Armstrong	29.53	1,056.35 tons
Peach	38.40	341.77 tons
Head	0.00	620.95 tons
Hand	0.00	705.94 tons
Cook	137.12	1,845.78 tons
Martin	121.91	2,474.16 tons

Date	Road Name	Work Performed	Loads & Tons of Rock

   On a motion by Mr. Head, seconded by Mr. Hand and approved by voice vote, the commission received and ordered these filed. (Copies of these reports are on file at the highway office.)

5. Rock allocation for the month of December was set at 3,432.99 tons. This is the carryover from November. (A copy of this report is on file at the highway office.)

6. A report showing the revenue and expenditures for 131 - Highway Fund for the period ending October 31, 2024 was reviewed by the commission. On a motion by Mr. Hand, seconded by Mr. Cook and approved by voice vote, the commission received and ordered this filed. (A copy of this report is on file at the highway office.)

7. The December meeting date is set for Thursday, December 19, 2024 at 10:00 A.M. This is due to the fourth Thursday in December the office will be closed.

8. Delegation - None

9. State Aid Roads -

   2024/2025 – Kinneys Road (section)

   Supt. Adkins informed the commission we will bid Kinneys Road next Spring.

10. State Aid Road Bridge –

    2023/2024 – Kinneys School Road Bridge

    Supt. Adkins informed the commission about the update from our bridge engineer, Mr. Tom Sommers. The field work for the geotechnical exploration is complete. He is awaiting the final geotechnical report of the subsurface conditions. at site. Minor changes to bridge geometry are ongoing.

11. Driveway Permit Check List:

    A report showing "Driveway Permit List" for the month of November 2024 was reviewed by the commission. It showed 20 permits fully processed for a total of $2,200.00. On a motion by Mr. Head, seconded by Mr. Peach and approved by voice vote, this report was received and ordered filed. (A copy of this report is on file at the highway office.)

12. Supervisor/Commission Remarks:

    1. Included in their packets was a new price list from Vulcan Materials Company that goes in effect on January 01, 2025. Our new rock average increased $2.00 per ton. Our 2024 average is $23.78 and going to $25.78 per ton. On a motion by Mr. Hand, seconded by Mr. Head and approved by voice vote, this letter was received and ordered filed. (A copy of this new price list is on file at the highway office.)

    2. Supt. Adkins informed the commission the county's handbook only has twelve paid holidays. This year the county commission changed and gave Juneteenth and not the Friday after Thanksgiving as a holiday. In June, the county commission passed a resolution to close Robertson County Offices on the Friday after Thanksgiving. This will not be a paid holiday but for employees to use their vacation, sick time or be unpaid if they choose. With this being passed, Supt. Adkins would like our highway employees to get to do the same for tomorrow, Wednesday, November 27th. On a motion by Mr. Head, seconded by Mr. Peach and approved by voice vote, the commission approved for the Highway Department to be closed and the employees to use their sick or vacation time for Wednesday, November 27th.

3. Supt. Adkins also informed the commission back in January when we had snow, the County Mayor closed the county offices on January 16th and 19th. They closed early on the 18th and came in late on the 31st. During this time the Highway Department was open our normal hours and employees worked their regular week. Supt. Adkins asked in order to make up the days other employees had off while our department worked, he was asking the commission if they would agree to give Monday, December 23rd and Thursday, December 26th off. This would follow with our holidays off on Tuesday, December 24th and Wednesday, December 25th. The office will reopen on Monday, December 30th. As always, we have two employees on call 24/7 if anything was to happen during this week. On a motion by Mr. Head, seconded by Mr. Peach and approved by voice vote, the commissioners agreed to give the employees off on December 23rd and 26th. Supt. Adkins thanked the commissioners.

13. There being no further business, the meeting was adjourned on a motion by Mr. Head, seconded by Mr. Hand and approved by voice vote.

Robertson County EMS
EMERGENCY MEDICAL SERVICES

January 21, 2025

To: Mayor Vogle and County Commissioners

From: Brent Dyer, EMS Director

Re: EMS Report for January 2025

Mayor and Commissioners,

This is the report for the EMS Department for the month of January 2025. We have been especially busy. I would like to thank those who were able to attend our Christmas Dinner and Awards Banquet last month. It was wonderful to have you all be there and meant a lot to the EMS employees and their families. I would also like to thank those of you who reached out over the last week or so with your support, prayers for the community, and concern for those who responded to the tragic accident on Hwy 161 involving the two children. In 25 years of doing this work, that was one of the most difficult incidents I have responded to. I was very proud of the professionalism and dignity shown by all responders on the scene. The EMA personnel and North Robertson Fire personnel, along with our Sheriff's Office Colleagues and State Troopers were all very helpful and all worked together very well on a very challenging situation.

This past weekend was exceptionally busy with multiple high acuity cases involving young people. With flu season and so many people out there with sickness, along with the frigid temperatures, we are having a lot of respiratory emergencies. This past Friday alone, we had 7 emergency interfacility transfers of patients going from our local hospital to Nashville hospitals, one of which involved the newly developed specialized "ECMO" (Extracorporeal Membrane Oxygenation) response team from Centennial Medical Center. This is a specialized team of expert nurses and doctors trained in artificial perfusion of the heart. Together with EMS, the team transported a very critically ill 19-year-old lady using one of the brand new transport ventilators recently purchased by our County. I received a report from the hospital team and our paramedics who cared for the patient saying that the new equipment worked very well and made things easier than what we had. I want to thank you all for your support in obtaining vital equipment like this, as it has already been put to good use. Many people may not realize just how busy our County is and the notable advancements in emergency medical care that is available nowadays. It is good that we can bring this to our citizens, even though we hope none of them will need it, we are better prepared for those times.

Earlier today, we met with a perspective new EMS billing company. Commissioner Stubblefield, our EMS Committee Chair, was also present in the meeting. The meeting went very well and we do feel that this company has some good service to offer our County. We plan to

present these details in summary to the rest of the EMS Committee in our meeting on January 27th at 5PM. We welcome everyone to attend, as this discusses a notable change pertaining to our County's 3rd largest source of revenue.

After a long wait, our new radio systems are installed and, showing how valuable it is, things are going well with this. Thank you to Chad Gregory for all he does and for his work on this project. We have also taken delivery of not only the 2 new ventilators, but also 4 new defibrillators that will be serving our citizens. The last components of our rescue gear orders that includes protective coats, pants, boots, and helmets for our personnel were delivered last week also. Our personnel are now equipped with the necessary PPE to keep them safer while working on vehicle crash victims, rescue operations, and can be used to keep warm in extreme winter temperatures. Thank You to all for the support given to take care of our employees and the people we serve in Robertson County.

Please reach out if I can do anything for any of you or answer any questions.

Stay Safe,

Brent N. Dyer

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ended November 30, 2024 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on the cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Amanda Harrington, Planning Advisor

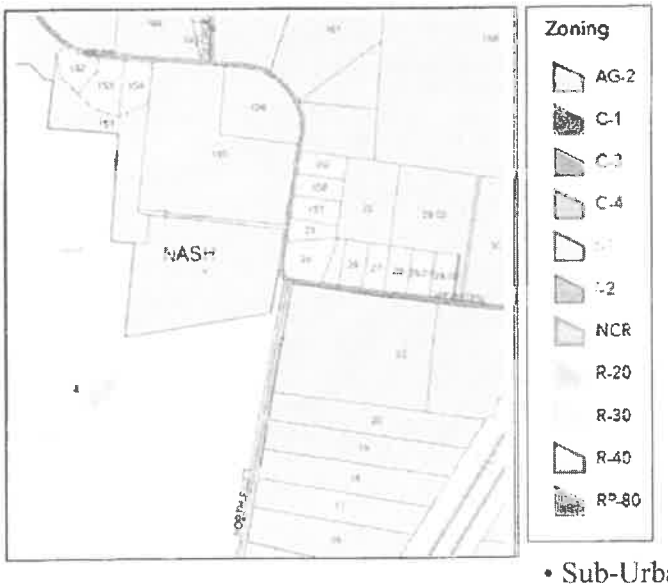

Applicant: Kevin D Nash
Representative: Todd Bollinger

Request: Rezone 1.526 acres of 15.70 acres
Property: Tax Map 117, Part of Parcel 007.00
Zoning: From AG-2 to R-40

Property Information:
- 7679 Webster Rd., White House
- Total lot acreage: 15.70 acres (683,892 sq. ft.)
- Rezone Request: 1.526 acres (66,473 sq. ft.)

Discussion & Observations:
The applicant wishes to rezone 1.526 acres of the 15.70 acres. The subject property has AG-2 and R-40 zones in the immediate vicinity with varying lot sizes.

The future land use plan calls for this area to be Sub-Urban, which is described as areas consist of low density residential, and support uses in progressive degrees of urban intensity with higher density/intensity in areas generally adjacent to the General Urban areas and lower density/intensity in areas adjacent to the Rural category.

• Location of Sub-Urban Areas. The Sub-Urban area serves as a transition between the rural areas and the more intense urban areas.

• Sub-Urban Uses. Predominantly low density/estate residential with low key support uses combined with some agriculture and equestrian activities.

The applicant's request to rezone R-40 appears to be dimensionally appropriate.

R-40 Minimum Requirements
Minimum Lot Size: 40,000 sq. ft.
Front: 50'
Side: 20'
Rear: 30'
Min. Lot Width @ Front Bldg. Setback Line: 150'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 40%

Staff recommends that the Planning Commission approve the rezoning request and forward it to the Robertson County Board of Commissioners, with the condition that the applicant submits a subdivision plat to finalize the subdivision process before the zoning change takes effect

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

RE: Water Availability Brandon Frank- Gideon Road Residential Project
Robertson County Tax Map 104 Parcel 68.02
Greenbrier, TN

Dear Mr. Frank,

Based on the information submitted to WHUD on 10/10/2024 you are requesting water service for up to twelve new single-family homes that will be built on the parcel noted above. Requested flows for the project are included in the attached schedule.

Based on a preliminary analysis, White House Utility District (WHUD) can confirm domestic water service can be provided to the project. In order to provide this level of service to the project the developer will be required to pay fees as noted in the attached schedule.

After payment of fees, WHUD will install new water taps near the western right-of-way of Gideon Road. The developer will be required to ensure each lot has legal access to its respective new water tap along Gideon Road.

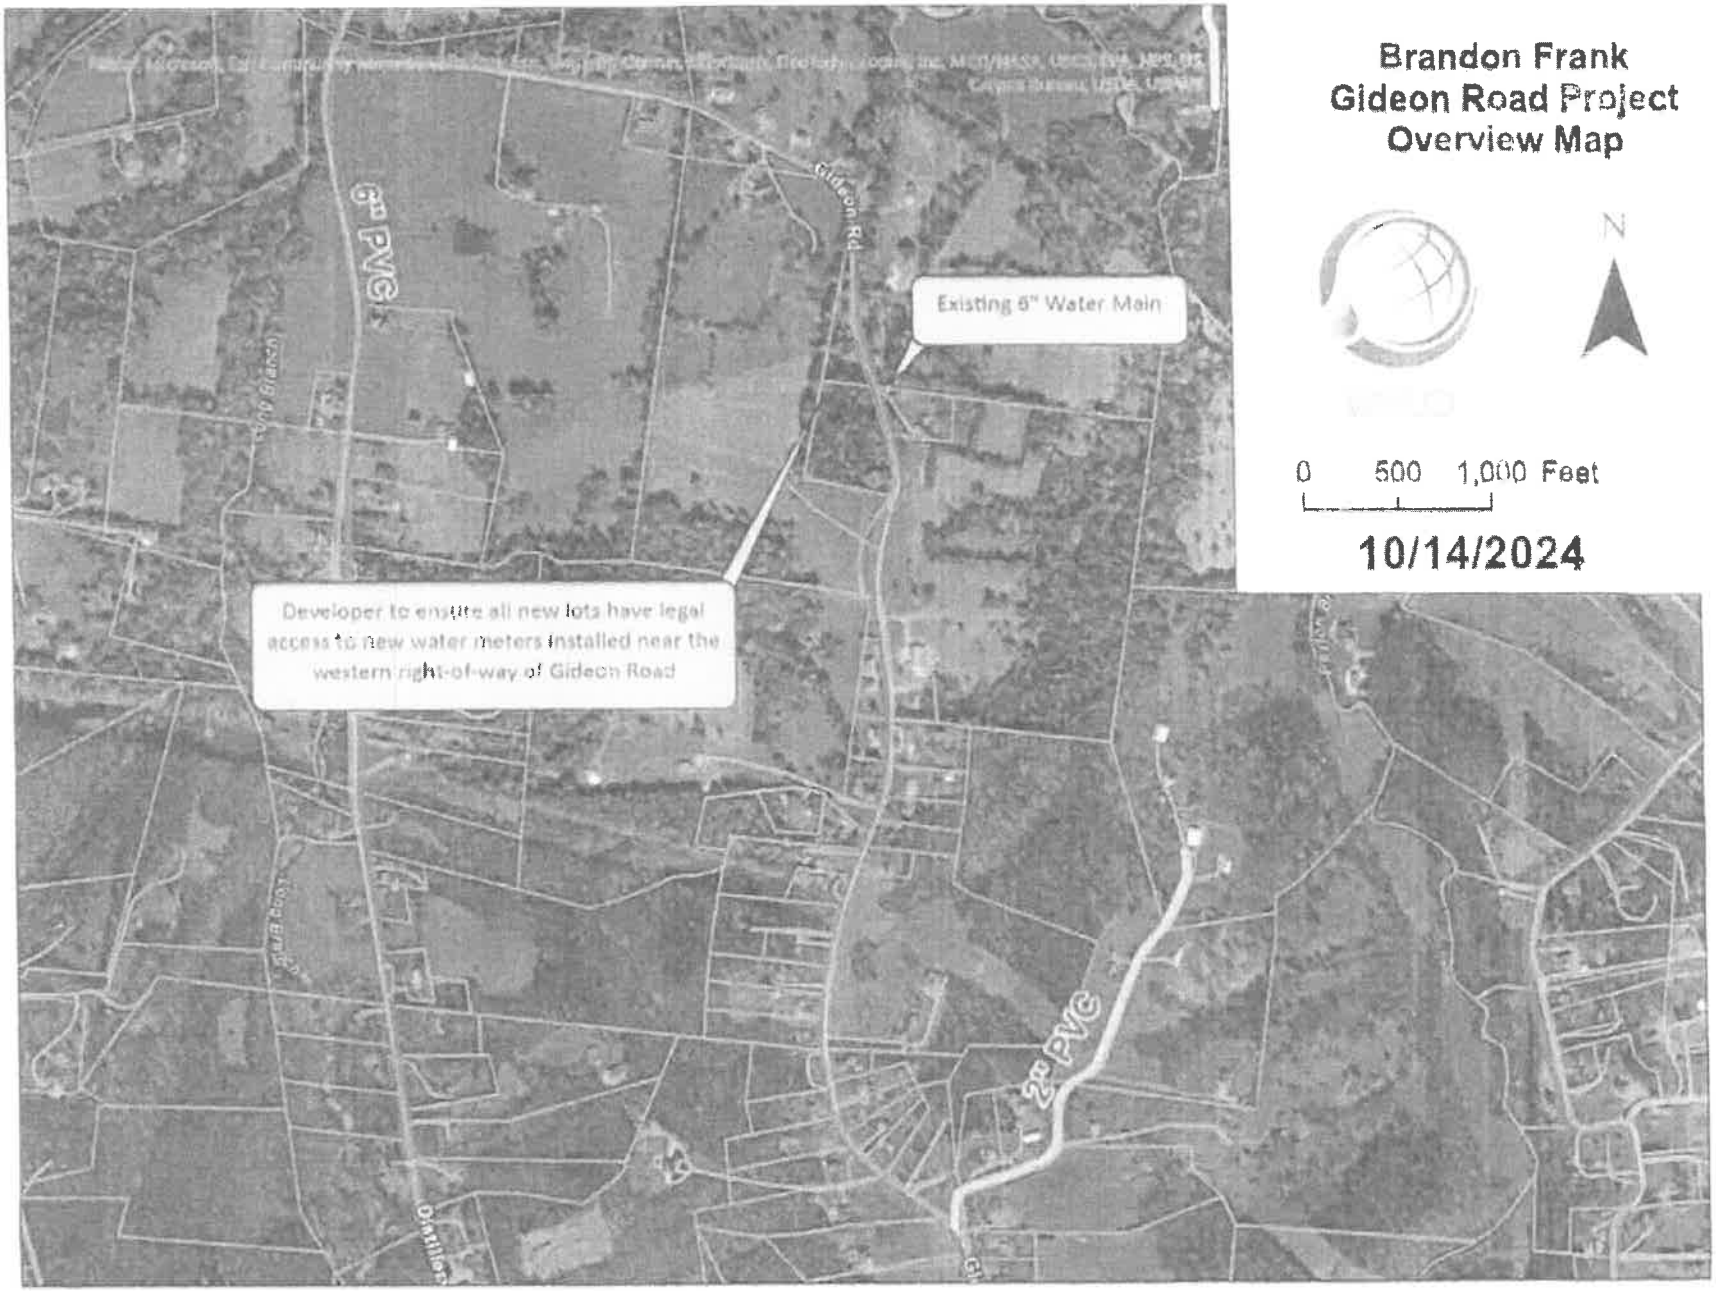

In conclusion, the information provided is to be considered due diligence in nature. This letter is neither a commitment nor a contract between the developer and WHUD nor is it to be relied upon for the purpose of design.

Should the developer desire to move beyond the due diligence inquiry phase of this project it will be necessary for the developer to pay noted fees.

Should you have any questions, please contact our Engineering Department at 615-672-4110 ext. 262 or via email at WHUDEngineering@whud.org.

Sincerely,

Pat Harrell, P.E.
District Engineer

Applicant: Brandon Frank on behalf of Michael and Diane Selfridge and Brian Linderman

Representative: Brandon Frank

Request: Rezone 20.35 acres (880,783 square feet) Tax Map 104, Parcel 068.02 from AG-2 to RP-80

Property Information:

- Tax Map 104, Parcel 068.02
- Gideon Road, Greenbrier
- Total lot acreage: 20.35 acres (8860,446 sq. ft.)

RP-80 Minimum Requirements

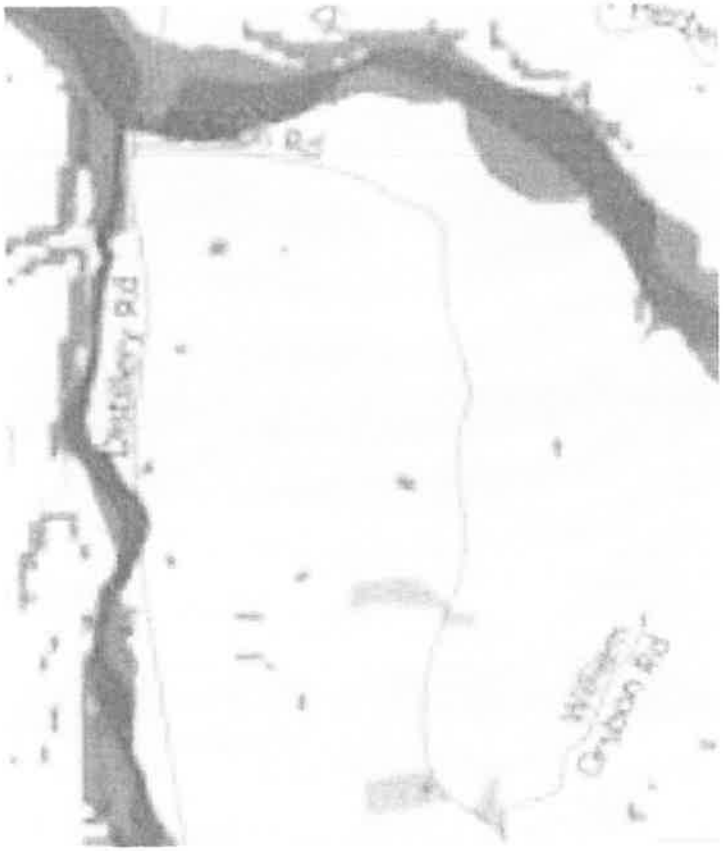

Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 25'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%.

Discussion:
The applicant wishes to rezone 20.35 acres. The subject property is mainly surrounded by AG-2 and a few R-40 zones in the immediate vicinity with varying lot sizes. Several of the surrounding AG-2 zoned lots are nonconforming that would be considered RP-80 and R-40 by today's zoning regulations. The applicant's request to rezone RP-80 appears to be dimensionally appropriate.

The County's Future Land Use Plan calls for this area to remain rural, described as: "The purpose of the Rural character area in the County shall be to ensure the continuation of agrarian and rural type uses. The closer the Rural areas are to cities and villages, the focus of the area changes from mostly agrarian to mostly rural residential.

• Location of Rural Preservation Areas. The majority of the County shall remain designated as Rural during the planning horizon of this land use plan.

• Uses in Rural Areas. Agrarian and rural type uses ranging from open space to agriculture, homesteads associated with agricultural uses and agriculture service businesses are encouraged within this category."

Staff Recommendation: Approval.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet. the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However. the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

RE: Water Availability for 2455 Gideon Rd
Robertson County, Tax Map 116 Parcel 261.00
Greenbrier, TN
REVISED to extend availability letter dated January 12, 2024

Dear Ms. Sanders,

This letter will serve as an extension to the availability letter WHUD issued on this project dated January 12, 2024. All flow requirements remain unchanged from the initial request.

White House Utility District can provide two domestic water services for the property mentioned above as long as each tract fronts Gideon Rd or has an easement dedicated for the water service line to lie within. We understand you intend to alter an existing parcel such that two residential tracts will result. There are currently no existing water taps associated with the property.

WHUD's existing six-inch water main located on the west side of Gideon Rd can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $250 for the new lot created will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 or $2,800 for a 1" residential tap with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

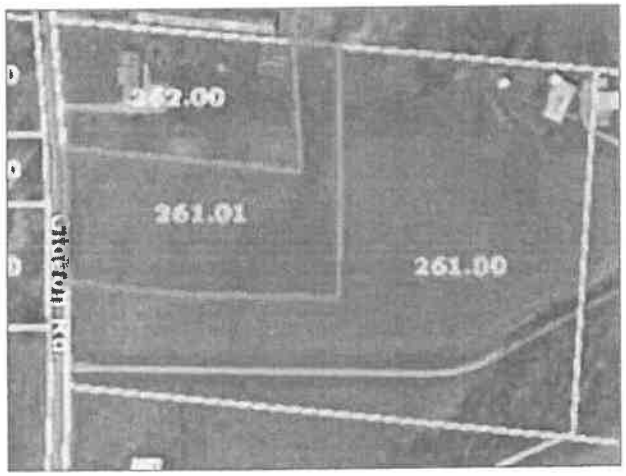

Sincerely,

Pat Harrell, PE

Applicant: Geoffrey and Ashley Sanders
Representative: Todd Bollinger

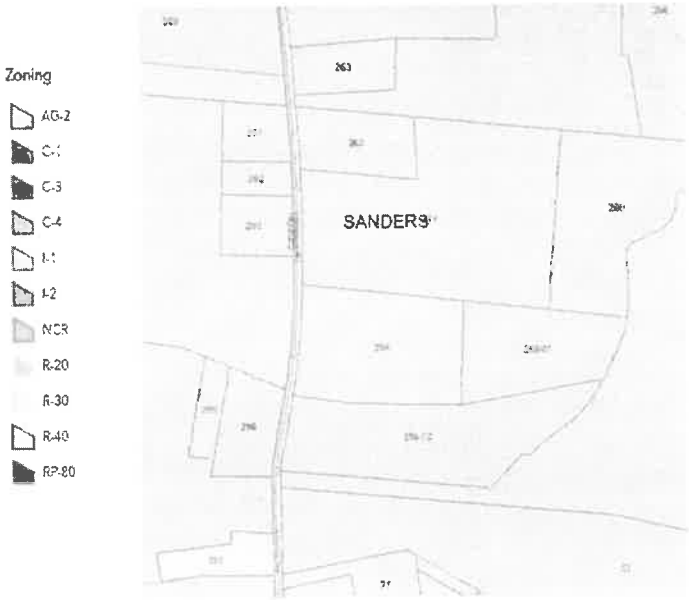

Request: Rezone 3.00 acres of the 10.74 acres
Property: Tax Map 116, Part of Parcels 261.00 & 261.01
Zoning: From AG-2 to RP-80

Property Information:
- Gideon Road, Greenbrier
- Total lot acreage: 10.74 acres (467,834 sq. ft.)
- Rezone Request: 3.00 acres. (130,680 sq. ft.)

Discussion:

The applicant wishes to rezone 3.00 acres of the 10.74 acres. The subject property is substantially surrounded by AG-2 zoned property in the immediate vicinity. The Sanders indicate a desire to rezone both of their parcels and do some minor subdivision action to parcel 261, which would allow them to bring their parcel to meet the minimum requirement of RP-80, thus allowing them to build what is presumed to be a single-family dwelling.

The RP-80 Minimum Requirements are:

Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 25'
Min. Lot Width @ Front Bldg. Setback Line: 175'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%.

The applicant's request to rezone RP-80 appears to be dimensionally appropriate.

The applicant's request to rezone to RP-80 is consistent with the Future Land Use Map, which describes this area as follows:

Rural: The purpose of the Rural character area in the County shall be to ensure the continuation of agrarian and rural type uses. The closer the Rural areas are to cities and villages, the focus of the area changes from mostly agrarian to mostly rural residential.

• Location of Rural Preservation Areas. The majority of the County shall remain designated as Rural during the planning horizon of this land use plan.

• Uses in Rural Areas. Agrarian and rural type uses ranging from open space to agriculture, homesteads associated with agricultural uses and agriculture service businesses are encouraged within this category.

Staff recommends that the Planning Commission approve the rezoning request and forward it to the Robertson County Board of Commissioners, with the condition that the applicant submits a subdivision plat to finalize the subdivision process before the zoning change takes effect.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

Request: Rezone **2.51** ***acres*** (109,335.60 sq. ft.) Tax Map 096, Parcel 074.06 from **RP-80 – C-1**

Property Information:
- Tax Map 096, Parcel 074.06
- Hwy 31W, Cottontown
- Total lot acreage: 2.51

Discussion:
The applicant wishes to rezone 2.51 acres. AG-2 surrounds the subject property but has a couple of C-1 zones in the immediate vicinity with varying lot sizes.

The applicant's request to rezone to C-1 appears dimensionally appropriate and follows the future land use map, which is designated as general urban. The purpose of the general urban land use category is to promote various types of non-residential land uses mixed with predominantly medium-density residential.

• Location of General Urban. The following criteria shall be used to create new areas or expand General Urban.

- The general urban area is expected to capture intensive non-residential uses and shall be served by major roadways.

- The general urban area's character is predominantly non-residential, providing industrial job centers interspersed with higher-intensity commercial uses and workforce housing.

- The General Urban areas shall be located where infrastructure includes potable water and sewer systems, stormwater management systems, and major paved public streets or highways.

- Designation of new General Urban areas should only be allowed if adjacent to other general urban areas, unless justification for a new area can be demonstrated at an appropriate scale.

- General Urban Uses. Non-residential land uses, such as commercial, industrial, office, and institutional, mixed with predominantly multifamily residential, will be encouraged within this category. Large scale uses such as home improvement centers are also typical of this character area. The General Urban area contains uses serving the community as a whole.

Whereas, supporting documentation of the rezoning request is attached hereto as Exhibit A: Application Packet and Exhibit B: Staff Report from Planning Commission, with additional application information available to the public in the Robertson County Development Office; and

Whereas, the Robertson County Planning Commission evaluated and recommended the request at their December 19, 2024, regular meeting, finding the size of the subject parcel dimensionally appropriate for the C-1 zoning designation, and water availability present.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY COMMISSION OF ROBERTSON COUNTY, TENNESSEE THAT:

1. The Zoning Atlas of Robertson County, Tennessee be amended by rezoning Tax Map 097, Part of Parcel 058.00, located on Maxey Road, from AG-2 to C-4; and
2. Any Resolutions or parts of Resolutions in conflict herewith shall be repealed.

THIS RESOLUTION SHALL BE IN EFFECT IMMEDIATELY AFTER ITS PASSAGE, THE PUBLIC WELFARE DEMANDING IT.

Approved and adopted the 27th **day of** January **2025.**

Request: Rezone **20.20** ***acres*** of the 26.82 acres Tax Map 097, Part of Parcel 058.00 **from AG-2 to C-4**

Property Information:
- Tax Map 097, Part of Parcel 058.00
- Maxey Road, Adams

Discussion:

The applicant wishes to rezone 20.20 acres of the 26.82 acres. The subject property is a split zone, and the applicant requests that it be rezoned into a single zoning district. The property is mainly surrounded by C-4, C-1, and AG-2 zones in the immediate vicinity, with varying lot sizes.

The applicant's request to rezone C-4 appears to be dimensionally appropriate.

C-4 Minimum Requirements

Minimum Lot Size: 25,000 sq. ft.
Front: 30'
Side: 10'
Rear: 20'
Min. Lot Width @ Front Bldg. Setback Line: 100'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 60%.

Future Land Use Plan: The Employment Center land use category is similar to the general urban area but encompasses areas with the greatest potential for locating employment opportunities.

• Location of Employment Centers. Areas identified as Employment Center include the Springfield Industrial Park, the proposed Red River Preserve, and the area around the

Springfield/Robertson County airport. The following criteria shall be used for assigning new areas or expanding the employment center character area.

o The character of the Employment Center is predominantly non-residential providing locations for professional or industrial nodes and retail and service support to the community as a whole. Therefore, the area shall be served by high-capacity transportation systems.

o Because Employment Center lands are served by high-capacity transportation systems, development in this category can support a substantial regional commercial center.

o The more intensive development within Employment Center areas shall be located where infrastructure includes central water and sewer systems, stormwater management systems, and major paved public streets or highways.

o Designation of new Employment Center lands should only be allowed if adjacent to other employment center lands, unless justification for establishing new employment centers, at an appropriate scale to serve the community, can be demonstrated.

o Direct access to collector or arterial roads shall be required for high-density residential development, unless located within a mixed use development.

• Employment Center Uses. Uses allowed within this category include multiple types of land uses, such as commercial, office, institutional, multi-family, duplexes, attached single family, etc. Industrial uses will also be allowed in this category if they are large enough in size and scope to be properly buffered and designed to minimize impacts and maximize compatibility. Single-family uses are permitted; however, multi-family and workforce housing are encouraged as they can directly benefit from nearby economic opportunities.

Staff Recommendation: Approval.

The rear yard setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-6.4 C-4 Highway Service Commercial District

A. District Description

The ***C-4*** Highway Service Commercial District is established to provide primarily for auto-dependent uses in areas not amenable to easy pedestrian

access and a comfortable pedestrian environment. It is expected that the Highway Commercial District will serve not only the Robertson County Residents, but highway travelers as well. Because of the scale and access requirements of uses in this category, they often cannot be compatibly integrated within the other commercial districts.
