such employee shall be retired on the first day of the month following the month in which the employee attains the age requirement established by the political subdivision;

(E) if the mandatory age requirement established by the political subdivision is less than the age requirement for receipt of old age and survivors benefits under Title II of the Federal Social Security Act (42 U.S.C. §§ 401-425), each such employee shall be entitled to the supplemental bridge benefit established pursuant to Tennessee Code Annotated, Section 8-36-211; and

(F) the chief governing body of the political subdivision passes a resolution authorizing the establishment of the mandatory retirement age requirement, and if the mandatory age requirement established by the political subdivision is less than the age requirement for receipt of old age and survivors benefits under Title II of the Federal Social Security Act, the political subdivision accepts the liability associated with the granting of the supplemental

bridge benefit. All costs associated with providing the supplemental benefit shall be paid by the political subdivision and not by the State; and

WHEREAS, Tennessee Code Annotated, Section 8-36-201(a)(2) further authorizes any political subdivision that establishes a mandatory retirement age requirement that is sixty (60) years of age or older, but less than sixty-two (62), to permit Group 1 members who have creditable service in a Group 1 position covered by such mandatory retirement age requirement to retire on service retirement benefits upon attainment of age fifty-five (55) with twenty-five (25) years of creditable service, provided that the service retirement benefits be based on the years of creditable service rendered and the average final compensation received while the Group 1 member served in a Group 1 position covered by the mandatory retirement provisions. All other service shall be calculated under the reduced (early) retirement provisions; and

WHEREAS, the County Commission of Robertson County desires to establish a mandatory retirement age requirement pursuant to Tennessee Code Annotated, Section 8-36-205, to grant the supplemental bridge benefit pursuant to Tennessee Code Annotated, Section 8-36-211, and to allow Group 1 members who have creditable service in a Group 1 position covered by such mandatory retirement age requirement to retire on service retirement benefits pursuant to Tennessee Code Annotated, Section 8-36-201(a)(2); and

WHEREAS, the Governing Body of the above-named Political Subdivision acknowledges that the costs associated with the granting of the supplemental bridge benefit pursuant to Tennessee Code Annotated, Section 8-36-211 and of service retirement benefits pursuant to Tennessee Code Annotated, Section 8-36-201(a)(2) shall increase its accrued liability rate by 3.50% of the covered payroll of the affected employees; and

WHEREAS, the Governing Body of the above-named Political Subdivision further acknowledges that *if* the mandatory retirement age requirement established by the Political Subdivision is sixty (60) years of age or older, but less than sixty-two (62), the political subdivision shall determine whether any employee subject to such retirement age requirement serves in a supervisory or administrative position which requires less than fifty percent (50%) of the employee's duties to be involved in day-to-day law enforcement or fire-fighting activities. If the Political Subdivision makes any such determination, then the employee may continue in service until the first day of the month following the month in which the employee attains sixty-two (62) years of age; provided such employee completes any form as may be required pursuant

to Tennessee Code Annotated, Section 8-36-211 and files the same at the time and in the manner prescribed in Section 8-36-211.

NOW, THEREFORE, BE IT RESOLVED that the Governing Body of the above-named Political Subdivision hereby establishes a mandatory retirement age requirement of Sixty (60) for all its firefighters, police officers, and correctional officers, as well as for all its employees who have been transferred from such a position to a supervisory or administrative position within their respective agency, subject to the terms and conditions of Tennessee Code Annotated, Section 8-36-205.

BE IT FURTHER RESOLVED, that the Governing Body of the above-named Political Subdivision authorizes that the supplemental bridge benefit established pursuant to Tennessee Code Annotated, Section 8-36-211 be paid to each Group 1 member who retires on a service retirement allowance on or after the attainment of age fifty-five (55) with creditable service in a Group 1 position covered by the mandatory retirement age requirement established pursuant to this resolution and hereby agrees to accept the associated liability. Said payment to be made until the first day of the month following the month in which the member dies, or until the first day of the month following the month in which the member reaches the age requirement for receipt of old age and survivors benefits under Title II of the Federal Social Security Act.

BE IT FURTHER RESOLVED, that the Governing Body of the above-named Political Subdivision authorizes its Group 1 members who have creditable service in a Group 1 position covered by such mandatory retirement age requirement to retire on service retirement benefits upon attainment of age fifty-five (55) with twenty-five (25) years of creditable service, provided that the service retirement benefits be based on the years of creditable service rendered and the average final compensation received while the Group 1 member served in a Group 1 position covered by the mandatory retirement provisions. All other service shall be calculated under the reduced (early) retirement provisions.

BE IT FURTHER RESOLVED, that the effective date of this Resolution shall be on September 1, 2025 with a transitional deferral date of July 1, 2027 for the enforcement of the mandatory retirement age requirement (which date cannot be later than the July 1 following twelve (12) months after the effective date of the resolution). Any such deferral period shall not apply to any other provisions of this Resolution, such provisions being effective on the effective date of this Resolution.

Passed this the 18th day of August, 2025, to be effective on the date of its passage, the public welfare requiring it.
