Commissioner M. Dorris asked if the county was in the horse trailer business. Mayor Vogle asked him if he had a question. Commissioner Stubblefield made the motion for Director of Schools, Danny Weeks, to be a part of the court for questions with a second by Commissioner M. Dorris. Passed by voice vote. Mr. Weeks explained the grant money that was received for High School Career & Technical Programs. East Robertson and Jo Byrns have built barns for cattle management training. The horse trailers were purchased with these funds.

MINUTES OF MEETING
ROBERTSON COUNTY HIGHWAY COMMISSION

1. The Robertson County Highway Commission met in regular session at 4:00 P.M., Thursday, February 26, 2026.

2. The following commissioners were present:

   Mr. Armstrong, Mr. Cook, Mr. Hand, Mr. Head and Mr. Peach.
   Absent - Mr. Martin. Co-Chairman Cook presided.

3. The minutes of previous regular meeting were approved and ordered filed on a motion by Mr. Head, seconded by Mr. Hand and approved by voice vote.

4. Supervisor's Report:

Commission	Tons Hauled to Date	End Balance
Armstrong	0.00	732.80 tons
Peach	0.00	191.40 tons
Head	19.56	518.28 tons
Hand	25.46	561.91 tons
Cook	21.26	1,108.27 tons
Martin	126.29	2,210.23 tons

Date	Road Name	Work Performed	Loads & Tons of Rock

   On a motion by Mr. Peach, seconded by Mr. Armstrong and approved by voice vote, the commission received and ordered these filed. (Copies of these reports are on file at the highway office.)

5. Rock allocation for the month of March was set at 1,728.99 tons. This is the carryover from February. (A copy of this report is on file at the highway office.)

6. A report showing the revenue and expenditures for 131 - Highway Fund for the period ending January 31, 2026 was reviewed by the commission. On a motion by Mr. Head, seconded by Mr. Hand and approved by voice vote, the commission received and ordered this filed. (A copy of this report is on file at the highway office.)

7. The March meeting date is set for Thursday, March 26, 2026 at 4:00 P.M.

8. Delegation - None

9. State Aid Roads -

   2025/2026 – Mint Springs Road

   Supt. Adkins reported we will open bids for Mint Springs Road on March 18th. Plans are to pave late Spring.

   2026/2027 – Hall Road

   Supt. Adkins stated we will bid this Summer and pave late Summer or early Fall.

10. State Aid Road Bridge –

    2023/2024 – Kinneys School Road Bridge

    Supt. Adkins informed the commission about the update from our bridge engineer, Mr. Tom Sommers. He is finalizing the plans in preparation for submittal to TDOT sometime next week.

11. Driveway Permit Check List:

    A report showing "Driveway Permit List" for the month of February 2026 was reviewed by the commission. It showed 24 permits were fully processed for a total of $12,300.00. On a motion by Mr. Hand, seconded by Mr. Head and approved by voice vote, this report was received and ordered filed. (A copy of this report is on file at the highway office.)

12. Supervisor/Commission Remarks:

    1. A copy of the 2026-2027 Budget Adoption Schedule was included in their packets. On a motion by Mr. Peach, seconded by Mr. Armstrong and approved by voice vote, this report was received and ordered filed. (A copy of this schedule is on file at the highway office.)

    2. Supt. Adkins reminded the commission to be getting with him on what roads they would like done in the 2026/2027 budget year.

    3. The commission discussed the ice storm that happened last month. Supt. Adkins informed them TDOT assisted with a few roads. We are still cleaning up the debris that fell during this storm.

13. There being no further business, the meeting was adjourned on a motion by Mr. Head, seconded by Mr. Hand and approved by voice vote.

DELINQUENT TAX COMMITTEE

Faye Stubblefield
Martin Morgan
Tommy Jackson
Jonathan Rummel
Gina Head-Hieber

Dear Delinquent Tax Committee Members:

Enclosed you will find a copy of all the changes to the 2024 tax roll, including any erroneously assessed, exempt, and/or released property for the 2024 tax year.

As a member of the Delinquent Tax Committee, you may want to check these items either with the Assessor of Property or in my office. Please feel free to call me if you have any questions regarding this list.

In addition, this will need to be entered for approval at the April 20, 2026 meeting of the Robertson County Commission. If you have any questions, you may contact my office at your convenience.

Sincerely,

Kendra Shelton, Trustee

Veteran Service Office Monthly Report – March 2026 "Wins"

Army Veteran, TVB 00199153, who served in the 1980s, initially filed his own claim in November but came to see our office in January for assistance and support during the claim process. We helped add onto the claim, as he just had surgery, to make sure all bases were covered. We ended up winning 100% permanent and total (P&T) at the end of February. He is already benefitting from all the extras that come with this rating - a free disabled Vet car tag, health benefits, dental, etc; as well as sending his daughter to college next semester using the Dependent Education Assistance program.

Air Force Veteran referred to our office by another client. Veteran/spouse chose to make the 1 ½ hour drive to discuss the denied claims decision VA recently made. After researching the VA decision, discovered it was an error on how benefits were claimed (verbiage). Put together appeal and the Veteran was granted 100% service-connection for his heart alone, which was due to exposure to Agent Orange/Vietnam. Veterans' Spouse is primary caregiver and working on getting her benefits as required care/supervision is needed 24/7/365.(TVB00041427)

Miscellaneous Events:

March saw a bunch of office visits. We had a FULL calendar! We were at all of our "usual" functions this month ... Coffee & Comradery, Nursing Home outreach and our WSGI/One Street Over radio spot with Chris Armantrout/Valor Mortgage. Having a guest speaker to discuss veteran related topic has gone over well with the radio show.

We closed out the month celebrating our Vietnam Veterans at the Orange Heart Memorial on the 27th and 28th. There was a Meet & Greet on Friday evening at the Holiday Inn Express. The candlelight Reading of the Names followed at Springfield Memorial Gardens. Saturday morning, we had the added events of a 5K Run and a Poker Run. This was the first year for those. This commemoration for our Vietnam soldiers is definitely growing.

Our office met with a representative from Maxim Care on the 31st. He had some great information on how to assist with additional in-home health care needs. We will certainly be using this company in the future as a resource for our veterans in Robertson County.

Please continue to refer Veterans/widowed spouses/families to our office. We're open Monday-Friday 8am-4:30pm (home visits as needed)

We have created a QR code for our office Facebook page. Please feel free to "Like" and "Follow" for news and events.

March 31, 2026

Board of County Commissioners
Robertson County Courthouse
Springfield, Tennessee 37172

Dear Commissioners:

The unaudited financial report for the period ending February 28, 2026 is submitted herewith. This report was prepared by the Finance Department, and I believe the data is accurate in all material aspects, and that it is presented in a manner designed to set forth the financial position and results of operations of the various funds.

This report includes financial statements of all entities over which Robertson County exercises oversight responsibility, based upon criteria established by the Governmental Accounting Standards Board, except for the Robertson County Trustee, Clerks, Register and Sheriff.

The accounting records for the governmental fund types are maintained on a modified accrual basis. Revenues are recognized when they become both measurable and available as net current assets, except property taxes are recognized on a cash basis.

Expenditures are generally recognized when the liability is incurred, except principal and interest on long term debt is recognized when due, and encumbrances are recognized as expenditures for budgetary purposes in the period they are created. Reserve For Encumbrances represents contracts, purchase orders and other commitments to be completed in subsequent accounting periods.

All Reserves, with the exception of Reserve For Encumbrances, indicate unexpended revenues that are legally required to be expended for specific purposes in subsequent accounting periods.

The County is required by State statute to adopt annual budgets for the General Fund, Special Revenue Funds and Debt Service Fund. These budgets must be adopted on the basis where current available funds are sufficient to meet current expenditures. The sum of expenditures and encumbrances may not legally exceed authorized appropriations. All unencumbered appropriations lapse at year end.

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets and the reliability of financial records for the preparation of financial reports. The concept of reasonable assurance recognizes that the cost of an internal control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. All internal accounting control evaluations and judgments occur within this framework.

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds included in this financial report are as follows:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specific purposes. Special Revenue Funds include the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

General Capital Projects Fund - The General Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the County other than those for the Sanitation/Solid Waste Fund, Highway Fund and School Fund.

Community Development / RCEDB / Red River Preserve PILOT Fund – The Community Development / RCEDB / Red River Preserve PILOT Fund is used to account for financial resources collected through Payments In Lieu Of Taxes (PILOT) and expenditures for the Red River Preserve Project. The Robertson County Industrial Development Board, also known as the Robertson County Economic Development Board (RCEDB) is required to request approval from the County legislative body if funds are required for any County project other than the Red River Preserve.

School Capital Projects Fund - The School Capital Projects Fund is used to account for financial resources specified to be used for the acquisition or construction of major capital facilities for the School Fund.

County Medical Self Insurance Fund – The County Medical Self Insurance Fund is used to account for financial resources regarding collections of insurance premiums from the County and employees. This fund also accounts for payment of all medical claims for County employees plus the payment of administrative and stop loss fees to Blue Cross Blue Shield of Tennessee. Blue Cross Blue Shield of Tennessee is the County's Third-Party Administrator (TPA) of the County Medical Self Insurance Plan.

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I express my appreciation to these employees. I also thank the County Commissioners and all other officials and employees for their cooperation and support in conducting the financial activities of the County in a progressive and responsible manner.

Should you have any questions, please advise.

Respectfully,

Jody Stewart

Jody Stewart

April 15, 2026

To: Mayor Vogle and Robertson County Commissioners

From: Brent Dyer, EMS Director

Re: April 2026 EMS Report

Mayor and Commissioners,

Please accept this report from the EMS Department for the month of April 2026. Like all departments, we are preparing a proposal for budget needs to bring to our EMS Committee next Monday evening at 5 PM, ahead of the full commission meeting. We welcome and encourage everyone who can attend to join us at 5PM, Monday evening, April 20th, before the full commission meeting at the main EMS building, 1305 Hill St., Springfield, TN. The main needs we will discuss are as follows:

1. Employee Recruitment and Retention Plan – This year, we will have around 15 personnel who will be eligible to step up a level of increase in their respective job classification. Last year, our department was given around $40K to utilize toward facilitating this. It is a recurring expense, however year to year, it is of great benefit to see qualified, well-trained people that have invested in staying with Robertson County and continue to serve our citizens. We also hope to discuss potential cost of living adjustments to maintain a competitive pay plan.

2. This year, we will have 7 of our Advanced EMTs who are becoming paramedics. This will require an additional $105K into our full-time personnel salary lines 131 and 187 (straight and overtime pay lines). Again, this is a wonderful advancement in our operation as far as what it brings to the citizens, but it comes with this expense.

3. We have another 7 employees who are paramedics who have attended programs this year at Vanderbilt or St. Thomas/Ascension hospitals to upgrade to Critical Care Paramedics. This will cost approximately $1,200/yr each, so 7 x 1,2000 = approximately $8,400 increase to the salary line items.

4. Our physician Medical Director, Dr. Love Anani, has professionally and respectfully requested an increase in his stipend/pay for his role in the EMS department. Dr. Anani is currently paid from the EMS budget in a separate line under contracted services at $9,000/year. We are asking to increase Dr. Anani's pay to $30,000 / year starting this fiscal year.

Robertson County EMS
EMERGENCY MEDICAL SERVICES

5. We are requesting 3 full-time positions. The 3 of these paramedic "float" positions would be approximately $246,172.08 additional funding in our salary lines, which would also have some increase to the associated tax lines, work comp, etc.

6. As the EMS department head, I am requesting an increase of around $5K/year to be comparable with other unelected department heads who also do a great job.

7. There is a need for vehicles in line 719. We currently have $383,350 in that line. We have committed to an order of one ambulance already. We are requested to order/purchase a second ambulance for this fiscal year to help keep the fleet updated. The proposed increase in the vehicles line would be approximately $174,150.

We are hopeful that all 5 of our EMS Committee members will be able to attend. We will need a quorum for sure so our committee can vote on these matters in preparation for it to go to the budget committee on time per the budget adopt calendar from Madam Finance Director.

I have a meeting with our Finance Director, Mrs. Jody, tomorrow. She and I plan to assess the latest monthly financial report on the EMS budget and develop a plan to assess current funds, see where they can be applied for needs now to minimize requests into the coming fiscal year, and review the overtime line. We may decide to request a budget amendment from the increased EMS transport revenues to go into the overtime line. This is not from poor management, if anything we have managed the budget very well, and it would likely be okay without the amendment, but we don't want to risk being so close if something else, like the ice storm, were to happen. We spent an additional $36,000 (approximate) between 2 pay periods in overtime during the ice storm, however it was money well spent. Without the extra staffing, it would have been impossible to meet the demand during that historical, and hopefully only ice storm we will see for many years to come. With this, we may go ahead and request the funds to put that money back in, just so we are certain we don't risk going over. Our department has seen a higher amount of FMLA coverage and paternity leave, as well as military leave this year so far than others. For example, we have one young paramedic, a great young man, but he was diagnosed with a rare kidney disease, requiring surgery, he is now having dialysis, and is on a transplant waiting list, but is expecting to be able to return to work later this month. He has been out for approximately 2 months now. This is another example of where full-time float positions for each shift would help cover these openings rather than relying on unscheduled overtime.

Many of you know already, but we are in discussions and seem to be moving toward presenting it before building and grounds, and further with the emergency operations center project. Commissioner Stubblefield is our best contact on this as she has spearheaded these discussions so far. I have worked with EMA Director Blake Pierce to develop a prioritized needs list for such facility to focus on true needs and minimize as much excess cost as possible to get something to the builders to get solid numbers. I would like to note that if at all possible, when we look at doing something like

Robertson County EMS
EMERGENCY MEDICAL SERVICES

this, if we could, please include enough funding to also consider a simple facility on the east side of the County, as for currently we do not have a building of our own, and the one we are provided by the City of White House can only operate 1 ambulance at night time. That building is quickly deteriorating, and we are having some reported issues. It is a city owned building, and whereas there were discussions about a new city fire station being built, and plans to include space for EMS, it appears that it has not been approved definitively, and I do not have any for sure updates on that currently. We also need renovations at the Coopertown station, and a garage renovation/expansion to the one in Ridgetop eventually. These smaller projects are certainly less expensive than a new main center/EOC but are still much needed infrastructure expenditures I feel we need to keep in our planning going into the near future.

It takes a lot to effectively manage a great and growing EMS department. We are proud to do it and always appreciate your support and trust in our team. I would be excited to show anyone the breakdowns, details, and planning that goes into what we do each day to answer around 1,000 calls per month in Robertson County. We have some incredible success stories just in the last couple of weeks, where lives were saved. We will do our best to keep working hard for Robertson County, and bring the best emergency care possible, and do so with a solid and transparent business model. I look forward to seeing you all at this month's meetings.

-Brent Dyer, EMS Director

MEMORANDUM

TO: The Robertson County Commission Members
FROM: Pam Groves, Planning and Zoning Director
DATE: April 13, 2026

The Robertson County Commission will hold its monthly meeting on Monday, April 20, 2026, at 7:00 P. M., in the Judicial Complex, 2nd Floor, Robertson County Office Building, Springfield, Tennessee. The following items have been placed on the agenda for your review.

Zoning Map Amendment Requests:

Rezoning Request AG-2 to RP-80

Resolution No. 042026025 – Mary Henson: Request to rezone 5.94 surveyed acres of property from AG-2 to RP-80 located at 6753 Hwy 76 E. Tax Map 093, Parcel 261.00 (3rd Voting District).
The Planning Commission recommended approval by a vote of 6 – 0.

Should you have comments or questions upon receipt of this information, please feel free to contact the Development Office.

Robertson County Commission Resolution No. 042026025

A RESOLUTION OF THE ROBERTSON COUNTY COMMISSION TO REZONE 5.94 SURVEYED ACRES OF PROPERTY LOCATED AT 6753 HWY 76 E., SPRINGFIELD, MORE PARTICULARLY IDENTIFIED AS TAX MAP 093, PARCEL 261.00 FROM AG-2 TO RP-80, AND TO REPEAL ANY RESOLUTIONS OR PARTS OF RESOLUTIONS THAT CONFLICT HEREWITH.

Whereas Mary Henson requests to rezone 5.94 surveyed acres of Tax Map 093, Parcel 261.00, located at 6753 Hwy 76 E., from AG-2 to RP-80; and

Whereas, supporting documentation of the rezoning request is attached hereto as Exhibit A: Application Packet and Exhibit B: Staff Report from Planning Commission, with additional application information available to the public in the Robertson County Planning and Zoning Office; and

Whereas, the Robertson County Planning Commission evaluated and recommended the request at their March 26, 2026, regular meeting, finding the size of the subject parcel dimensionally appropriate for the RP-80 zoning designation, and water availability present.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY COMMISSION OF ROBERTSON COUNTY, TENNESSEE THAT:

1. The Zoning Atlas of Robertson County, Tennessee be amended by rezoning Tax Map 093, Parcel 261.00, located at 6753 Hwy 76 E., from AG-2 to RP-80; and
2. Any Resolutions or parts of Resolutions in conflict herewith shall be repealed.

THIS RESOLUTION SHALL BE IN EFFECT IMMEDIATELY AFTER ITS PASSAGE, THE PUBLIC WELFARE DEMANDING IT.

Approved and adopted the 20th **day of** April, **2026.**

10TH CIVIL DISTRICT

ROBERTSON COUNTY
TENNESSEE

DRAWING NO
6753HWY76

Property Description

6753 Hwy 76

5.94 Acres

Being a tract of land in the 10th Civil District of Robertson County Tennessee, and a portion of that property conveyed to Mary Lynn Henson and Steve Allen Edison 2349, PG 369 R.O.R.C.T., and more accurately described according to a survey by Anthony T. Bollinger R.L.S. TN LIC. No. 2095 dated 09/10/25 as follows:

Beginning at an Existing Iron Pin in the Southerly Margin of HWY 76 being a common corner to Chantel Rose RB 2202 PG 812 R.O.R.C.T. and the Northeast corner of herein described tract; Thence leaving margin with said Rose S06°43'29"W 148.25' passing a witness through a Witness Pin at a 135.02' to a Point in Drain being a common corner to Michele H. Ley RB 1638 PG 180; Thence leaving Rose with Ley in the creek for the next 7 calls: Thence S85°11'53"W 70.99' to a point; Thence S75°02'36"W 63.73' to a point; Thence S60°30'24"W 31.44' to a point; Thence S46°32'04"W 30.88' to a point; Thence S79°23'28"W 104.67 to a point; Thence S72°56'11"W 80.88' to a point; Thence S88°02'06"W 103.34' to a point being a common corner to Melony Hensley RB 624 PG 787 R.O.R.C.T. ; Thence leaving Ley with Hensley in creek for the next 3 calls: Thence N20°30'47"W 13.18' to a point; Thence N40°43'04"W 132.00' to a point; Thence N87°46'17"W 247.50' to a point; Thence leaving creek continuing with Hensley N25°52'20"E 508.98' to an Iron Pin set in the margin of HWY 76E ; Thence leaving Hensley with said margin for the next 4 calls: Thence S58°03'21"E 331.86' to a point; Thence S60°00'27"E 179.12' to a point; Thence with a curve to the left having a radius of 1019.25' and a chord bearing and chord of S67°00'23"E 115.62' to a point; Thence S73°12'44"E 58.17' to the point of beginning containing 5.94 acres.

RE: Water Availability for 6753 Highway 25
Robertson County, Tax Map 093 Parcel 261.00
Springfield, TN

Dear Mr. Bollinger,

This letter will confirm White House Utility District can provide two additional domestic water services for the property mentioned above as long as each tract fronts Highway 76 or has an easement dedicated for the water service line to lie within. We understand you intend to alter the existing parcel such that three residential tracts will result. There is currently one water tap associated with the property.

WHUD's existing six-inch water main located on the south side of Highway 76 can provide domestic water flow for this project. No fire sprinkler flows, fire hydrant flows, commercial flows, or irrigation flows have been requested.

A water facilities fee of $467 per new tract will need to be paid to WHUD before we will release a signed plat or before we will sell a water tap, whichever comes first. Standard water tap fees will be due at the time service is requested. WHUD's tap fee schedule is available on our web site at www.whud.org. The current tap fee for a ¾" residential tap is $2,000 with a $50 account setup fee applied to the first bill, but that is subject to change over time.

Please note that all fees, rates, and conditions noted in this letter are current as of the date of this letter and are subject to change over time. WHUD will hold the conditions stated above for a 90-day period past the date of this letter. You may request an extension of fee status in writing prior to expiration of the 90-day period. WHUD will review the request and either deny or grant the request in writing.

Please contact our Engineering Department at 615-672-4110 ext. 262 if you have any questions.

Sincerely,

Pat Harrell, PE
District Engineer

1.0 GENERAL SITE DESCRIPTION

The purpose of this Traffic Assessment is to assess the feasibility of a property currently zoned AG-2 for an RP-80 zoning classification in Robertson County, Tennessee.

The site is a 6.7-acre tract located south of Highway 76 E, south of Bethlehem Road, and west of Distillery Road in Robertson County, Tennessee. Around the property, there are agricultural fields and single-family homesteads in the vicinity of the property. The proposed development will include single family homes with 2 acres per lot. Likely access points may be located on Highway 76 E. A more detailed subdivision plan will be provided at a later time. A site exhibit is shown in Figure 1 and Appendix A.

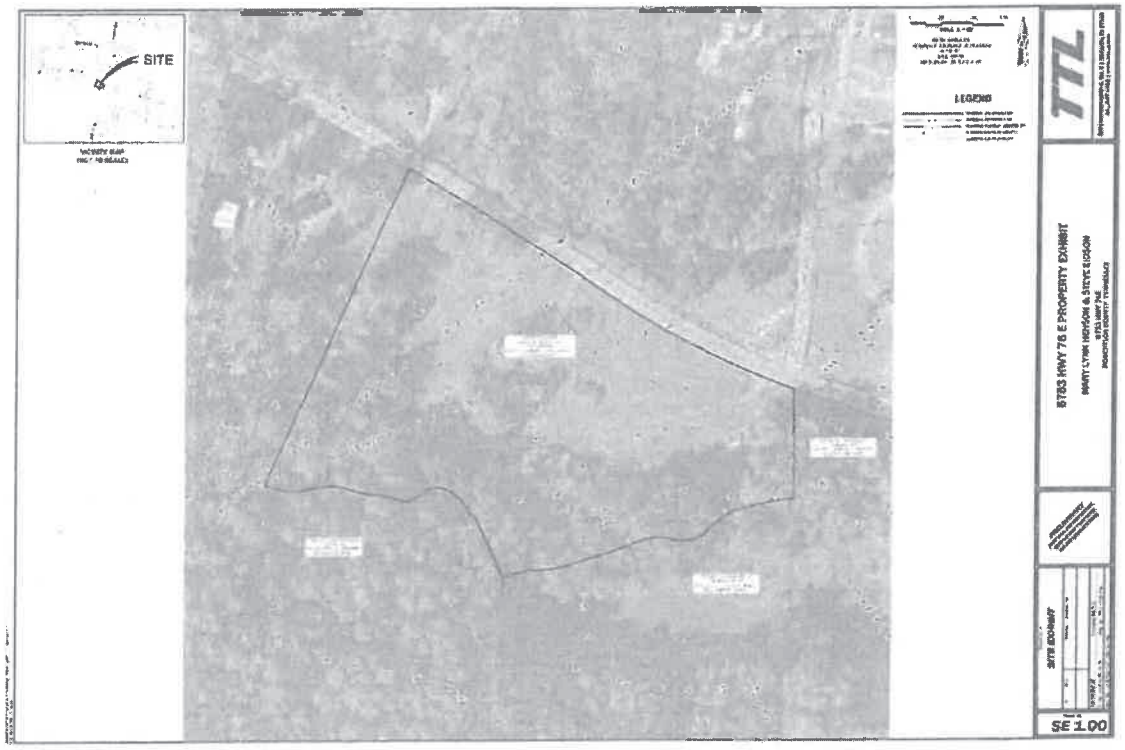

Figure 1: Site Exhibit

2.0 ITE TRIP GENERATION

2.1 TRIP GENERATION

A trip generation process was used to estimate the amount of traffic expected to be generated by the proposed development. Anticipated trips from the proposed development were projected using the ITE's *Trip Generation*, 11th Edition. The ITE trip-generated calculations for the site are provided in Appendix B of this report. For planning purposes, the development is assumed to include the following proposed residential amounts as described in Table 1.

Proposed Residential Potential				
Tract ID	Area (sq ft)	Area (ac)	Minimum Lot Size (ac)	Max Total Housing Units
093 261.00	293257	6.7	2	3
			Total Proposed Units	2

Table 1. Proposed Residential Potential

For this assessment, only two additional proposed housing units were considered for the analysis because one housing unit already exists on the subject property. Additionally, trip distribution for each land use can be seen in section 2.1.1 the appropriate Land Use Code from the ITE's *Trip Generation*, 11th Edition.

2.1.1 Single-Family Detached Housing

The anticipated trips from the Single-Family Detached Housing were calculated using the Land Use: 210 (*Single-Family Detached Housing*). The description of this land use per ITE is as follows: "A single-family detached housing site includes any single-family detached home on an individual lot. A typical site surveyed is a suburban subdivision." Anticipated trips for daily, AM, and PM peak hour can be seen in the table below:

Single Family Detached Housing (ITE Land Use Code 210)								
Prop Units (Units):		2						
On a Weekday			A.M. Peak Hour of Adjacent Street			P.M. Peak Hour of Adjacent Street		
Average Rate Per Unit		9.43	Average Rate Per Unit		0.70	Average Rate Per Unit		0.94
Trip Ends	50% Enter	50% Exit	Trip Ends	25% Enter	75% Exit	Trip Ends	63% Enter	37% Exit
22	11	11	2	0	1	2	1	1

Table 2. ITE Trip Generation for Single-Family Detached Housing

2.2 Total Trips Generated

Table 3 presents the daily, AM, and PM peak hour trip generation for the ITE-generated land uses as shown below:

Daily	AM Peak		PM Peak	
	Enter	Exit	Enter	Exit
22	0	1	1	1

Table 3. ITE Generated Traffic Count Totals for Development

The generated traffic numbers were based on maximum density for the lot and accounting for the existing home for the purpose of this assessment. This was done to give a worst-case scenario as a conservative assumption. Actual traffic numbers will likely be lower than what the report identifies because of site constraints, roadway networks, and other site requirements that can lower the amount of lots built on the property.

3.0 ROADWAY CONDITIONS AND ACCESS POTENTIAL

The access points for the subject property are on Highway 76 E. Proposed access points onto TDOT ROW for the subject property require a Residential Entrance Permit from the State of Tennessee for each access point connecting to TDOT ROW.

Highway 76 E extends generally east to west with major intersections at Highway 49 E and Interstate 65. The road is developed with a mix of residential and rural development along the corridor. The section that spans our site is mostly a mixture of residential and rural development. The road near the project site is a 2-lane, undivided asphalt road with 11-foot lanes. The posted speed limit is 55 mph within the vicinity of the project site.

Bethlehem Road extends generally north to south in the vicinity of the site. This road connects Highway 76 E and Cross Plains Road. The road is developed with a mix of residential and rural development along the corridor. The section that spans our site is mostly a mixture of residential and rural development. The road is a 2-lane, undivided asphalt road. The posted speed limit is 40 mph within the vicinity of the project site.

The **intersection of Highway 76 E and Bethlehem Road** is a 3-way intersection which is closest to the subject property and is controlled by a stop sign on Bethlehem Road. The intersection slopes in the direction of Bethlehem Road are about 15%. The intersection slopes in the direction of Highway 76 E are about 3%. An aerial image of the intersection lane configuration can be seen in Figure 2 at the end of this section:

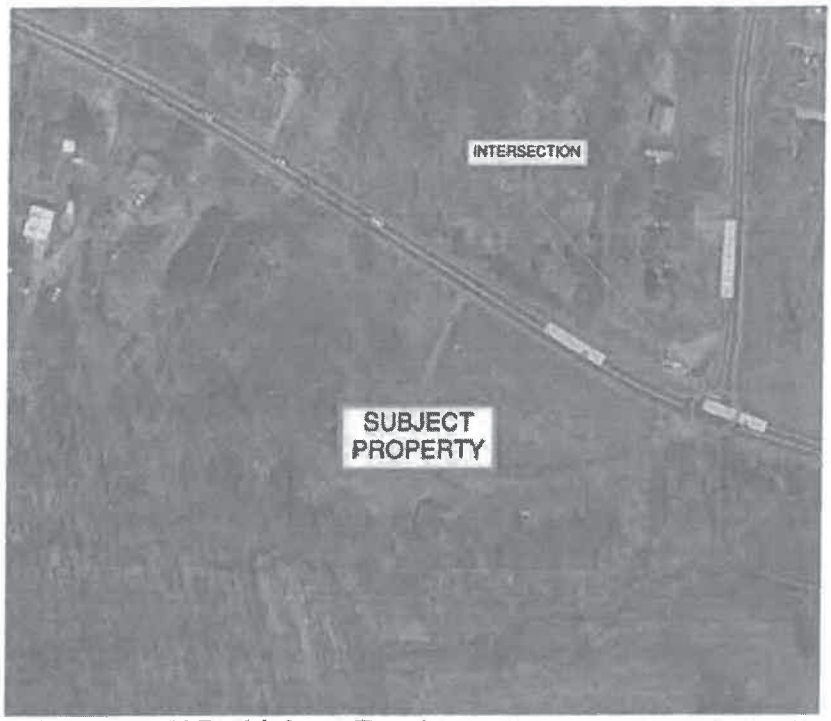

Figure 2. Highway 76 E/ Bethlehem Road Intersection Aerial With Subject Property

3.1 LANE CAPACITY ANALYSIS

For this site, the lane capacity analyses were performed on Highway 76 E since that road is likely to have an access point to the proposed development. The traffic numbers used for the analysis came from ITE-generated numbers of the property for the AM and PM peak hours in addition to the existing traffic counts on Highway 76 E and Bethlehem Road for the current year 2026 using a growth projection from the year 2024 of the latest study performed by TDOT. These numbers were later used to model the lane capacity analysis. The program used for the lane capacity analysis was HCS 7, which utilizes lane capacity calculations based on the Highway Capacity Manual. In the analysis, Highway 76 E was modeled with the AM and PM peak hour traffic ITE-generated numbers for the lane segment analysis based on current road conditions. In addition, data from the TCDS portal provided from TDOT was utilized in the analysis of the report, specifically focusing on the thru movements on Highway 76 E for the AM and PM peak hours respectively. A growth factor of 1.77% was utilized as based on the report, and the projected timeline was assumed to be 5 years into the future from 2026 since the site is expected to be built in a 5-year timeframe. The end year analyzed for the lane segment capacity analysis was 2031 while maintaining the same growth factor of 1.77%. Since TDOT did not specify the directional counts for eastbound and westbound directions on Highway 76 E at Location ID 74000058 from the TCDS portal, the end year volume was halved for each thru direction as an assumption to provide directional traffic volumes. Additionally, the AM and PM peak hour volumes were assumed to be 10% of the directional traffic volumes. From the analysis, it was determined that the road operated at a level of service E for both AM and PM conditions. Lane capacity results are presented in Appendix B.

3.2 AASHTO STOPPING SIGHT DISTANCE ANALYSIS

For the site, an AASHTO stopping sight distance analysis was performed on Highway 76 E since it was determined that potential safety hazards may arise when concerning access road placement. One access point location on a high point was provided on the subject property for the analysis. Highway 76 E was identified as a 55-mph roadway, and the appropriate stopping sight distance obtained from AASHTO Table 3-2 was interpolated to be about 567 feet on a roughly 7% grade. A copy of AASHTO Table 3-2 was provided in Appendix C. From the analysis, an exhibit sheet was drawn to represent these potential sight distance conflicts for the location. These access points are subject to change at a later time. These exhibits are shown in Appendix C.

4.0 CONCLUSIONS

Based on the analysis in this report, the surrounding road network can adequately handle the additional traffic from a development based on the proposed rezone request.

Springfield, TN 37172

Subject: Review of Traffic Impact Study
6753 Highway 76 E Rezone TA Review

Dear Hunter:

Please accept this correspondence as documentation of our review of the referenced Traffic Assessment (TA) prepared by TTL, Inc. on behalf of Mary Lynn Henson & Steve Eidson. This summary provides technical input to assist Robertson County staff in evaluating the proposed development and its potential transportation impacts.

At the County's request, we reviewed the Traffic Assessment prepared for the proposed parcel rezone at 6753 Highway 76, located in the eastern portion of Robertson County. The review evaluated the assessment's methodologies, evaluation assumptions, capacity & operational analysis, and conclusions to determine consistency with accepted traffic engineering practice, applicable local requirements, and relevant state guidance. The study established the existing conditions (2026) and full buildout conditions (2031) along Highway 76 within the vicinity of the project site.

The proposed project consists of two (2) single-family residential homes on an existing 6.7-acre tract along Highway 76. The parcel is currently zoned AG-2 (Agricultural/Residential District) and is proposed to be rezoned to RP-80 (Rural Preservation District). This review does not evaluate the applicability of the county's zoning policy; it acknowledges the zoning reclassification only as documented in the referenced traffic assessment.

The TA referenced TDOT count station 74000058 on Highway 76 to establish an annual traffic growth rate. An annual growth rate of 1.77% was used to forecast future year volumes. Furthermore, the study used the raw count data from 2023 at the referenced count station as the current bi-directional traffic volumes for the study segment.

Trip generation was estimated using the Institute of Transportation Engineers (ITE) *Trip Generation Manual, 11th Edition*. The projected trip volumes are consistent with expectations for a two-lot single-family residential development. The study estimates the development will generate: 1 trip during the AM peak (0 entering, 1 exiting), 2 trips during the PM peak (1 entering, 1 exiting), and 22 daily trips.

The TA documents that traffic capacity analysis was conducted with the methodologies presented in the Highway Capacity Manual (HCM), 6th Edition, while using the Highway Capacity Software (HCS7), version 7.3.

NEEL-SCHAFFER
engineers | planners | surveyors | environmental scientists | landscape architects
P: 615.217.0500 | F: 615.383.9984
201 East Main Street, Suite 325
Murfreesboro, TN 37130
www.neel-schaffer.com

The study evaluated Level of Service (LOS) under future buildout (2031) conditions. The analysis indicates that Highway 76 is projected to operate at LOS "E" during the AM and PM peak periods under future traffic volumes.

The Traffic Assessment concludes: "Based on the analysis in this report, the surrounding road network can adequately handle the additional traffic from a development based on the proposed rezone request."

Final Remarks and Recommendations

We offer the following comments and recommendations for consideration by Robertson County officials. These remarks are provided as independent technical input based on engineering judgment and professional experience.

The review confirms that preparation of a limited-scope Traffic Assessment is appropriate based on the applicability thresholds established in Robertson County's Ordinance, Section 3012 – Traffic Studies and Assessments. The proposed development meets the following applicable criteria:

- The site exceeds the minimum lot size threshold of five (5) acres.

It should be noted that the proposed residential development does not meet the thresholds that would require a full Traffic Impact Study (TIS).

The review concluded that the assessment data and supporting information are consistent with what is typically expected for a Traffic Assessment, as defined by the Robertson County ordinance.

General Site Description

The Traffic Assessment (TA) provides the necessary information to clearly establish the project location and define the study area limits.

Trip Generation

The TA utilized the *ITE Trip Generation Manual, 11th Edition*. It is noted that the 12th Edition has recently been released. However, given the minimal trip generation associated with this two-lot residential development, the review does not find it necessary to update the analysis to the 12th Edition for purposes of this report. Due to the very low traffic volumes expected to be generated by the development, the project is not anticipated to affect overall roadway performance.

Roadway Conditions and Access Potential

Since publication of the Highway Capacity Manual (HCM) 6th Edition, the 7th Edition has been released and is now considered current practice. This review takes exception to the use of the 6th Edition methodology, as differences between the 6th and 7th Editions can result in meaningful variations in calculated performance measures and Level of Service (LOS) outcomes.

A side-by-side comparison of the Traffic Assessment's (TA) two-lane highway LOS analysis with results generated using current HCM 7th Edition software and tools suggests that the reported "LOS E" may not accurately reflect actual operating conditions within the study area. Based on updated methodologies and performance measures, the roadway appears to operate closer to a "LOS B" condition under development full build-out traffic volumes.

TA performed a stopping sight distance (SSD) evaluation in accordance with current design standards, referencing the American Association of State Highway and Transportation Officials (AASHTO) *A Policy on Geometric Design of Highways and Streets* (The Green Book) for criteria and technical guidance. The assumptions, calculations, and variables applied in the analysis are appropriate for establishing baseline stopping sight distance requirements for vehicles traveling along Highway 76 as they approach the proposed driveway locations. Consideration was given to the vertical alignment of the roadway, specifically the crest vertical curve (cresting hill) adjacent to the project site, which may partially restrict available sight distance. The methodology provides a reasonable planning-level determination of minimum sight distance requirements under existing geometric conditions.

In summary, the review finds the Traffic Assessment to be adequate for the proposed project and the expected level of traffic impact associated with the residential development. Based on the scope and findings presented, there does not appear to be a need to revise or redo the assessment at this time

Thank you for allowing us the opportunity to assist the County with this review. We are happy to answer any questions or provide clarification as needed. Please contact us if additional information is needed.

Sincerely,
NEEL-SCHAFFER, INC.

Jacob Carson, P.E., PTOE, RSP1
Engineer II

Robertson County Planning and Zoning
Agenda Review Sheet
Amanda Harrington, AICP, Planning Advisor
Planning Commission Meeting
March 26, 2026

Applicant: Mary Henson
Surveyor: Todd Bollinger

Request: Rezone **3.69 surveyed *acres*** of the 6.65 acres Tax Map 093, Parcel 261.00 from AG-2 to RP-80

Figure 1: TN Property Viewer: Tax Map 093, Parcel 261.00 In its entirety is highlighted

Property Information:

- Tax Map 093, Parcel 261.00
- 6753 Hwy 76E., Springfield
- Total lot acreage: 5.94 surveyed acres (258,746.40 sq. ft.)
- **Rezone Request: 5.94 surveyed acres (258,746.40 sq. ft.)**

Project Narrative:
RP-80 Minimum Requirements
Minimum Lot Size: 80,000 sq. ft.
Front: 60'
Side: 25'
Rear: 35'
Min. Lot Width @ Front Bldg. Setback Line: 150'
Min Road Frontage: 50'
Maximum Height: 35'
Max Bldg. Coverage: 30%.

Zoning: The applicant seeks to rezone 5.94 surveyed acres to facilitate property division. The property is surrounded by AG-2. Several nearby lots are non-conforming and would now be zoned R-40. The request to rezone RP-80 appears dimensionally suitable. Please see Exhibit 1 for excerpts from the Robertson County zoning map and the Robertson County Growth Plan.

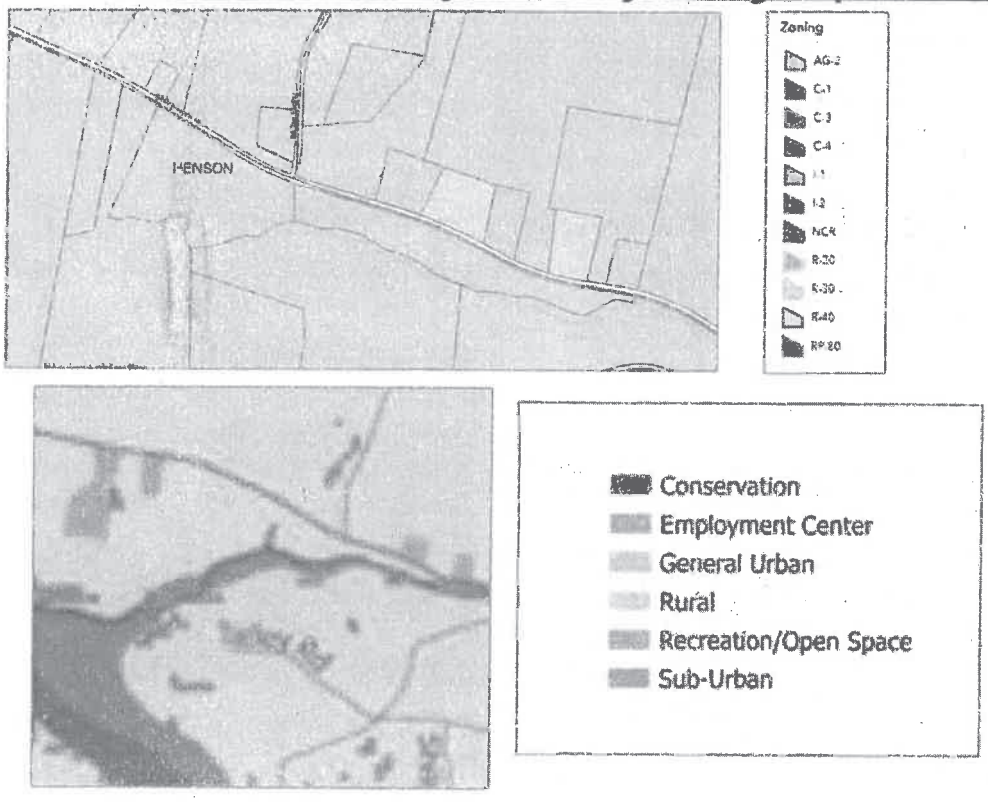

Comprehensive Plan: This area is intended to stay rural. The aim of the Rural Character Area is to preserve farming and rural land uses that shape the County's heritage and scenery. These zones are designed to protect agricultural activities, open spaces, and low-density development. Although farming remains the main focus, rural areas near cities, towns, or villages might gradually shift toward rural residential uses, as long as development remains low-density and aligns with surrounding agricultural operations.

The majority of the County shall remain designated as Rural throughout the planning horizon of this land use plan, reflecting a commitment to long-term farmland preservation and responsible growth management. Appropriate uses within Rural areas include agriculture, forestry, open space conservation, farmsteads and homesteads associated with agricultural activity, and agriculture-related service businesses. Limited low-density residential development may occur where it supports, and does not conflict with, the area's continued rural and agrarian character.

Traffic Assessment: The applicant conducted a Traffic Assessment, which was reviewed by Neel-Schaffer, the County's traffic engineer. Neel-Schaffer's full report was submitted separately (March 4, 2026, N-S Project No. 20505.001.003); an excerpt from their report is provided here for the reader's convenience and should not replace reviewing the full report for decision-making: *"In summary, the review finds the Traffic Assessment to be adequate for the proposed project and the expected level of traffic impact associated with the residential development. Based on the scope and findings presented, there does not appear to be a need to revise or redo the assessment at this time."*

Recommendation: Staff respectfully recommends approving the parcel's rezoning to RP-80, finding it meets the minimum bulk requirements of the RP-80 zone and aligns with the goals of the Comprehensive Plan. **** END COMMENTS ****

RESOLUTION TO DECLARE SURPLUS PROPERTY

WHEREAS, Robertson County, Tennessee, through its Board of Education Technology Department is the owner of certain equipment as set forth in the attached list such items being laptop computers; and

WHEREAS, the use of this equipment is no longer necessary by the Robertson County Board of Education Technology Department, and the School Board approved these items to be declared as surplus at their April 13, 2026 meeting; and

It is requested that the Robertson County Commission declare this property surplus as provided by Tennessee Code Annotated and authorize the disbursement of said items; and

NOW, THEREFORE, BE IT RESOLVED by the Robertson County Commission, meeting in regular session this the 20th day of April, 2026, that the items above described, previously used by the Robertson County Board of Education Technology Department, are declared to be surplus property, and the County Mayor and/or the Director of Schools is hereby authorized to distribute such items as they deem appropriate and as set forth herein.

Passed this the 20th day of April, 2026, to be effective on the date of its passage, the public welfare requiring it.

RESOLUTION NO. 042026039

A RESOLUTION TO ALLOW STAFF OF THE ROBERTSON COUNTY ECONOMIC DEVELOPMENT BOARD TO PARTICIPATE IN COUNTY EMPLOYEE BENEFITS

WHEREAS, there has previously been established by Robertson County, Tennessee ("the County") several years ago the "Industrial Development Board of the County of Robertson" and such Board operates, d/b/a the "Robertson County Economic Development Board – RCEDB" (referred to herein as "the Board"); and

WHEREAS, effective March 1, 2018 the Board established a position of Chief Economic Development Officer; and

WHEREAS, by prior Resolution No. 082018088, passed by this body on September 18, 2018, the County provided that such employee who works a minimum of 30 hours per week so as to qualify under the County health insurance plan, and it was approved that said Chief Economic Development Officer (CEDO) of the Board would be allowed to be covered under the County health insurance plan; and

WHEREAS, the Board previously advised that it desired to employ a new person, by title being the "Assistant Director for Economic & Tourism" of the Board and the Board desired that such person in this position be also approved to be on the County health insurance plan, and such person was approved for participation in the County health insurance plan by Resolution No. 022822019 dated February 28, 2022; and

WHEREAS, it is currently proposed that the Chief Economic Development Officer of the Robertson County Economic Development Board, the Assistant Director for Economic and Tourism for the Board, and all employees of the Board that regularly work 30 hours per week for the Board (all such persons referred to as "the STAFF") are hereby authorized to participate in the full range of benefits offered to other County employees ("the programs and/or benefits"), included but not limited to the County's self-insured health insurance plan, the County health clinic, and any other voluntary benefits programs offered by the County; and

WHEREAS, these benefits are available to those persons that perform in substantial manner in the future the responsibilities of the Chief Economic Development Office, and the Assistant Director for Economic and Tourism, regardless of how those respective job titles may change without further amendment to this Resolution; and

WHEREAS, all premiums, fees, contributions, and any other costs associated with the RCEDB Staff participation in County benefits shall be paid by the Robertson County Economic Development Board and no costs of any type shall be borne by Robertson County or its operating budget; and

WHEREAS, to the extent any authorization is required by the County, the County authorizes the RCEDB to establish participation for its employees in the Tennessee Consolidated Retirement System ("TCRS"), subject to compliance with all TCRS requirements and necessary approvals from the State and TCRA; and

NOW, THEREFORE BE IT RESOLVED that the Robertson County Commission, meeting in regular session on the 20th day of April, 2026, that the County does hereby approve that the RCEDB "STAFF" be allowed to participate in all County employee benefit plans as set forth herein and pursuant to those conditions and requirements as also set forth herein.

WHEREAS, all Resolutions that are in direct conflict with this Resolution are so amended as provided for herein, and this Resolution will take effect from the date of its passage.

Duly passed and approved this the 20th day of April, 2026.
