Activity Report - **OCTOBER 2025**

Miscellaneous Events:

Our usual monthly events were all covered, Coffee & Comradery at Robertson County Credit Union (10/21) and One Street Over with U-Turn Lavern Vivio on radio station WSGI (10/29).

We attended the First Friday Event on the Square in Springfield (10/03) which was another big success.

We were at the Good Morning Robertson County meeting (10/23) held at Springfield City Hall.

Our effort to get out and attend local community events to let people know we are here for our Veterans is paying off. We have had several people come in to see us after meeting with them face-to-face.

Veteran Service Office Monthly Report – October 2025

New case management software rolled out earlier this year (TN Veteran Benefit System). State has agreed to foot the bill for this new program which in the past was a fee per registered user; not sure when that cost will roll back to the counties.

*We were able to help a widowed spouse (**District 2**) apply for/receive VA indemnity compensation. Case was unique in that we had to have the death certificate for Veteran amended to reflect current condition for which Veteran was receiving VA disability. We will work to get supplemental health insurance at no cost to her (TVB 00001601).

*A spouse of a bedridden Veteran came in (December 2024) to discuss if there were any benefits that he could be eligible for (**District 1**). She stated that they were relying on their church membership for help with groceries and couldn't get their car fixed due to lack of funds. It turns out, he had never filed a VA disability claim. We built/submitted his claim for military connected disabilities, and he recently received a favorable decision of 80% disability (~$2,000 per month) also resulting in ~$28,000 in retroactive payment. Spouse called to let us know the payment had hit the bank and was incredibly thankful (TVB00007774).

*Spouse of the deceased Veteran came to discuss if she was eligible for any benefits. The Veteran never discussed his military service when he was alive, never filed a claim to VA, and his DD214 was lost in a housefire. He served in the Navy, and he died of a condition caused by exposure to Agent Orange. The only piece of evidence the spouse had to connect him to Vietnam (Blue Water), was a newspaper clipping from a local newspaper in the 1960s saying that the Vet was onboard a ship that went to assist off the shore of Vietnam. Through National Archives, we located his DD214. Through an online database of historic newspapers, we found the original news article. With this, we submitted a claim for spouse benefits. It took several months, and some back-and-forth communication with VA... this claim was granted in March 2025 and backdated to August 2023. The widow now receives monthly compensation (~$1,650) and was awarded ~$29,000 in retroactive payment (TVB00014292).

Many of the claims we submit take a lot of research and time to put together in a way that allows maximum possibility for a positive outcome. VA decisions granting benefits make it possible for some of our Veterans to acquire housing (previously homeless/living in their car), continue staying in their house and be able to pay mortgage/rent; many times, it makes a difference in putting food on the table. What we get to do is literally life changing for many Veterans and their families. We're open M-F 8am-4:30pm and welcome you to stop by our new office!

Respectfully,

Scott Erwin, Director

Robertson County EMS
EMERGENCY MEDICAL SERVICES

Date: November 12, 2025

To: Mayor Vogle and Robertson County Commissioners

From: Brent Dyer, EMS Director

Re: November 2025 EMS Report

Mayor Vogle and Commissioners,

Please accept this report for the month of November 2025. I wanted to present some information that shows the calls volumes and "performance" of our EMS department. I think you will see the steadily growing need for our essential services within the community, also I think you will be pleased to see our department has some good response times compared to industry standards.

Call Volumes

- EMS call volumes from October 1, 2023 through October 28, 2024
  -10,833 total calls

  EMS call volumes from October 1, 2024 through October 28, 2025 **(current)**
  -11,156 calls – 323 more calls than the previous year (right at 3% increase)

- Fiscal year 23-24, EMS ran 11,672 calls total
  Fiscal year 24-25, EMS ran 12,102 call total (430 more calls this past fiscal year)
  3.7% increase for overall fiscal operating year

With a total of 12,102 calls for an estimated population of 80,000 County wide, it shows approximately 15% of the people in our County have needed EMS over the last year.

Performance

Response times are measured from the time our units are dispatched, until they arrive on scene. This includes the time it takes our crews to get in the truck and begin moving. The standard across the United States is a goal response time less than 8 minutes. Anything *less than 5 minutes is considered best* in the industry for ambulance response times.

October 2023-October 2024, average response time was 7 minutes: 27 seconds. 63% were less than 8 minutes from dispatch to arrival on scene. 41.3% had response times less than 5 minutes. There were 173 calls that had response times greater than 20 minutes.

Current
October 2024 to October 2025, average response time is even faster, at 7 minutes: 12 seconds. 64% were less than 8 minutes from dispatch to arrival on scene. 41.1% had response times less than 5 minutes. There were 98 calls that had response times greater than 20 minutes, which is 75 less than last year, noting improvement in response times.

Data for the past 6 months shows the following response times for each unit/area:

Springfield – ***All 3 ambulances in Springfield shared response times less than 5 minutes! This is best of industry standards.***
Medic 10 – 4 mins:35 sec
Medic 11 – 4 mins:49 sec
Medic 12 – 4 mins:35 sec

White House – We have added a second ambulance in White House, Both of which exceed the industry standard of less than 8 minute response times.
Medic 40 – 6 min: 26 sec
Medic 41 – 5 min: 33 sec

Ridgetop/Greenbrier
Medic 3 – 8 min: 49 sec

Cross Plains – note: prior to Sept 2025, > 50% of their calls were assisting in White House
Medic 2 – 10 min:01 sec

Cedar Hill
Medic 6 – 10 min:44 sec

Coopertown
Medic 5 – 11 min:24 sec

Summary Notes

Robertson County EMS responds to over 1,000 calls / month

Approximately 15% of our county's populations will use EMS over the year

13% of the patients treated and transported by EMS are pediatric (less than 16 years of age)

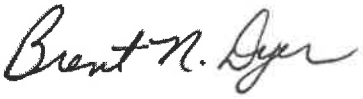

Our ambulances in Springfield all have less than 5-minute response times.

Our ambulances in White House all have less than 7-minute response times.

EMS added another ambulance in to White House in September 2025. Since this time, we have seen improvements. For example, last year in September – October (2024) 15 calls had a response time greater than 20 minutes. This same period this year (current, 2025), there has only been 3 times in the past month there have been response times greater than 20 minutes. Adding this ambulance now gives us a total of 9 operating across the County and is already making a great difference.

In closing, last week our community saw where there was another serious vehicle accident in Robertson County. This crash was on Hwy 41S right at the Springfield / Greenbrier city limits area. The crash sadly involved a local lady losing her life. The crash also seriously injured the 12-year-old daughter of this lady, who almost passed away also. Thankfully, some incredible efforts were made to rescue her and resuscitate her. The young lady is expected to live, and I am very pleased with the work of everyone who worked to save this girl's life. We all continue to keep that family in our prayers in the loss of her mother. As always, thank you for your support and please reach out anytime.

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ending September 30, 2025 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on a cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board, also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

TO WHO IT MAY CONCERN:

There has been a letter of water availability requested by Mr. Cam Suggs for ten (10) water services on two (2) properties located on Betts Road (Hwy 257) in Robertson County. The properties are identified by Map 113 Parcel(s) 204.00 and 204.02. There is currently a 8" water main across Hwy 257 that can serve the properties. However, there must be an off-site infrastructure improvement made to provide service for these proposed lots. There will need to be a new six (6) inch water main installed across Hwy 257 that connects to the existing 8" water main. Approximately 675 L.F of 6" water main will need to be installed. After this work has been performed and accepted by the City of Springfield's Water and Wastewater Department, service can be provided for both domestic and fire protection. This letter of availability will be valid for the period of one (1) year. If there has been no activity until May 1, 2026, the property will need to be re-evaluated for service.

If you need further information or have questions, please contact me at 615-382-1600 or at terry.beers@springfieldtn.gov.

Property Information:

- Tax Map 113, Parcels 204.00 & 204.02
- Betts Road, Greenbrier
- Total lot acreage: 23.89 acres (1,040,648.40 sq. ft.)
- **Rezone Request: 23.89 acres (1,040,648.40 sq. ft.)**

Project Narrative:

R-40 Minimum Requirements

Minimum Lot Size: 40,000 sq. ft.
Front: 50'
Side: 20'
Rear: 30'
Min. Lot Width @ Front Bldg. Setback Line: 150'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 40%.

Discussion & Observations:

The applicant intends to rezone 23.89 surveyed acres to allow for subdivision. The property is bordered by AG-2 and R-40 zoned land with varying lot sizes. Several non-conforming lots nearby would now be classified as R-40 or RP-80 under current standards. The request to rezone to R-40 seems to be dimensionally suitable. Please refer to Exhibit 1 for the zoning map and a relevant section of the Comprehensive Plan.

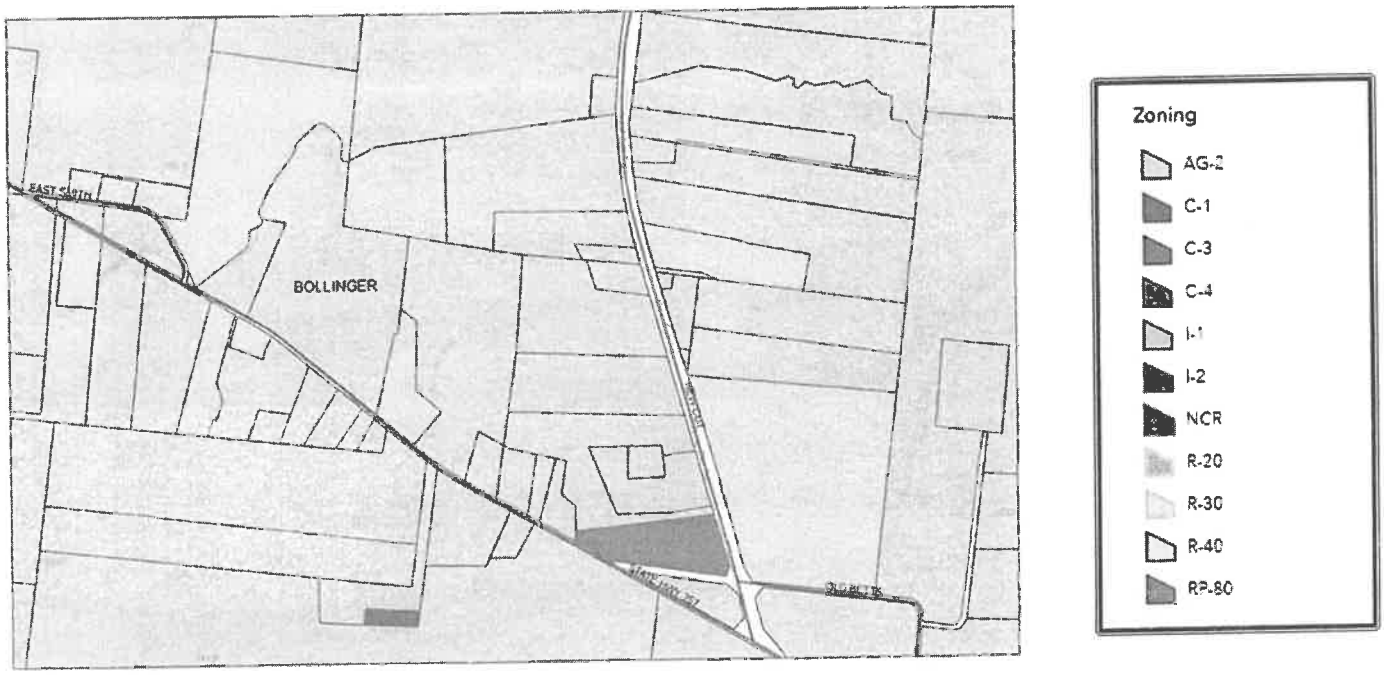

Robertson County 2040 Comprehensive Plan: The plan designates this area as rural. Location of Rural Preservation Areas: Most of the County will stay designated as Rural throughout the planning horizon of this land use plan. Uses in Rural Areas: Agricultural and rural activities, from open space to farming, homesteads related to agricultural uses, and agricultural service businesses are encouraged within this category.

Recommendation: Denial. The application of the R-40 zoning district is inappropriate for Rural Designation.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.

RE: Water Availability for 6635 Hwy 76
Robertson County, Tax Map 093 Parcel 242.00
Springfield, TN
REVISED to extend availability letter dated February 24, 2025

Dear Mr. Sterling,

This letter will serve as an extension to the availability letter WHUD issued on this project dated February 24, 2025. All flow requirements remain unchanged from the initial request.

White House Utility District can provide one additional domestic water service for the property mentioned above as long as each tract fronts Highway 76 or has an easement dedicated for the water service line to lie within. We understand you intend to alter the existing parcel such that one new residential tract will result. There is currently one water tap associated with this property.

WHUD's existing six-inch water main located on the south side of Highway 76 can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 for the new lot created will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 or $2,800 for a 1" residential tap with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE
District Engineer

Request: Rezone **1.857 *surveyed acres*** of the 23.03 acres Tax Map 093, Part of Parcel 242.00 from AG-2 to RP-80

Figure 1: TN Property Viewer: Tax Map 093, Part of Parcel 242.00 In its entirety is highlighted

Property Information:

- Tax Map 093, Part of Parcel 242.00
- 6635 Hwy 76 E, Springfield
- Total lot acreage: 23.03 surveyed acres (1,003,186.80 sq. ft.)
- **Rezone Request: 1.857 surveyed acres. (80,890.92 sq. ft.)**

Project Narrative:

RP-80 Minimum Requirements

Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 60'
Rear: 35'
Min. Lot Width @ Front Bldg. Setback Line: 150'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%.

Discussion & Observations:

The applicant seeks to rezone 1.857 surveyed acres of the 23.03-acre property. The area around the property includes a mix of AG-2 and R-40 zoning, with varying lot sizes. Several non-conforming lots nearby would now be classified as RP-80 and R-40 under current standards. The request to rezone to RP-80 appears to be dimensionally suitable. Please refer to Exhibit 1 for the zoning map and excerpts from the Comprehensive Plan.

Comprehensive Plan: The purpose of the Rural character area in the County is to maintain agricultural and rural uses. Areas closer to cities and villages transition from mainly agricultural to primarily rural residential. • Location of Rural Preservation Areas: Most of the County will stay designated as Rural throughout the planning horizon of this land use plan. • Uses in Rural Areas:

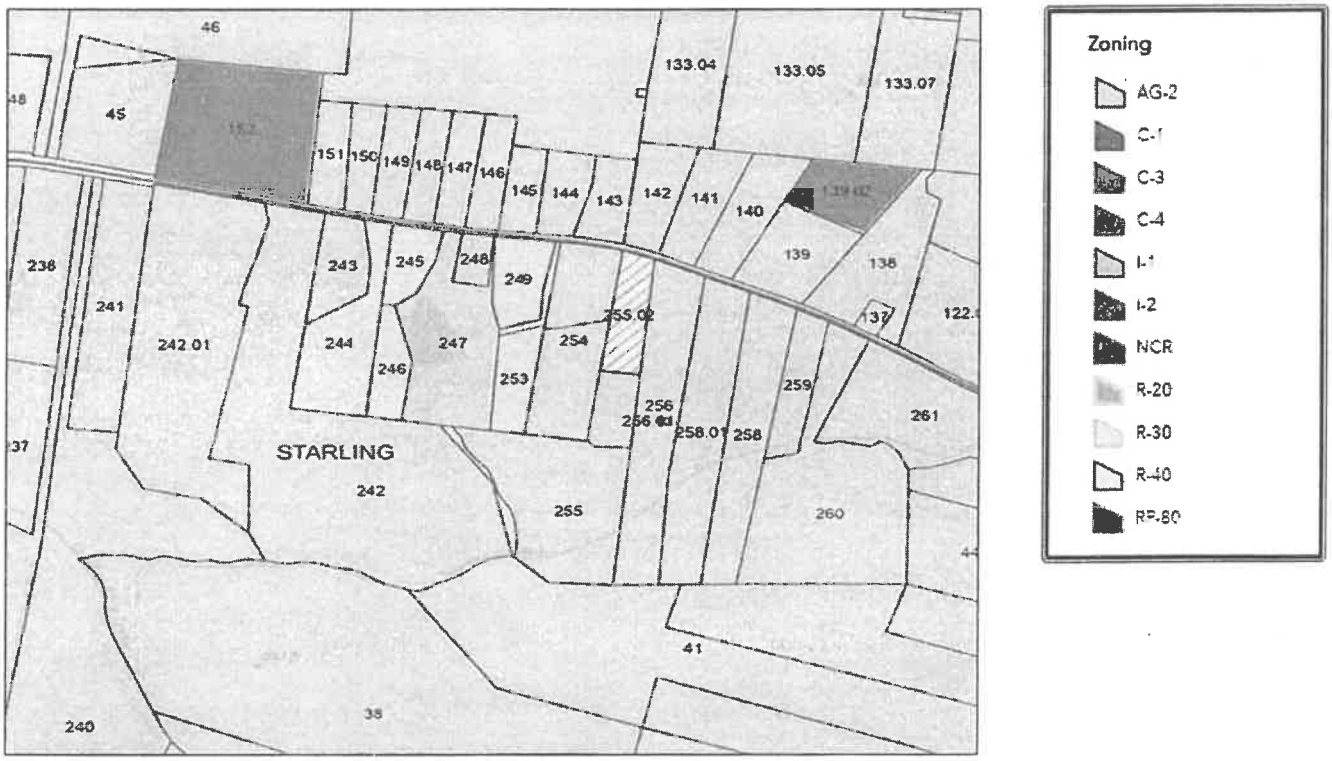

Agricultural and rural activities ranges from open space to farming, homesteads linked with agricultural uses, and agriculture service businesses are encouraged within this category.

Recommendation: Approval. The application of the RP-80 zoning district is appropriate for Rural Designation.

[1] Does not apply to lots on the circular portion of a cul-de-sac or lots with access by an ingress/egress easement.

[2] Setback measured from right-of-way line or property line. Setbacks along private streets shall be the same as along local streets.

[3] Lot widths shall be increased by twenty-five (25) percent for all roads providing direct access to and arterial or collector road as designated on the Robertson County Major Thoroughfare Plan. Developments using combined driveways or private roads as access are exempt from this provision

[4] No more than three (3) full or partial stories entirely above grade.

Notes:

I In overlay districts: greater requirements may apply. See any relevant overly district regulations.

II A corner lot has two (2) front yard setbacks. The property owner shall designate the front yard and the side yard for his corner lot. The rear setback shall be on the opposite side of the lot from the designated front yard setback.

III A through lot has two (2) front setbacks but no rear setback.

IV On a corner lot of record with a width of at least forty (40) feet, the side street setback may be reduced, if necessary, to yield a buildable with equal to sixty (60) percent of the lot width. However, the side street setback shall not be reduced to less than forty (40) feet from a major thoroughfare or minor thoroughfare right-of-way line.

V For any lot of record with a depth of at least seventy-five (75) feet, the street setback and the rear setback may be reduced, if necessary, to yield a buildable depth equal to forty (40) percent of the lot depth. The rear setback shall be reduced first, but not below fifteen (15) feet. However, the front yard setback shall not be reduced to less than forty (40) feet from a major thoroughfare right-of-way line.

6-5.2 AG-2 Agricultural/Residential District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet affords limited residential development that is conducive to maintaining an agricultural setting. This district shall remain agricultural in nature with limited community facilities, commercial and residential development. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.3 RP-80 Rural Preservation District

A. District Description

This district is designed to provide suitable open space for agricultural uses and very low density residential development. It shall consist primarily of single family detached dwellings, agricultural uses and their accessory uses. This district shall be located in those areas of the county that shall retain an optimum of open spaces to maintain a rural setting yet afford residential developments a minimum of urban character. This district is a transition zone between the agricultural areas and the more urban zone residential districts. The application of this district is appropriate in rural areas of the adopted 2040 comprehensive Growth and Development Plan.

6-5.4 R-40 Low Density Residential District

A. District Description

This district is designed to provide suitable areas for low density residential development where appropriate infrastructure is available characterized by an open appearance. Most generally, the residential development will consist of single-family detached dwellings and accessory structures, but the district may also include community facilities, public utilities and open uses which serve specifically the residents of this district or which are benefited by an open residential environment without creating objectionable or undesirable influences upon such development. It is the express purpose of this resolution to exclude from this district all buildings or other structures and uses having commercial characteristics whether operated for profit or otherwise, except that special exceptions and home occupations shall be considered as not having such characteristics if they otherwise conform to the provisions of this resolution. The application of this district is appropriate in Sub-Urban and General Urban areas of the adopted 2040 comprehensive Growth and Development Plan.
